Trying to make contributions is best described by:

(you can tick multiple answers)

- ☐ The project did not care about our work
- ☐ The project was happy with our results
- ☐ The project was open to external contributors
- ☐ The project was too complex to contribute to in a course like this
- ☐ We only managed to do simple / superficial changes (1 or 2 lines in documentation)
- ☐ We provided meaningful contributions to the project
- ☐ Making a PR helped us interact with senior developers
- ☐ Other:
