

Status of the Proposed Regulation for SEP

- Proposed by Commission
- Approved by Parliament in first reading (with amendments)
- Currently before the Council

Proposal for a REGULATION [...] on standard essential patents

Brussels, 27.4.2023
COM(2023) 232 final
2023/0133 (COD)

“...the initiative seeks to: (i) make available detailed information on SEPs and existing FRAND terms and conditions to facilitate licensing negotiations; (ii) raise awareness of SEP licensing in the value chain and (iii) provide for an alternative dispute resolution mechanism for setting FRAND terms and conditions.”

Proposed reg, Page 1.

Key Building Blocks:

1. electronic register and database for SEPs
2. process for assessing essentiality
3. process for FRAND determination
4. process for non-binding expert opinion on aggregate royalty
