

Join Earthdata in New Orleans ahead of the 2024 American Meteorological Society Annual Meeting

WHAT

Pre-Conference Workshop: “From Earth Science to Action: Enabling MSI’s through NASA Data, Opportunities and Communities”

WHEN

Saturday, January 11, 2025, 9:00AM-12:00PM CDT (Session 1), 1:00PM-5:00PM CDT (Session 2, includes boxed lunch)

WHERE

Xavier University of Louisiana, NCF Academic Science Complex, Bldg 36, Room 105

REGISTRATION

Each session requires separate registration. Deadline is November 29. [Register here](#). More information about the sessions and agendas is available through [Zenodo](#).

EVENT OVERVIEW

This free, in-person workshop aims to connect Earth science data users from Minority Serving Institutions (MSI’s) across the region, as well as users who are traveling to New Orleans to attend the AMS meeting. Participants will explore opportunities for networking, learning, and collaboration. Learn more about the [AMS Annual Meeting](#).

PRESENTERS

Dr. Yaítza Luna Cruz, NASA Program Executive

Cyndi Hall, NASA’s Early Career Research Program

Hannah Townley, NASA’s Earth Science Data Systems Program

Dr. Hazem Mahmoud, NASA’s Atmospheric Science Data Center

Colleen Fava, LA Space Grant Consortium

AMS 2025 Local Organizing Committee
