SOILL & SOILL-Startup: the goals

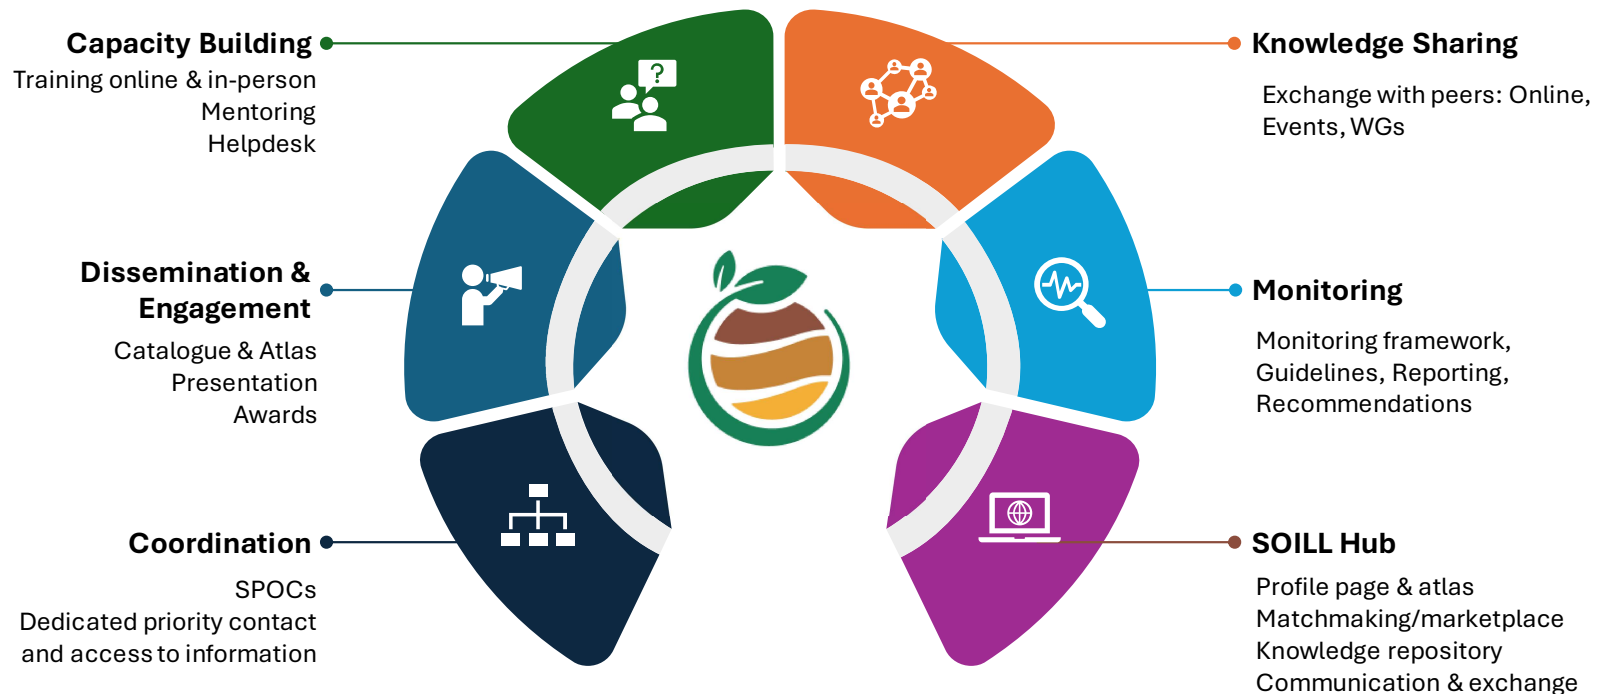

SOILL aims to set up and run an **effective, agile, transdisciplinary, diffuse, open** and **fair** one-stop-shop structure to coordinate, support, enlarge, and promote the network of 100 living lab and lighthouses funded under the Soil Deal Mission and ensure their **co-created user-centred, harmonized, reliable, impactful, replicable,** and **sustainable** lead of the transition towards healthy soils.

