ЭЛЕКТРОННАЯ ИНФОРМАЦИЯ

NEICON. National Electronic Information Consortium

www.neicon.ru

- Since 2002. Non-commercial Partnership.
- 1065 members all over Russia. 40% academics, 40% research centers, 20% libraries
- Traditional subscription and licensing, knowledge sharing, teaching, IP rights, electronic publishing, support of Russian journals, AND NOW OPEN ACCESS.
- 20+ projects supported by Ministry of Culture, Ministry of Education and Science, Presidential Fund, Open Society Institute, Ford Foundation, EU ERASMUS PLUS, etc.
- Learning Centers in St. Petersburg and Tomsk, dozens of “free” training.
- Two annual international conferences.
- EIFL Alumnus.
- Member of ICOLC,, National Associations, Library Advisory Boards, contact point of OA2020, member of COAR since 2018

Russian OA landscape 2019 vs 2018

2018. Desert

- No OA Policy.
- No governmental initiatives.
- No governmental support.
- All applications, proposals, concepts, letters, and appeals have been rejected.

2019. First sprouts

- April 2019. Panel Discussion State Duma Committee on Education and Science "Advancement of the system of research publications in the Russian Federation". NEICON proposals on OA have been included in the final list of recommendations to the Government
- May 2019. Public Hearings at the Presidium of the Russian Academy of Science participated by EU. General understanding that changes are inevitable

