

Fostering the practical implementation of Open Science in Horizon 2020 and beyond

This Open Science project...

- ✓ Develops new **advanced level & high quality** training materials
- ✓ Provides **discipline specific** guidance
- ✓ Strengthens the training capacity by **training the trainers**

The FOSTER portal can be used to...

-  Access free courses
-  Get badges
-  Earn specialisations
-  Attend live events
-  Participate in the community

New online courses

www.fosteropenscience.eu/toolkit

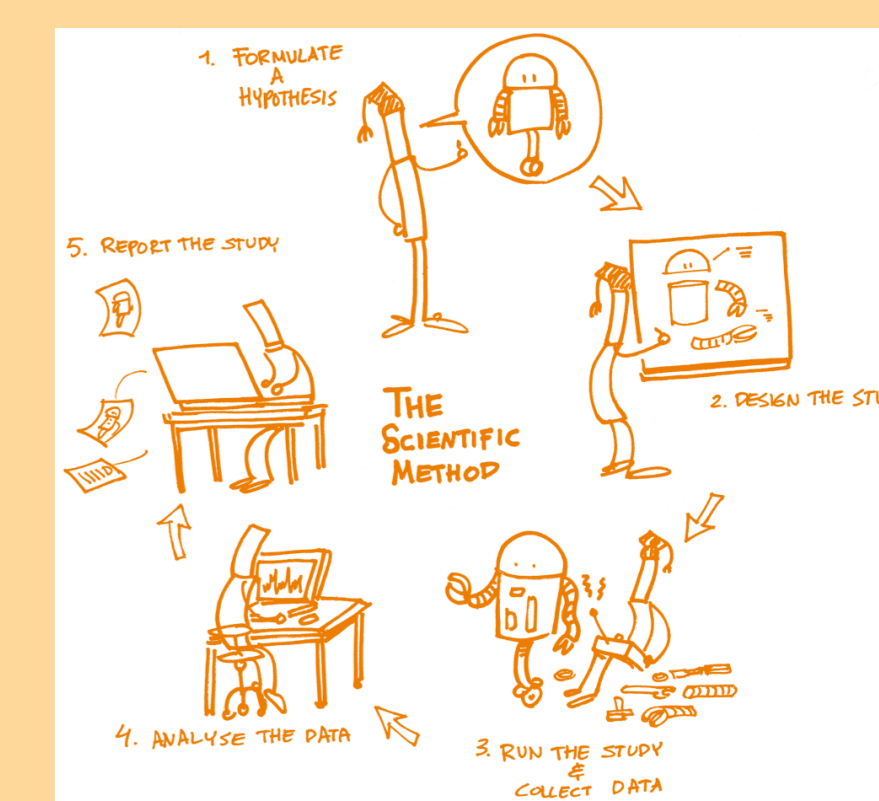

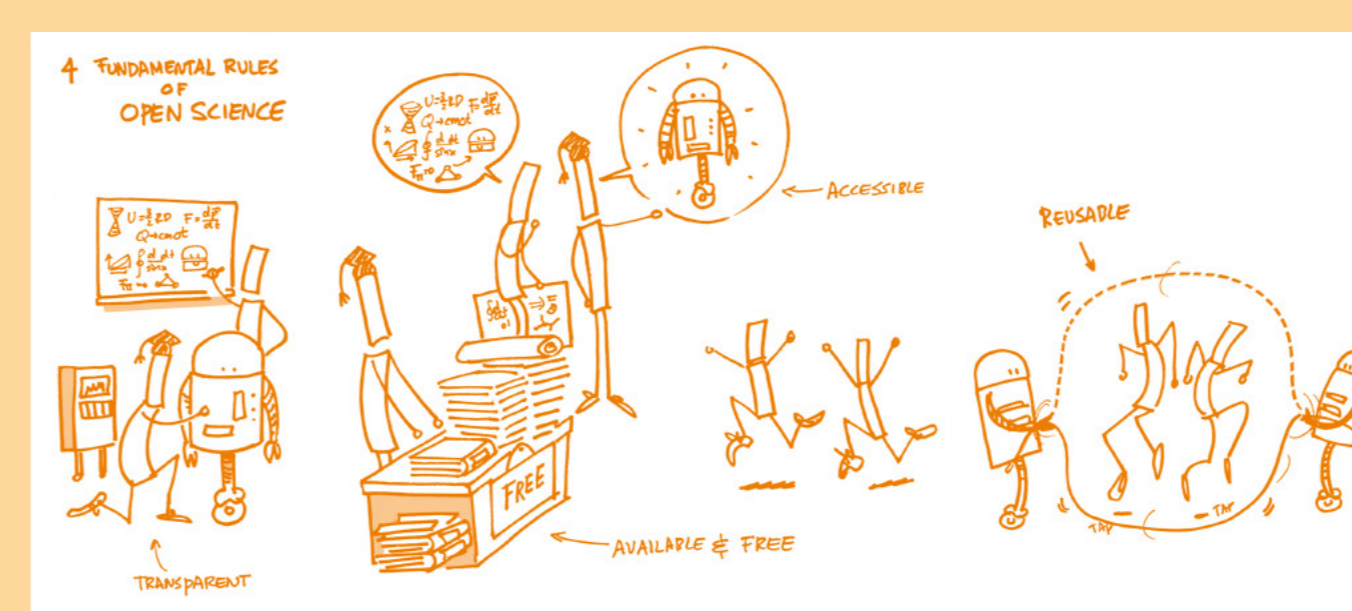

Various learning paths

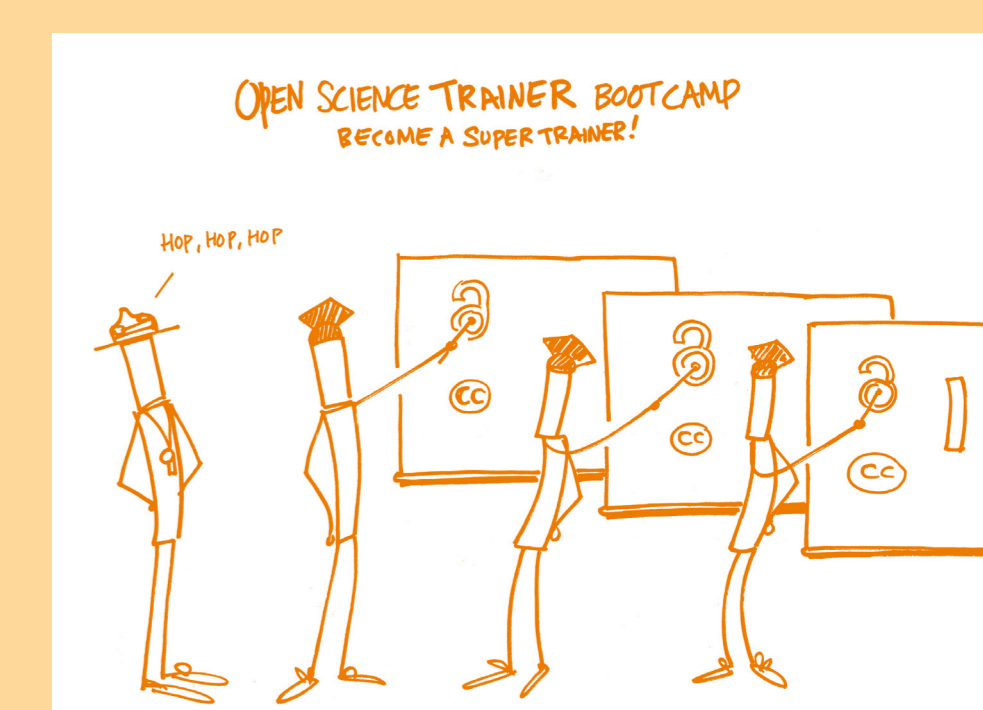

Train the trainers approach

- ✓ **Open Science training handbook**
book.fosteropenscience.eu
 - collaboratively written
 - living & open (CC 0 license)
 - re-usable illustrations

- ✓ **Open Science trainer bootcamp**

- ✓ **Trainers directory & events calendar**

Project partners

Universidade do Minho, PT
 Universität Göttingen (UGOE), DE
 Open University, UK
 Stichting eFL.net, NL
 University of Edinburgh, UK
 University of Glasgow, UK
 Danmarks Tekniske Universitet, DK
 Stichting LIBER, NL
 Consejo Superior de Investigaciones Científicas (CSIC), ES
 Leibniz Institut für Sozialwissenschaften (GESIS), DE
 Centro de Regulación Genómica (CRG), ES

Associated partners: TIB Hannover (Leibniz Information Centre for Science and Technology), DARIAH-EU

Project details

Acronym: FOSTER Plus
 Duration: 01.05.2017 - 01.05.2019
