

INDEX.

- ABDOMINAL** hysterectomy for cancer, 740
 incision, transverse, 169
 section for retroflexion and fixation of pregnant uterus, 1106
- Abortion**, spurious, 172
- Abscess**, orbital, 92
 subpectoral, 476
- Accessory** nasal sinuses, foreign bodies in, 930
- Accidental** removal of the ear by the forceps, 362
 X-ray burns, study of, 350
- Acetonuria** during pregnancy, parturition, and the puerperal state, 364
- Acne** and syphilis treated by exposures to Röntgen rays, 935
- Acoustics**, physiological reports concerning, 178
- Addison's** disease, treatment of, 920
- Adiposis dolorosa**, 669
 autopsy in a case of, 994
- Adrenal**, ectopia of, 286
- Adrenalin** glycosuria and other forms of glycosuria due to the action of reducing substances and other poisons on the cells of the pancreas, 634
 in genito-urinary diseases, 1094
- Adrenals**, transplantation of, 736
- Air** as a hemostatic, 360
 embolism during labor, 363
 entrance of, into veins, 461, 843
- Albuminuria** during labor, 927
 in pregnancy, 927
- Alcohol**, influence of, on metabolism in fever, 643
- Alcoholic** intoxications, influence of, upon certain factors concerned in the phenomena of hemolysis, 1110
- Alcoholism** in children, 917
- Alum**-poisoning, acute, 920
- Amputation** stump, covering of, with the tendo-Achilles, 913
- Anæmia**, pernicious, 262, 669, 674
 splenic, 751
- Anæsthesia**, chloroform and ether, 352
 remarks on, 335
 spinal, 331, 1003
- Anal** fistula, 334
- Anatomy** of the operation of reaching the ethmoid cells through the antrum, 274.
- Angina** cruris and allied conditions, including painful cramps, 167
- Anomalous** position of the common carotid visible in the pharynx, 478
- Anteflexion**, congenital, treatment of, 740
- Antibody** against leech extract, 354
- Antiseptics**, urinary, 168
- Antithyroidin** in exophthalmic goitre, 728
- Anusol** in treatment of hemorrhoids, 1097
- Appendicitis**, difficulties and errors in the diagnosis of, 243
 lung complications in, 913
- Arneill, J. R.**, clinical observations on congenital and acquired transposition of the viscera, 885
- Arterio**, new organic form of, 165
- Arterio-sclerosis** as a cause of metrorrhægia, 739
- Arthritis**, gonorrhœal, 346
 pneumococci, 12
- Ascites** chylosus, 373
 surgical treatment of, 633
- Ashurst, A. P. O.**, perforated gastric ulcer, 629
- Atmokausis** in hæmophilia, 646
- Atoxyl**, a new arsenic preparation for use in skin diseases, 543, 649
- BACTERIA**, growth of, through porcelain filters, 186
 in bile passages of dogs, 937
- Bactericidal** action of Röntgen rays, 163
- Basodow's** disease, 165
- Bence-Jones** albumose, a rapid reaction for, 667
- Benign** cystic epithelioma, 441
- Benzine**-poisoning, 1116