Full Support of the Society

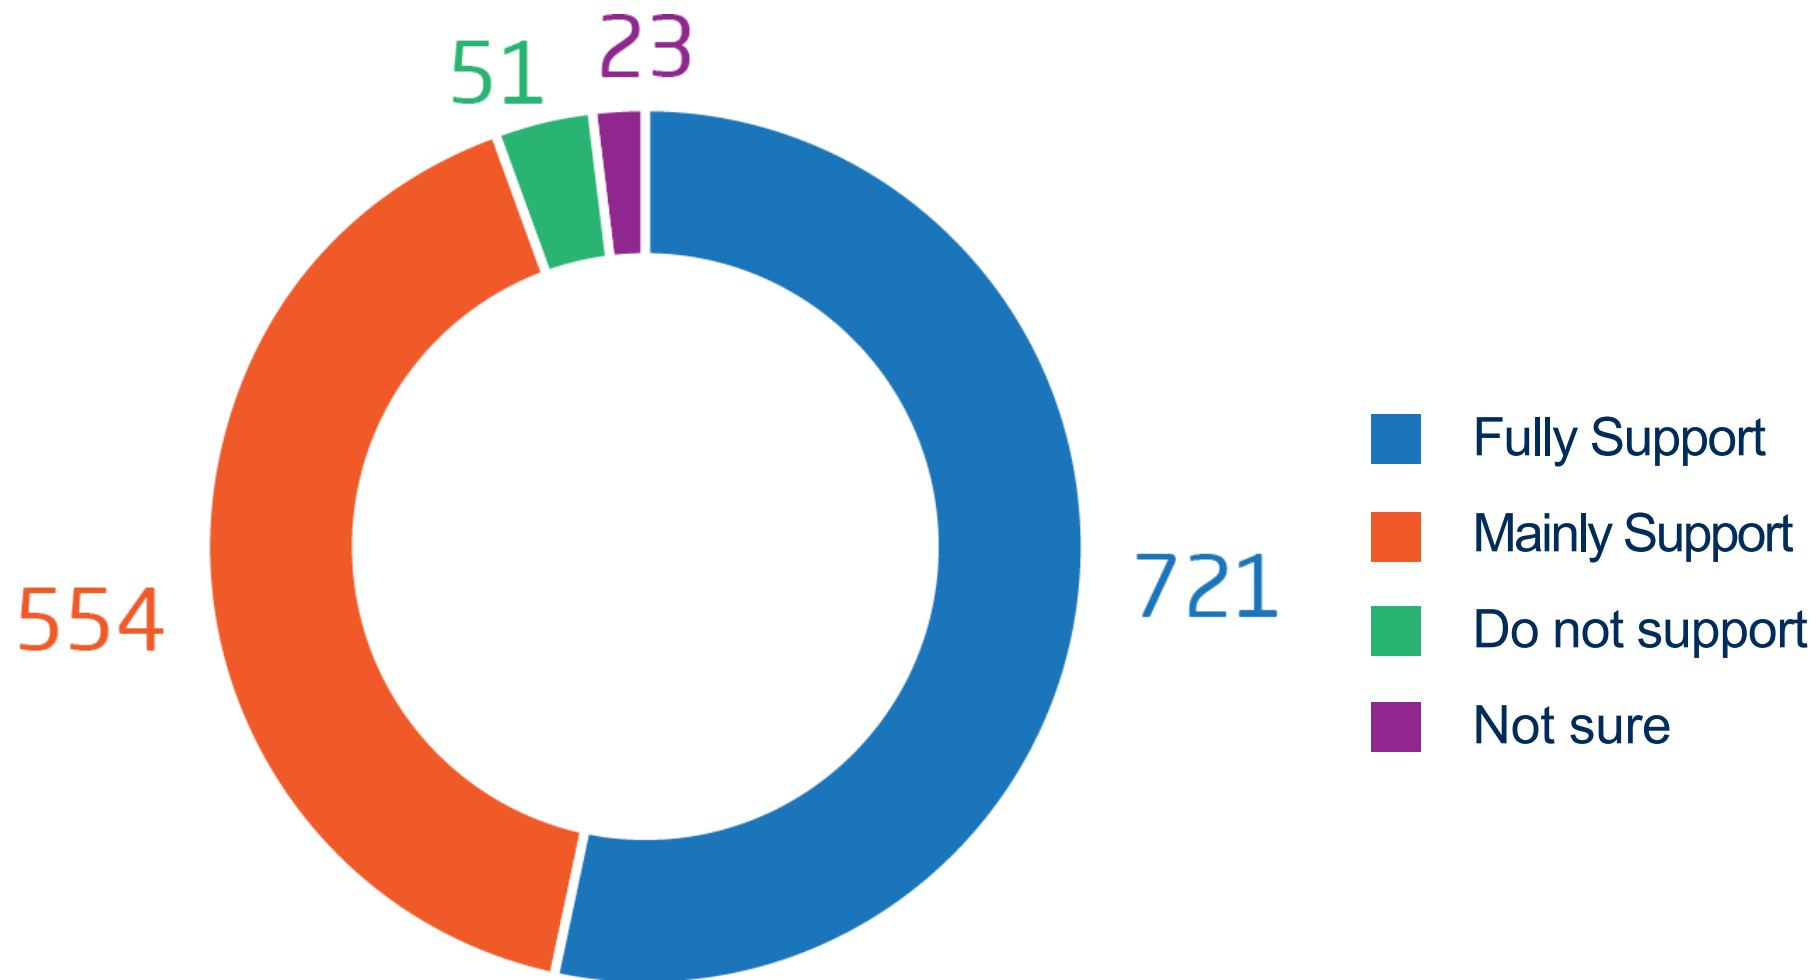

AWARENESS OF OA IN RUSSIA

Your attitude to the Open Access

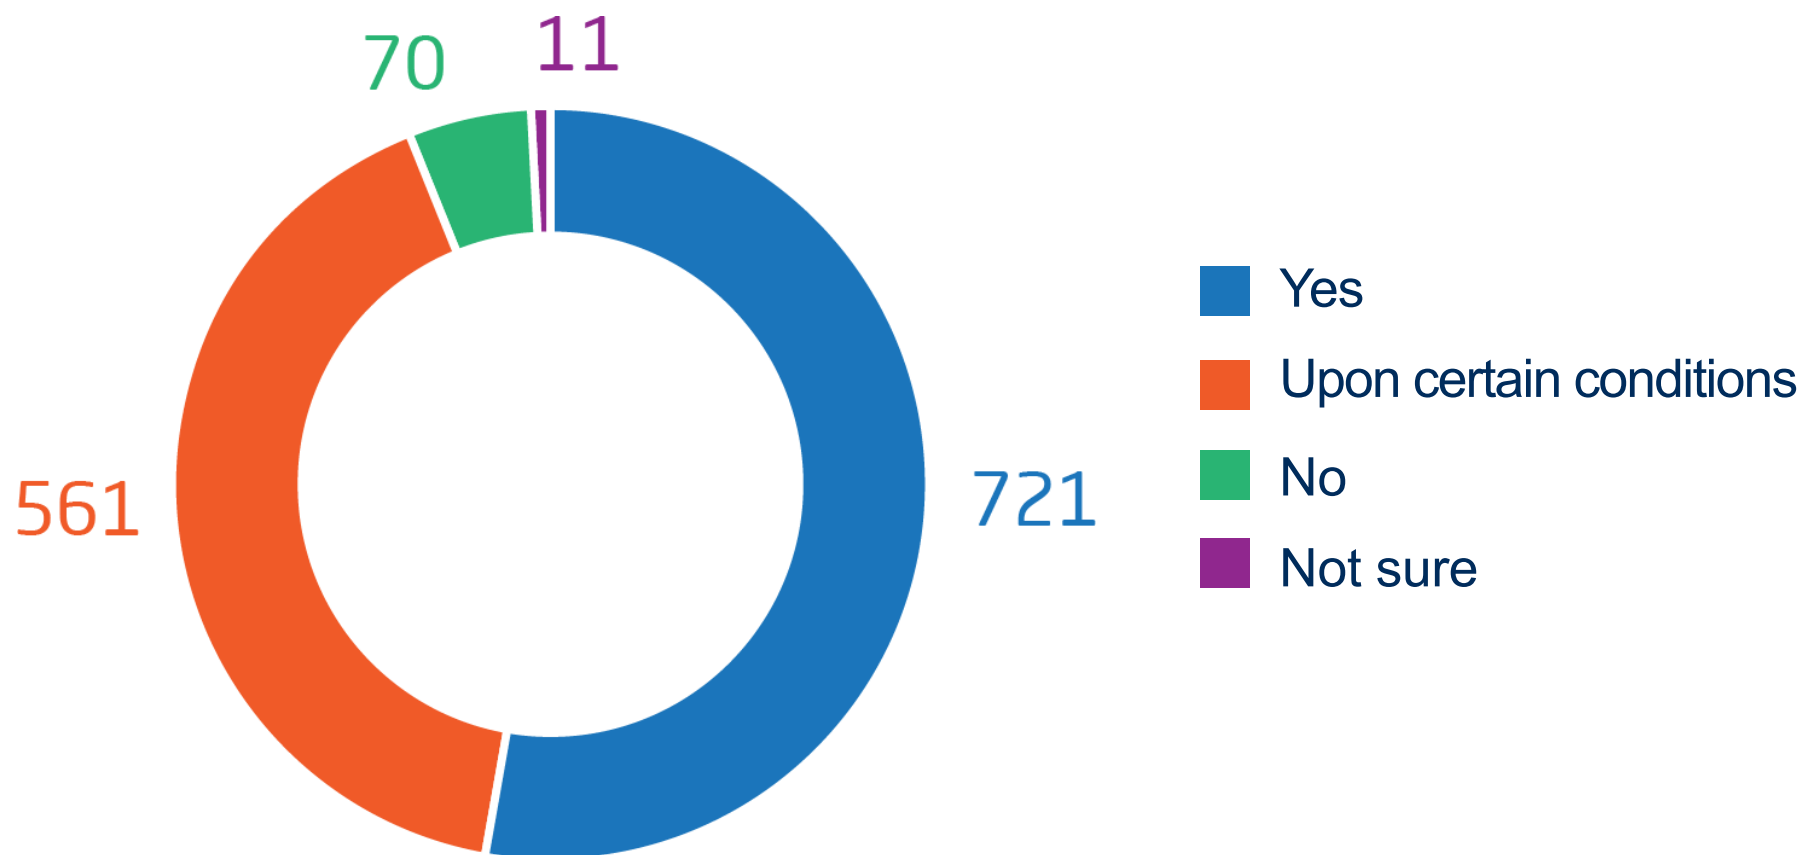

ATTITUDE TO OAR IN RUSSIA

