

Table S1. Coordinates of the sampling sites

Sites	N	E
1	41.2370578	0.52286131
2	41.23003264	0.52787251
3	41.23036527	0.5503194
4	41.22607146	0.54463941
5	41.24626186	0.49311459
6	41.2308812	0.54732928
7	41.22925772	0.5441435
8	41.23009697	0.53918734
9	41.23101606	0.54858596
10	41.23239605	0.55102207
11	41.22930929	0.54628745
12	41.22730264	0.54630236
13	41.22830532	0.54571207

Figure S1. Description of the sampling sites (numbered stars) located nearby the chlor-alkali Factory. The map corresponds to 2014 (within the VOC sampling period) and shows the mass of half-dredged industrial residues and the action of the grab. Numbers refer to the coordinates of Table S1.
