Bioexcel Workshop

SHARING DATA FROM MOLECULAR SIMULATIONS

AND NOW ?

Sunday 25th November - Tuesday 16th November

HAVE WE REACHED THE GOALS OF THIS WORKSHOP ?

Discuss

(during the session and before/after)

Find best practices

(what are the solutions we already have?)

Highlight issues - find new solutions

(what can we develop in the future?)

Write - disseminate

(gather these pieces of information in a white paper)

#SDMS18 I remember a CECAM meeting with similar intentions back in 2002. Lots of discussions, with follow-up on a mailing list. Then I posted a short message: who is actually willing to implement his proposal? That was the last message on the list.

Sunday 25th November - Tuesday 16th November

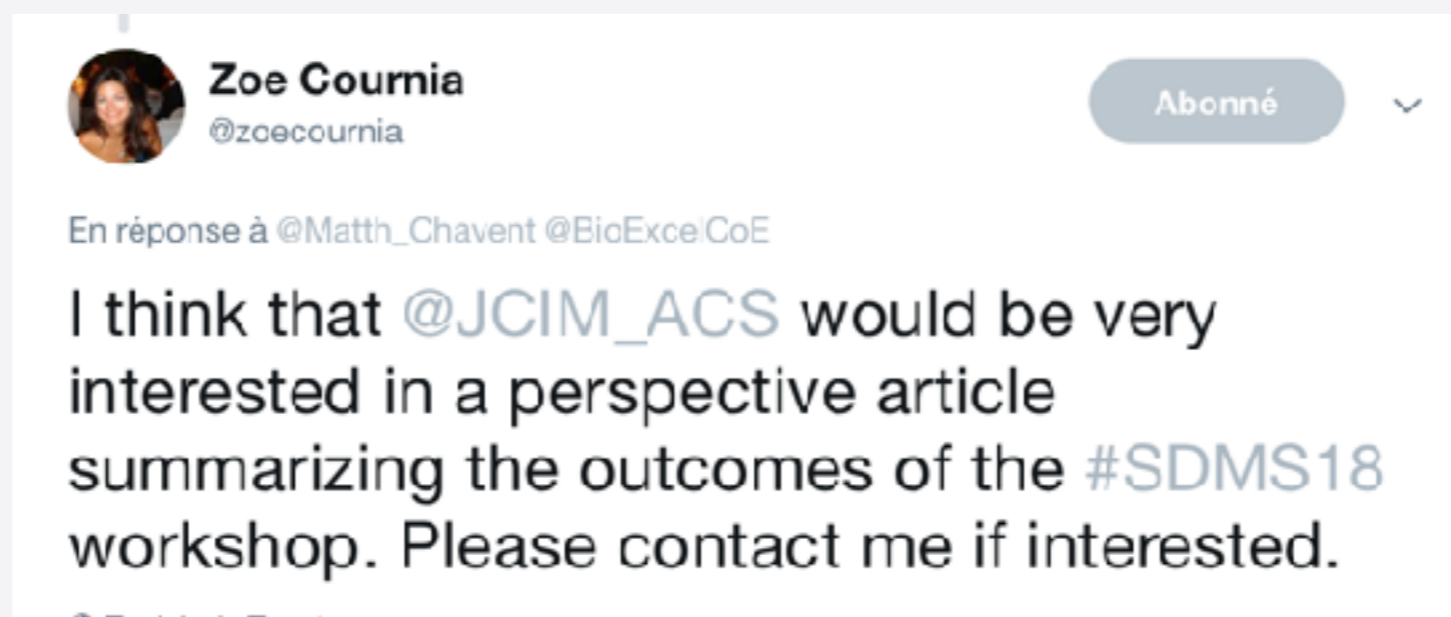

WHAT ARE THE NEXT STEPS ?

1- Finishing the paper and submitting it to ?

WHAT ARE THE NEXT STEPS ?

1- Finishing the paper and submitting it to ?

**Living Journal of Computational
Molecular Science**

WHAT ARE THE NEXT STEPS ?

1- Finishing the paper

WHAT ARE THE NEXT STEPS ?

1- Finishing the paper

gathering data (images, videos, notes)