Are you ready to mount your publications in OAR

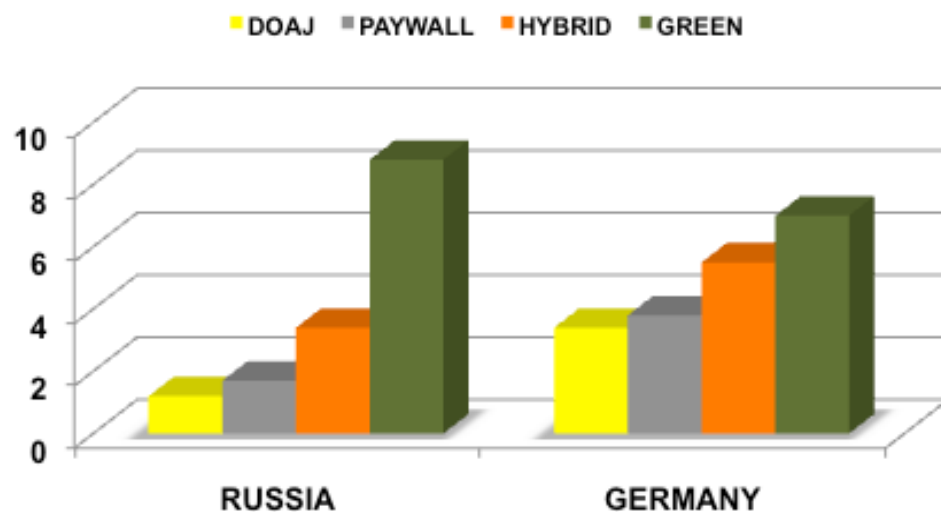

OA FOR RESEARCHERS

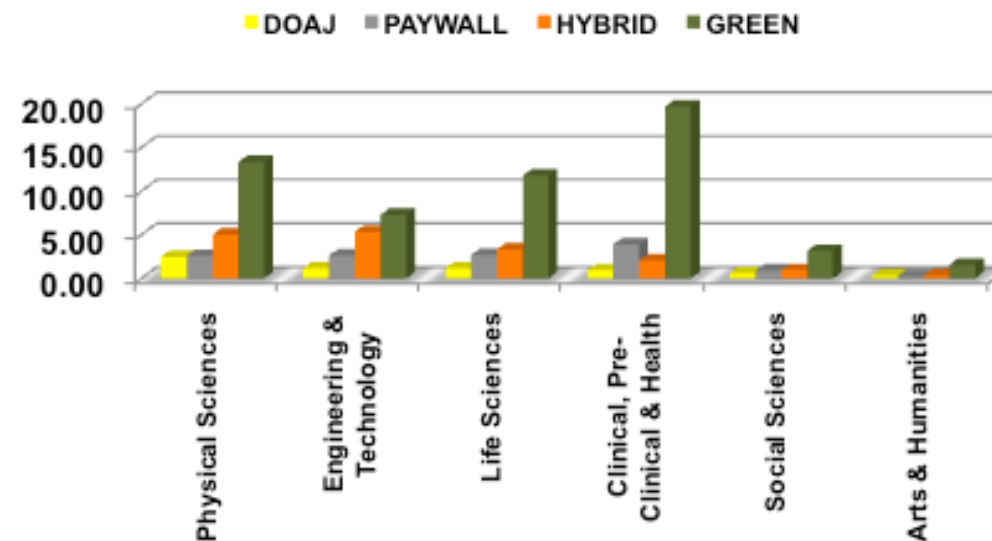

OA is vital for researchers as citation in Green and Hybrid is higher than in DOAJ and Paywall

