Introduction NFDI4Bioimage

NFDI4Bioimage → **N**ationale **F**orschungs**D**aten**I**nfrastruktur für Bioimaging
(national research data infrastructure for bioimaging)

Introduction NFDI4Bioimage

- **Support** the bio-imaging community in RDM topics via our **helpdesk service** or direct contact
- **Guide** data handling, metadata annotations, data upload to community repositories (such as BioImage Archive, Image Data Resources and others)
- **Develop** tools and workflows for the community
- **Connect** to experts in the consortium and beyond

reach us with questions and feedback via
helpdesk@nfdi4bioimage.de or forum.image.sc

Introduction of you

Managing expectations

- From the Lime survey:
 - Diverse field of participants
 - More than half has an RDM concept either personally or on a group level 👍
 - Overwhelming majority wishes to use more RDM
 - More than half are interested in the publication of image data related to their papers/publications

Anything else you want to hear about?