- Benzoyl esters of urine in diabetes mellitus, 636
 Beriberi, causation of, 184
 Bile and saponification, 737
 Bladder, perforation of, 916
 Blood-counts in newborn, 552
 cultures in pneumonia, 728
 examinations in pelvic suppuration, 547
 poisons, 643
 Boeckh, M. H., a case of adiposa dolorosa, 559
 Bossi's method of rapid dilatation of cervix, 364
 Boston, L. N., a rapid reaction for Bence-Jones albumose, 567
 Bothrioccephalus latus, 262
 Botryomycosis in man, 559
 Brain, tumor of, 34
 Breast, cancer of, glands in, 741
 excision of, 603, 611
 ecirrhosis of, 352
 Bright's disease, chronic, and its surgical treatment, 167
 Bromocoll in epilepsy, 166
 Brooke's paste in infectious and inflammatory diseases of the skin, 181
 Bryan, J. H., chronic empyema of the frontal, ethmoidal, and both ethmoidal sinuses, 416
 Bryant, J. D., clinic of, 603
 Bufonin and bufotalin, 736
 Burr, C. W., a case of Jacksonian epilepsy caused by tumor of the brain relieved by operation, 34
 CAESAREAN section, 323
 Camphor in morphine habit, 1096
 Cancer and tuberculosis, clinical association of, 97
 of breast, glands in, 741
 of uterus, 545, 548
 of vagina in procidentia, 359
 Carbon, method for the estimation of, 319
 monoxide poisoning, 920
 Carcinoma, primary, of the urethra in women, 105
 Cardiac disease in pregnancy, 551
 Carter, H. S., hemorrhagic exudative erythema, 295
 Castration for uterine fibroids, 169
 influence of, upon the development of the skeleton, 160
 Cervix, dilatation of, with Rossi's dilator, 1105
 Chalcidic tumors, 931
 Chloroform and ether anaesthesia, 352
 Chorea minor, pathological anatomy of, 937
 Choroid, traumatic rupture of, 432
 Chronic suppurative otitis media, 825
 Cicatricial stenosis of pylorus, 1093
 Cirrhosis of liver, surgical treatment of, 979
 Clinic of Dr. J. D. Bryant, 603
 Clinical association of cancer and tuberculosis, 97
 lecture on goitre, 60
 observations on congenital and acquired transposition of viscera, 885
 Coccidial carcinoma, experimental, 1112
 Coincidence in the appearance of anopheles and of malaria, 184
 Colon bacillus, significance of, in drinking-water, 749
 Colpotomy in pyosalphix, 924
 Conditions influencing hemolysis caused by glucosides, 353
 Congenital absence of the entire œsophagus, 304
 disease of left heart, 921
 Cornea, tuberculosis of, 174
 Creeping larvæ in the human skin, 436
 Crowder, T. R., hyperplastic tuberculosis of the vermiform appendix, 236
 Cumston, C. G., difficulties and errors in the diagnosis of appendix, 243
 Cushing, H., some experimental and clinical observations concerning states of increased intracranial tension, 375
 Cyst of inferior turbinal, 929
 Cystic degeneration of ovary, 547
 fibroma of nasal cavity, 929
 Cystopexy, 361
 Cysts, tubo-ovarian, 358
 DA COSTA, J. C., a clinical lecture on goitre, 60
 Davis, E. P., two conditions simulating ectopic gestation, 563
 Davis, G. G., subpectoral abscess, 476
 Deaf-mutism, pathology of, 554
 Decidua maligna, 1102
 Deformity, functional pathogenesis of, 956, 972
 Delafield, F., treatment of pleurisy with effusion, 939
 Delusions, some observations on, 1051
 Demulcents, action of, 737
 Dercum, F. X., autopsy in a case of adiposa dolorosa, 994

- Dench, E. B., various operative procedures for the relief of chronic suppurative otitis media, 825
- Dercum's disease, 669
- Dermoid ovarian cyst, spontaneous expulsion of, during labor, 656
- Diabetes mellitus, benzoyl esters of uric acid in, 636
histopathology of pancreas in, 375
treatment of, 909
- Diabetogenic leucomaines, 727
- Diarrhoea of infants, etiology of, 1690
- Digitalin, action of, by exocardial application, 919
- Dionin in respiratory affections, 165
- Diphtheria with persistent trismus and opisthotonos, 1066
- Disinfection, intestinal, 163
- Disorders of vision, 932
- Dixon, G. H., Cesarean section, 323
- Dogs, bacteria in bile passages of, 937
- Drinking-water, significance of the colon bacillus in, 749
- Dukes, fourth disease of, 355
- Dystocia following ventrofixation, 172
- E**CZEMA, pathogenesis of, 365
Ectopia of the adrenal, 286
Ectopic gestation, 663
- Edwards, A. R., case of severe, probably pernicious anemia, 669
- Einhorn, M., a further contribution to our knowledge of the histology of the gastric mucosa in pathological conditions of this organ, 571
- Empyema of frontal, ethmoidal, and both sphenoidal sinuses, 416
of maxillary sinus, 368
of sphenoidal sinus, 936
- Endometrium during menstruation, 1103
- Entrance of air into veins, 843
- Enzymes of vegetable origin, 310
- Eosinophilia associated with hydatid disease, 636
in filariasis, 1090
- Epidermoid, case of, from the callosal region, 562
- Epilepsy, bromocoll in, 166
- Epithelioma, benign cystic, 441
- Escherich's pseudotuberculosis, 1006
- Ethmoid cells, enstomy of the operation of reaching, 864
- Euquinine in pediatric practice, 922
- Excision of breast, 663, 611
- Excision of knee, 612
- Exophthalmic goitre, antithyroidin in, 728
- Experimental studies concerning the conduction of sound in the skull, 177
- Extensive outbreak of food intoxication and infection of unique origin, 68
- Eye diseases, suprarenal extract in, 1094
Inflammations of, 771
- Eyelids, gangrene of, 657
- F**ECAL impaction in typhoid fever, 64
Fever, typhoid, in children, 668
- Fibroma, cystic, of nasal cavity, 929
- Fibromata of ovary, 546
- Filariasis, eosinophilia in, 1096
- Fisher, H. M., traumatic Pott's disease followed by spastic paraplegia, 299
- Flatus of semicircular canal, 369
- Fitz, R. H., certain characteristics of osteitis deformans, 814
- Food intoxication, extensive outbreak of, 68