Citation Impact - "Цитируемость" статей 2017 г. разного типа доступа, Россия и Германия, WoS CC, InCites

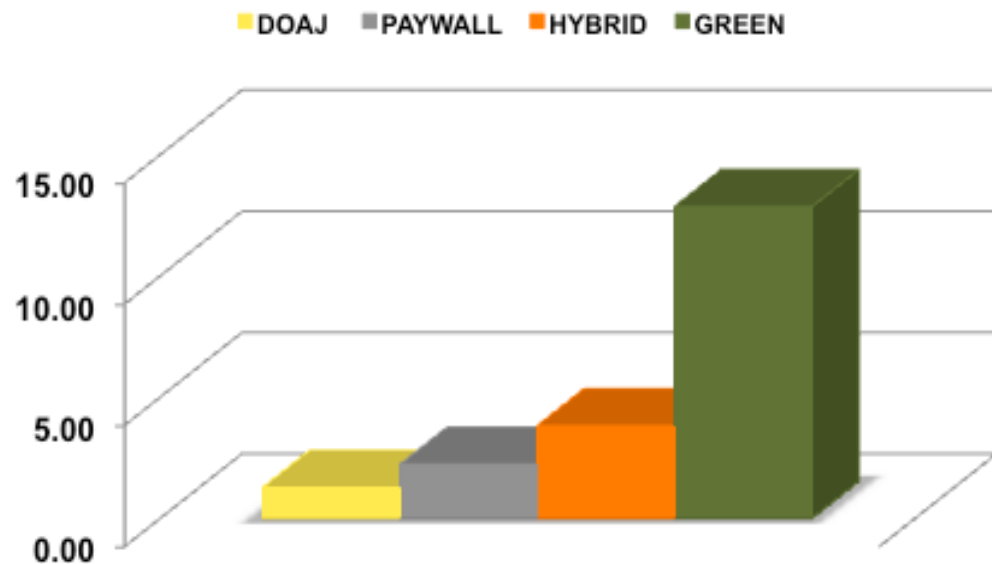

Citation Impact vs Access Models, Russia, 2015-2018, WoS CC, InCites

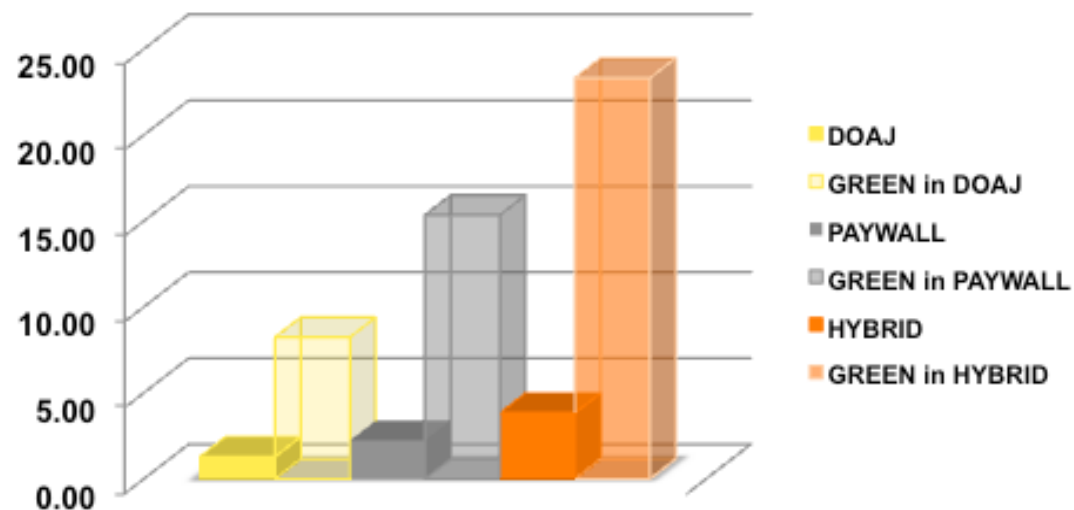

OA REPOSITORY IMPACT.
CITATION OF THE SAME
ARTICLES IS HIGHER IF THEY
ARE AVAILABLE IN OAR

Citation Impact, Russia, 2015-2018, WoS CC, InCites as on April 2019

Repository effect on Citation Impact, 2015-2018, Russian Articles, WoS CC, InCites, citations/article

