OPEN SCIENCE QUEST

Welcome on board fellow Open Science Voyager.

Discover what makes research more visible, transparent and efficient at your own pace across six information points scattered across the Luxembourg Learning Centre (map on reverse).

To complete the Open Science Quest and get a prize at the end, grab a pencil and complete this sheet. Two challenges (plus an optional task) await you at each information point. Find the answer to each question and uncover each hidden password.

Bring your answers to the librarians at the Welcome Zone (10:00 to 17:00, or contact openscience2018@uni.lu) and claim your prize (while stocks last).
