Category Topics

General

1 / month

Topics that don't need a category, or don't fit into any other existing category.

PIDapalooza2019

3 / month

Discussion topics and practical announcements related to PIDapalooza 2019

PID-related events

3 / month

Category to share any PID-related events that might be of interest to the community e.g. conferences, webinars, workshops and more!

User Stories

10 / month

Site Feedback

1 / month

Discussion about this site, its organization, how it works, and how we can improve it.

We invite you sign up and participate 😊

If you do so during PIDapalooza you can win a ticket
for PIDapalooza 2020!

We'd love to hear your thoughts

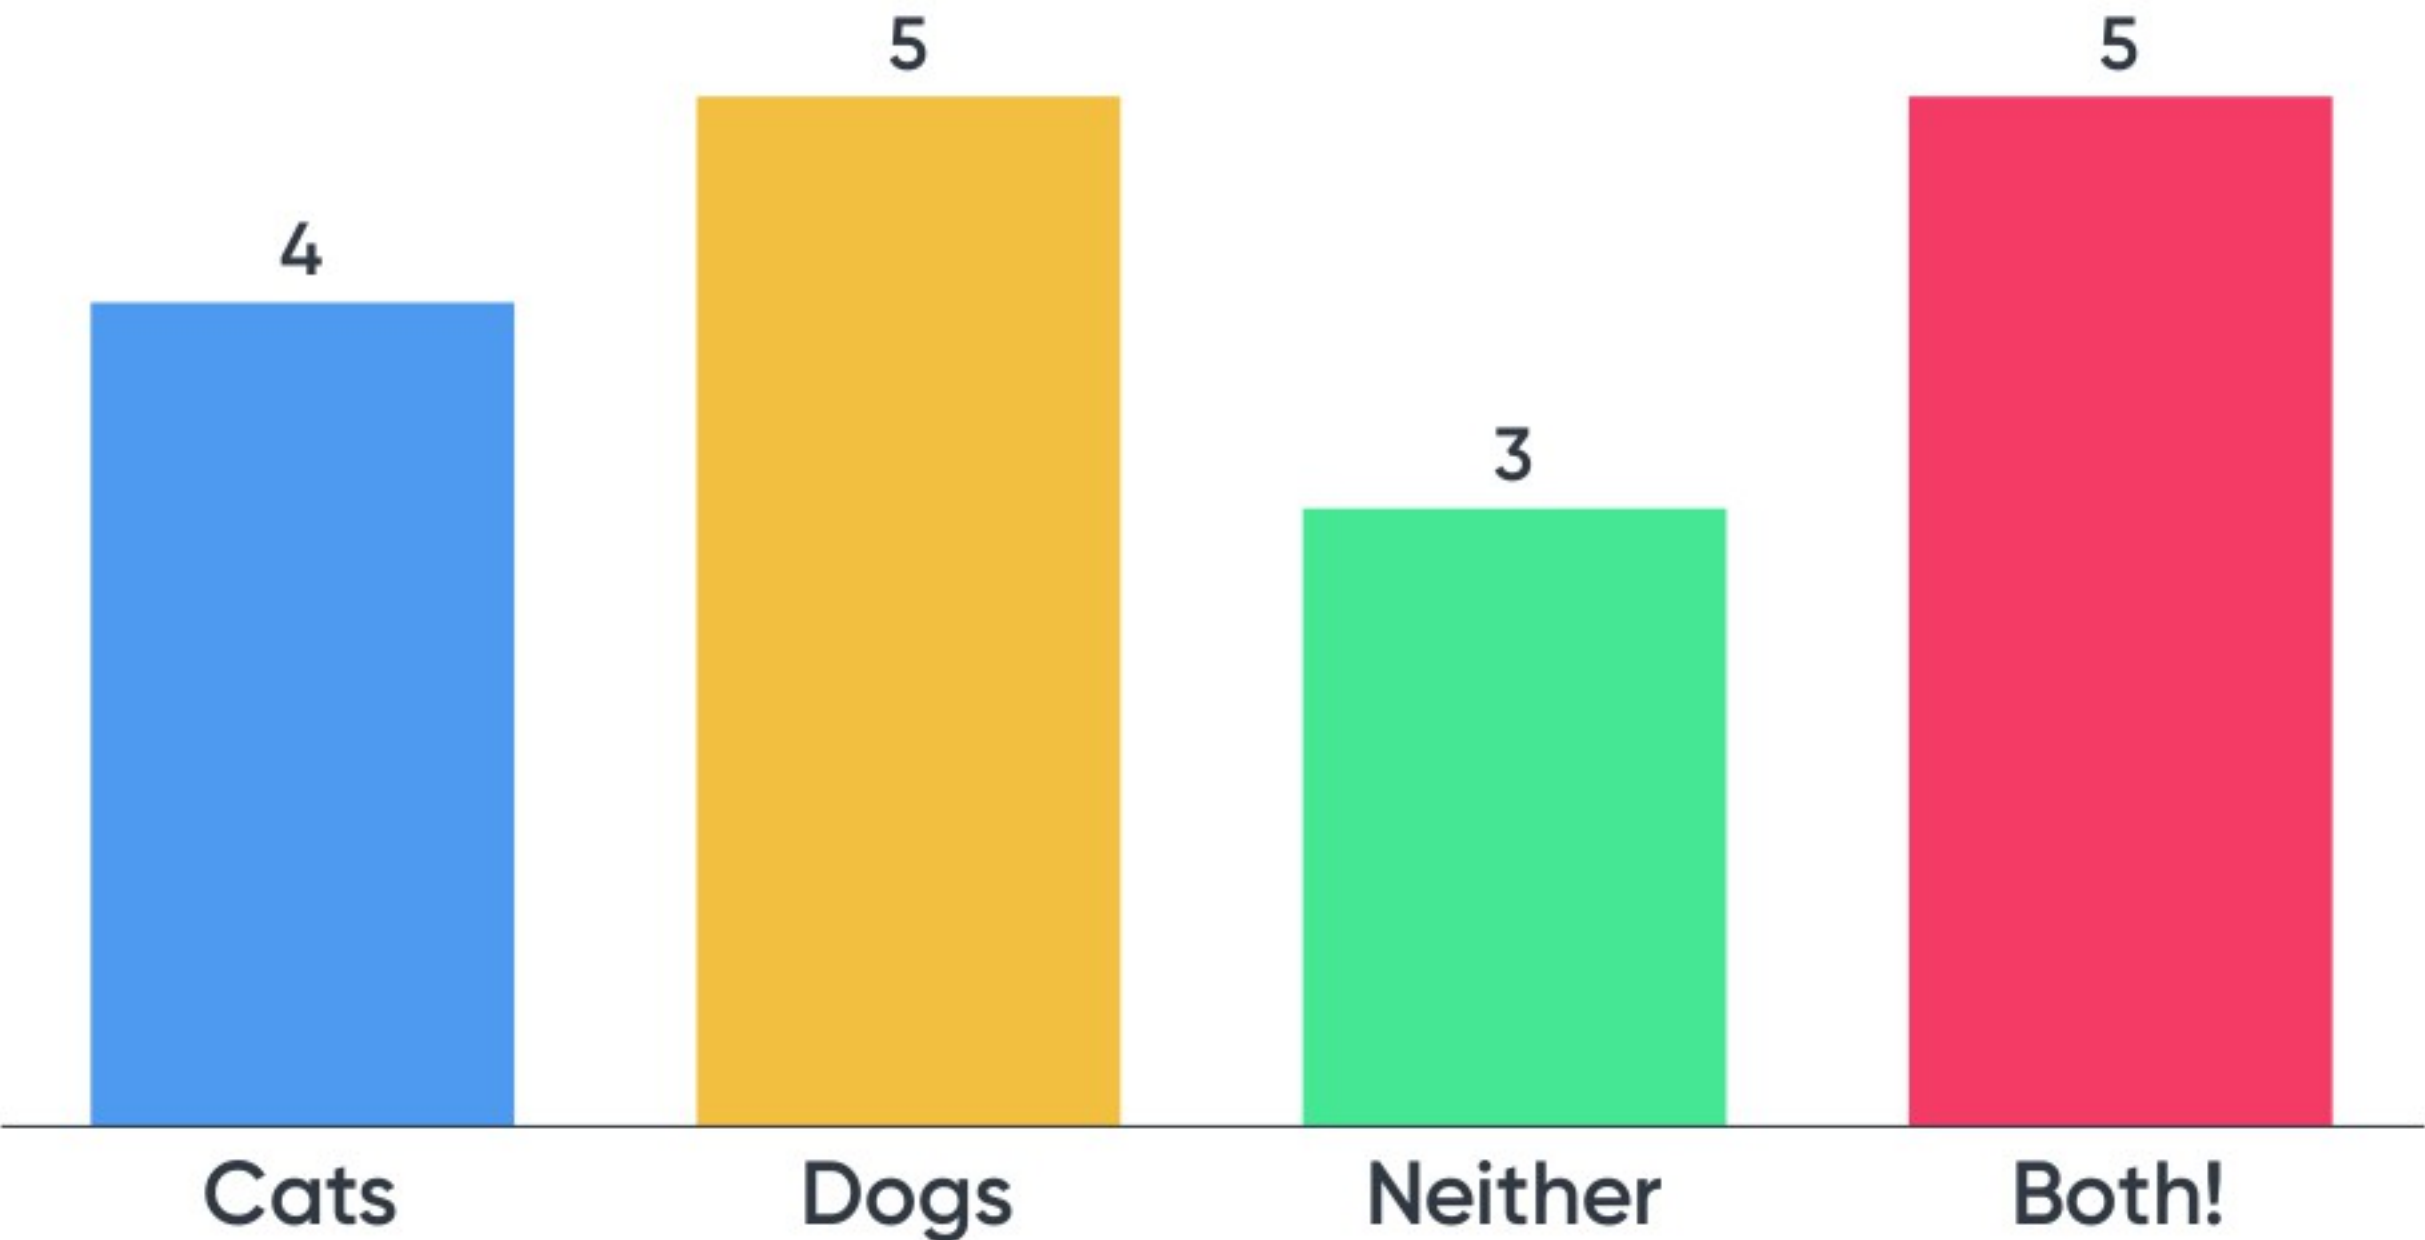

Go to www.menti.com

And use code 77 53 66

OR go directly to:

www.menti.com/ec255675

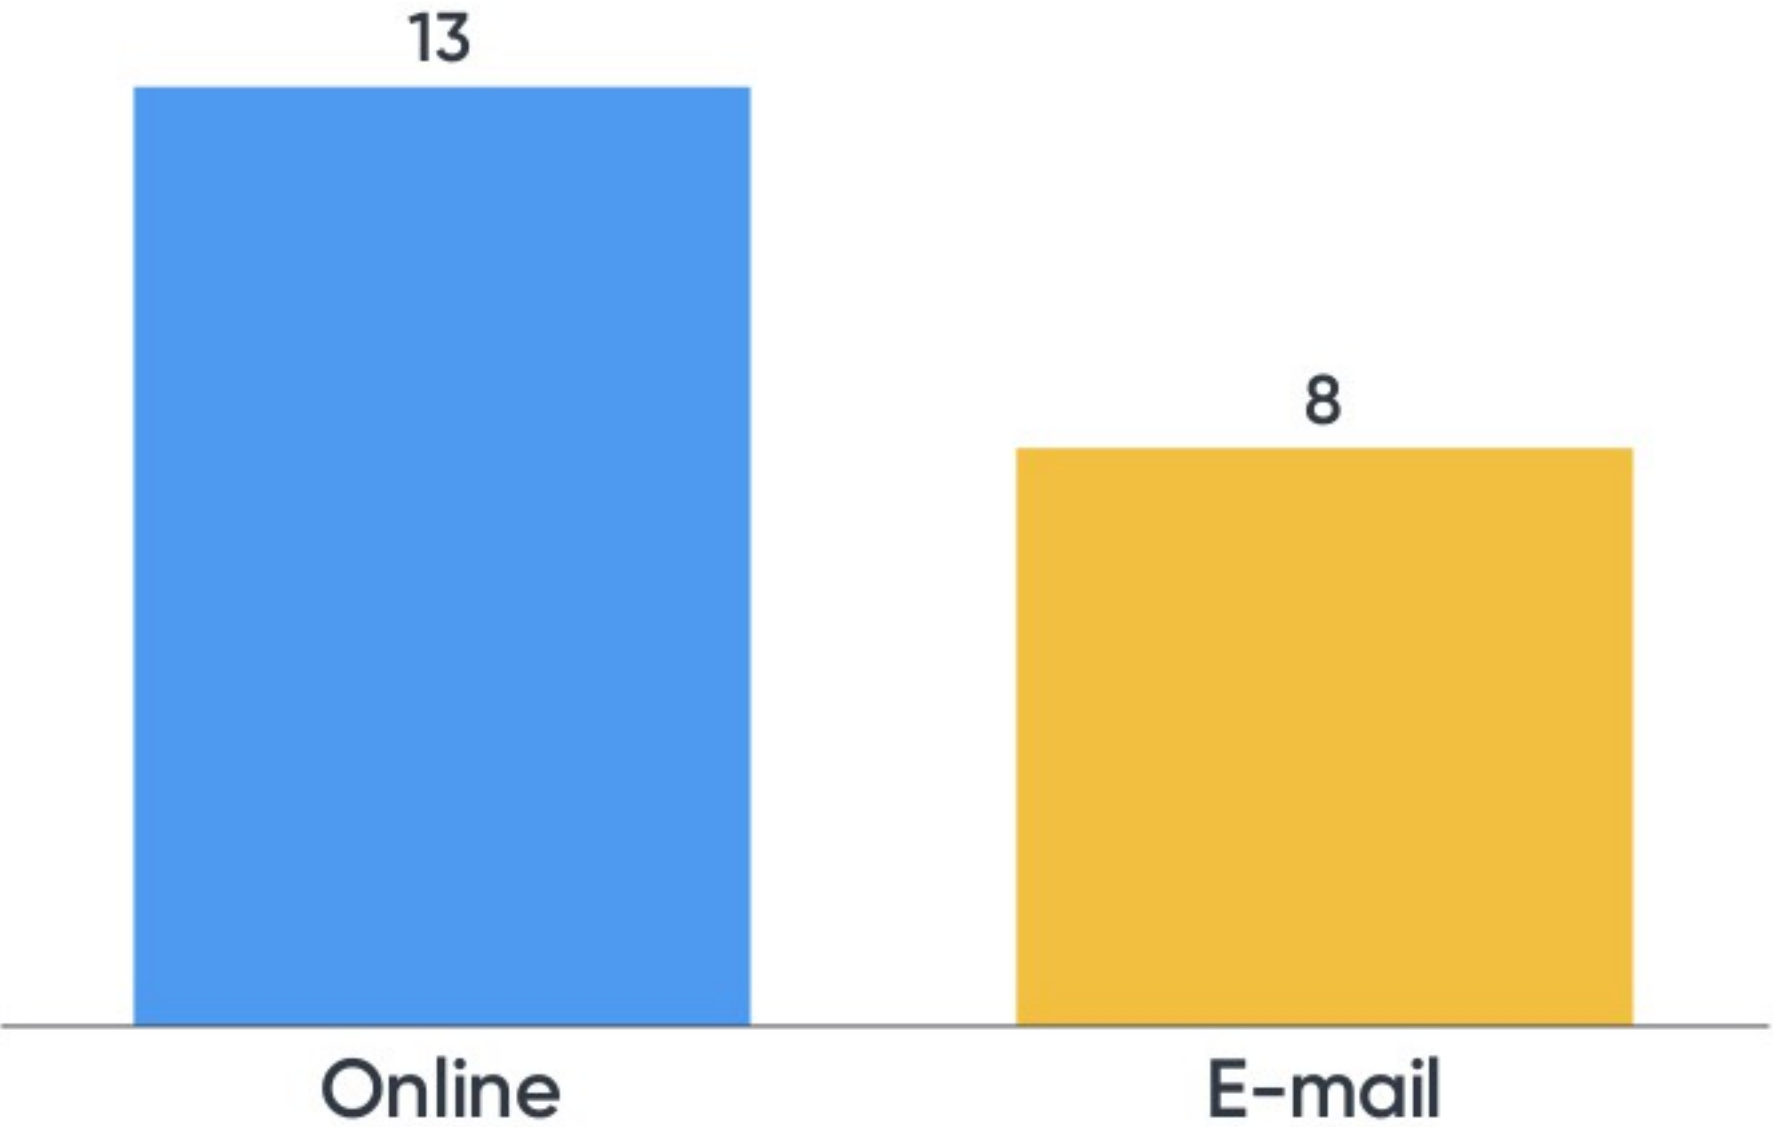

Test questions: cats or dogs?

What is your professional field?

Would you prefer to use the PID forum online or via e-mail?

What kinds of topics would you like to see and share on the forum?

PID metadata

Community self-help

blockers for PID usage

Best practices

Events/webinars to attend

ROR

PIDs for cats

PID related meetings

Use cases

What kinds of topics would you like to see and share on the forum?

PID Metadata

APIs

Datasets

PID Training

Coordinating all the PID systems into a cohesive ecosystem of 'unique' PID families

Further development of existing PID standards and specifications

PID problems

How to start to using PIDs

PID Metadata

What kinds of topics would you like to see and share on the forum?

use cases

Ideal World

Complaints

Pid infrastructure news

PID linking

AMA sessions

PID use cases - what's working, what doesn't work, why? solutions (software , implementations, ideas)

Technical issues and tools, interoperability, long-term access

PIDs for dummies

What kinds of topics would you like to see and share on the forum?

Developing Shared infrastructure for PID systems at a high level.

Funding opportunities

PID training

Collaboration opportunities

User stories

Blue Sky Thinking

PID implementation experiences

Connected systems

metadata schema discussions

What kinds of topics would you like to see and share on the forum?

Co-development

persistence of PID systems

Concrete examples of best practice

Success stories

Find likeminded people to collaborate with

Benchmarks

Share best practice

Shared measurements of success