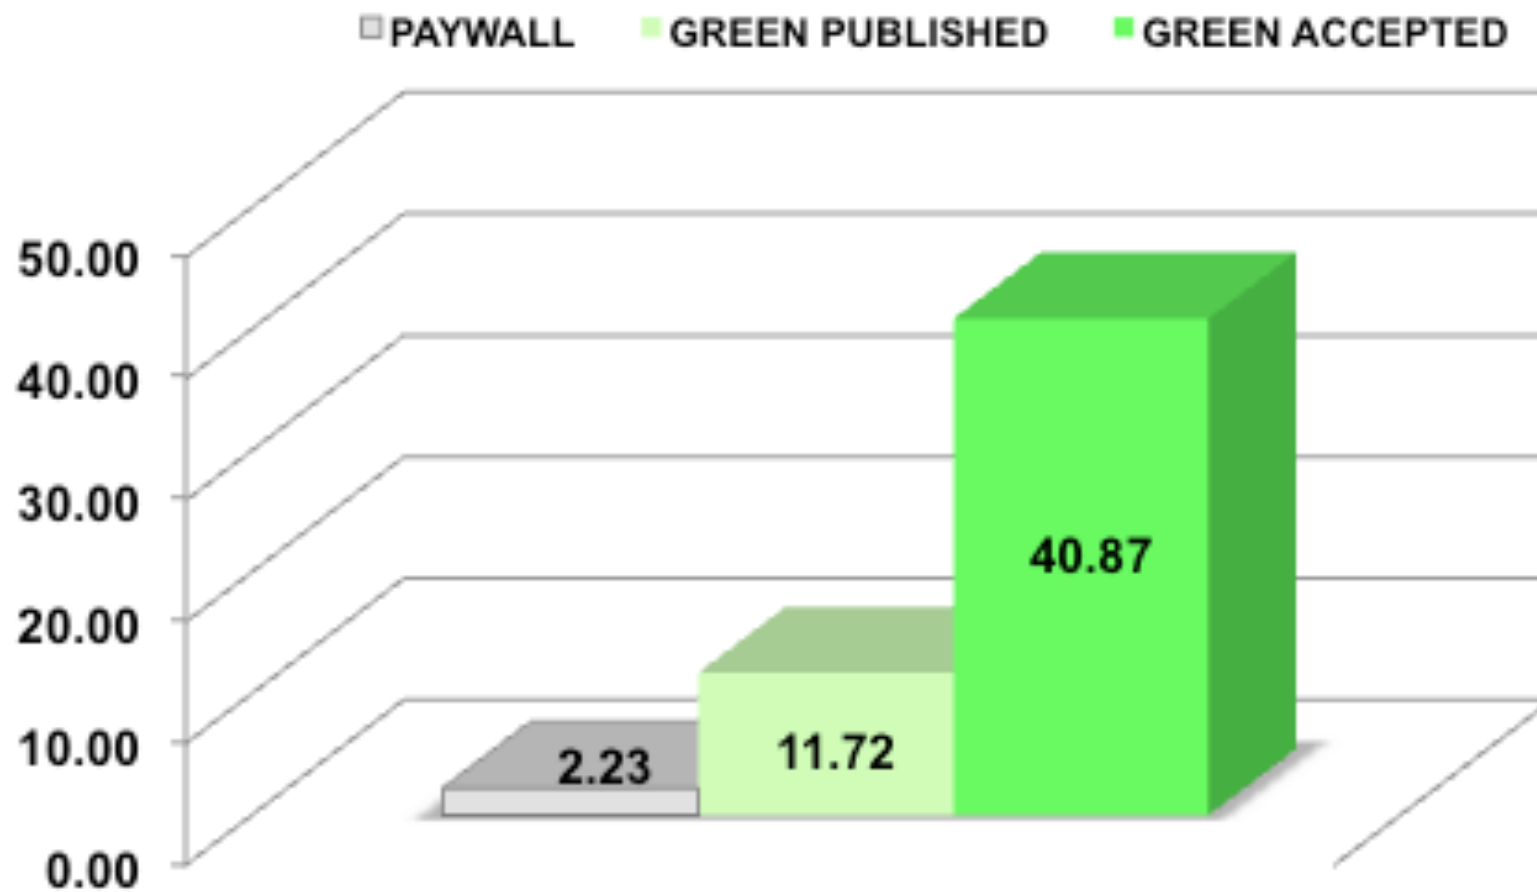

TWO SHADES OF GREEN.
THE EARLIER — THE BETTER.
CITATION OF THE GREEN
ACCEPTED (AAM) AND GREEN