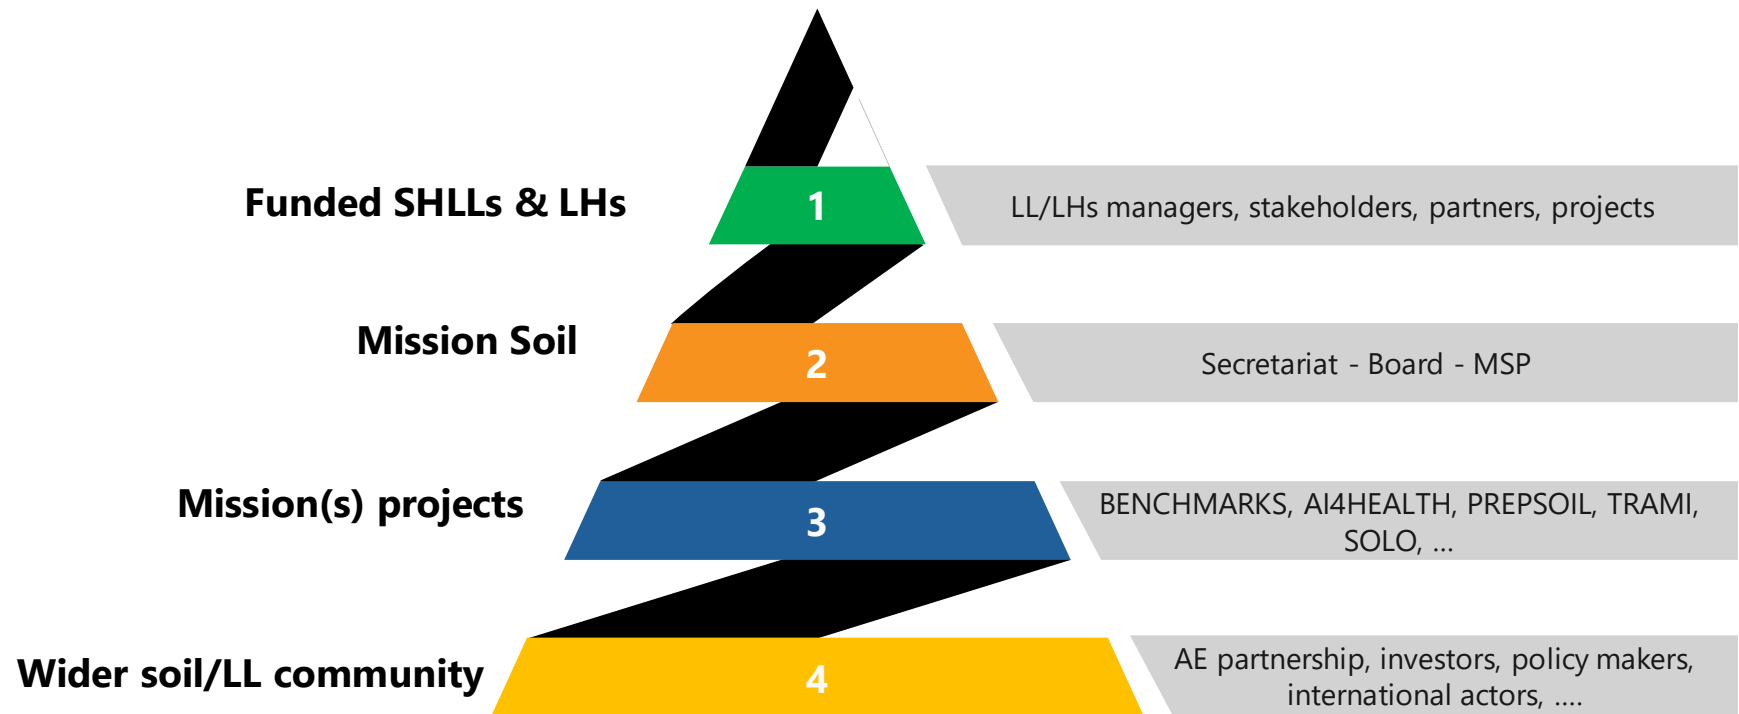

SOILL-Startup aims to co-design and launch the **SOILL one-stop structure** for coordination, support, enlargement, and promotion of the network of 100 SHLLs/LHs in participatory collaboration with the first waves of SHLL/LHs and key stakeholders and initiatives.