Opportunities to collaborate

What kinds of topics would you like to see and share on the forum?

Is there a shared mission for research-related PIDs?

open source stuff

Cats or Dogs

Share links to resources for those working with or developing new PIDs

Best case examples

Ability to ask same question of all the PID providers, openly

Crowd sourcing online PID training into a 'PID training clearing house'

Getting buy-in from different stakeholders - when should we take a collective approach versus an organizational one?

share code or link to useful code

What kinds of topics would you like to see and share on the forum?

Researchers

Developers

Tool-makers

Developers

Developers

All communities developing PIDS so that they can be better coordinated and share resources

People building cool stuff

.org IDs Society Publishers

Which communities would you like to see on the forum?

Librarians

Funding agencies

anyone with an interest in PIDs

PID users

Statisticians

Data Producers

physical samples/objects

anyone with an interest in PIDs

Organizational IDs

Which communities would you like to see on the forum?

URN users, such as national libraries

Small organisations who are just finding out about PIDs and need guidance. Those who wish to become ambassadors to their organisations.

Tool-makers

PID providers

Prospective PID users

Infrastructure implementers

As many PID providers as possible as well as PID users/consumers

data scientists

Developers

Which communities would you like to see on the forum?

Researchers?

Orgs that provide training (e.g. the carpentries)

PIDapalooza peeps

The Carpentries

Anyone

Cats 🐱

Society Publishers