PUBLISHED (VOR) ARTICLES

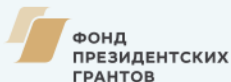

Two Shades of Green

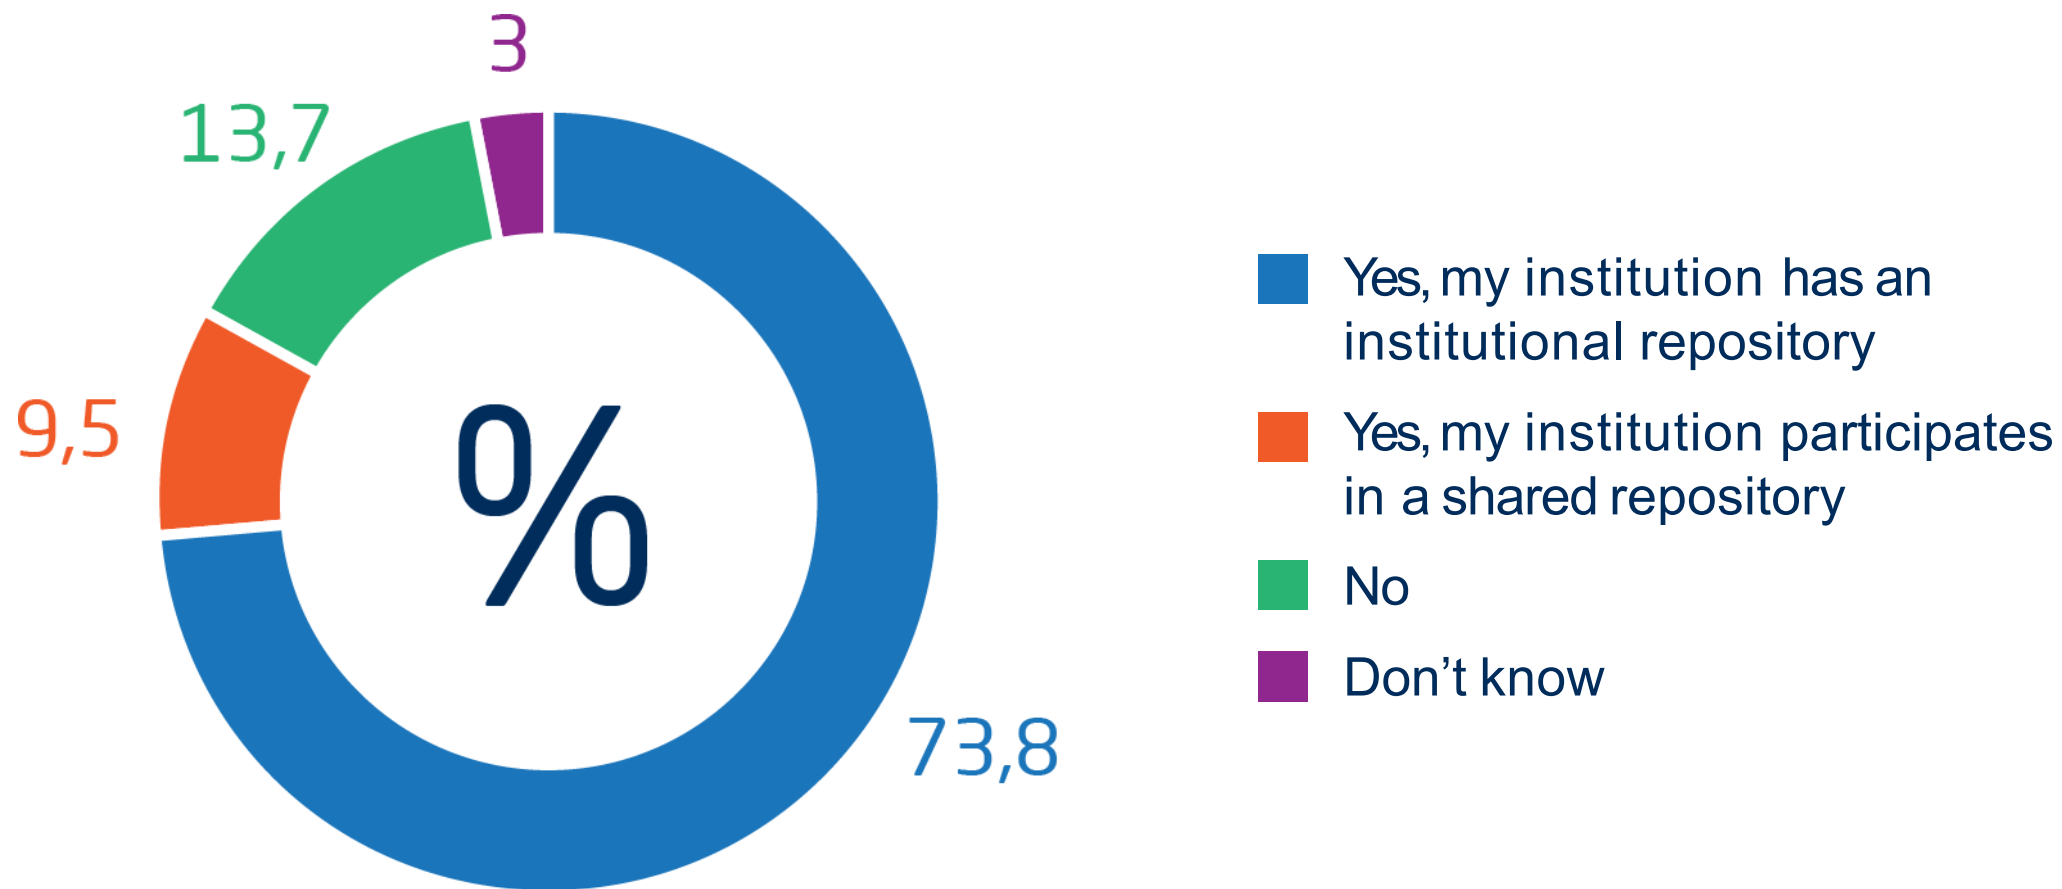

