

## Comparison Questionnaire

**Please put a (√) in the corresponding column.**

The questionnaire is filled only when you have performed the tasks using both the Word template and RUCM tool.

#	Question	Answer			
		Completely agree	Generally agree	Generally disagree	Completely disagree
1	It takes significantly more effort (in terms of time) to learn how to use the RUCM tool than the Word template.				
2	The RUCM tool is significantly easier to apply, to compare with the Word template.				
3	The RUCM tool is significantly more useful in terms of applying the RUCM restrictions, to compare with the Word template.				
4	I will use the RUCM tool in the future for specifying use case models.				
5	I will use the Word template in the future for specifying use case models.				
6	I will recommend the RUCM tool to others in the future.				
7	I will recommend the Word template to others in the future.				
8	I think the RUCM tool can be significantly improved. How?
