Jepara Teak Outdoor Furniture Indonesia

Republic Furniture Jepara is a leading producer of high quality teak garden Indonesia furniture for distinguished homes, luxury hotels, spas, resorts, local authorities, restaurants and clubs at uncompromisingly competitive prices. We are Indonesian Furniture manufacturer and agent so contact us if you require any item of furniture or perhaps an alternative size to that indicated as available. Our extensive manufacturing capacity enables us to produce from single bespoke pieces to multi-item full container loads to our customer stringent requirements. We produce all made in Jepara **Indonesia furniture** on order so we do not usually keep a large stock of more than a few popular models. We have been essential to use kiln-dried wood before processing. Starting from choosing the materials, processing, constructing, finishing to packaging, we always set up a high standard of controlling to keep the best quality.