Russian OA Landscape. Still Very Few

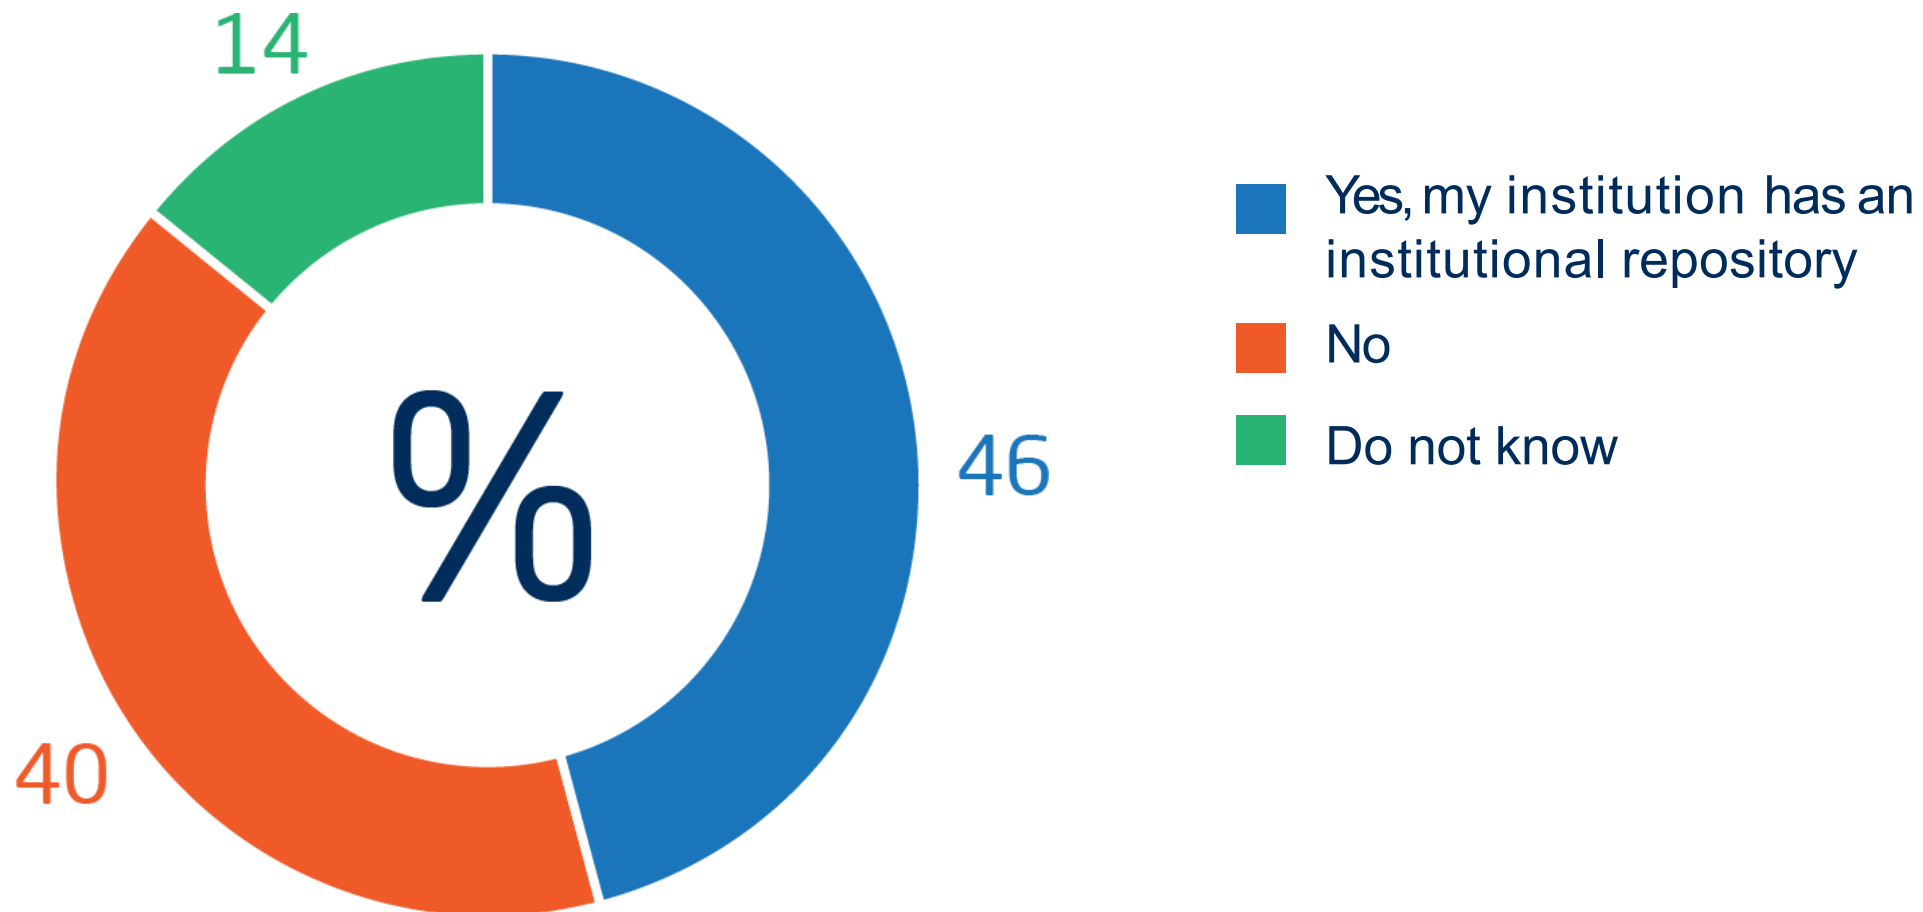

Repositories in EU Universities (EUA Open Access Survey 2018)

Number of respondents: 336/338

Repositories in Russia (NEICON Open Access Survey 2018)

Launched in March 2018 by NEICON and 3 Partners

- NEICON
- Kazan Federal University
- National Research Tomsk State University
- Siberian Federal University

Achievements: 2019 vs 2018

- Members: 18 against 8
- Repositories 13 against 6
- Docs: 216 000 against 122 000
- Authors 151 000 against 110 000

Education and promotion

- **Webinar** for developers: 120 participants.
- **16 seminars** for Russian universities, research institutes and public libraries: 1225 participants, webcast - 100 registered participants.
- **NEICON School in St. Petersburg** – one week Training for Trainers:

21-25, May 2018: 120 registered participants from China, Georgia, Germany, Ireland, Kazakhstan, Slovakia, and Russia;

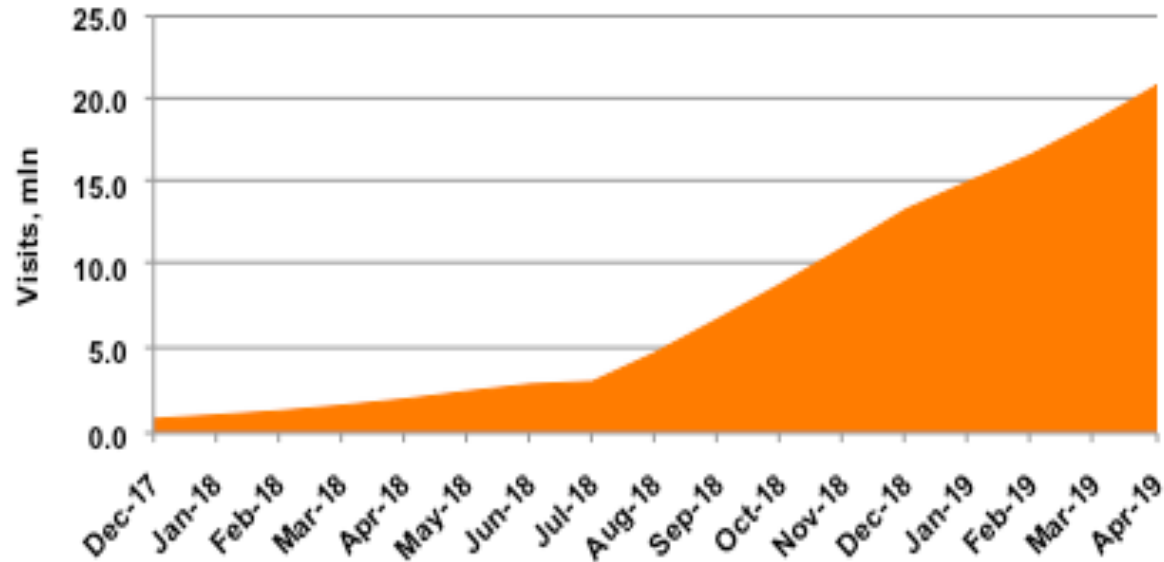

20-24, May 2019: 23 registered participants from Russia.

- **NEICON School in Siberia:** 44 registered participants
- **358 publications** in Mass-Media

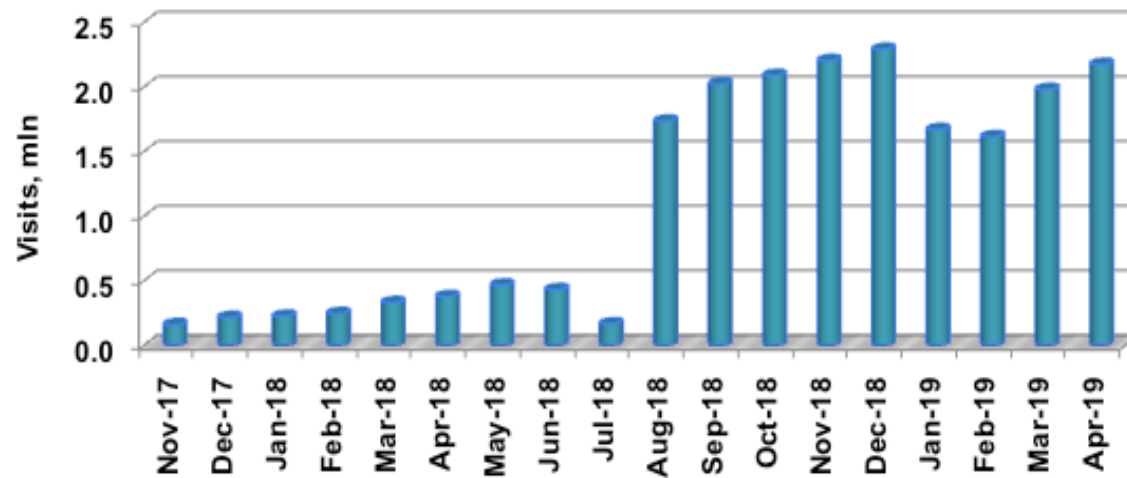

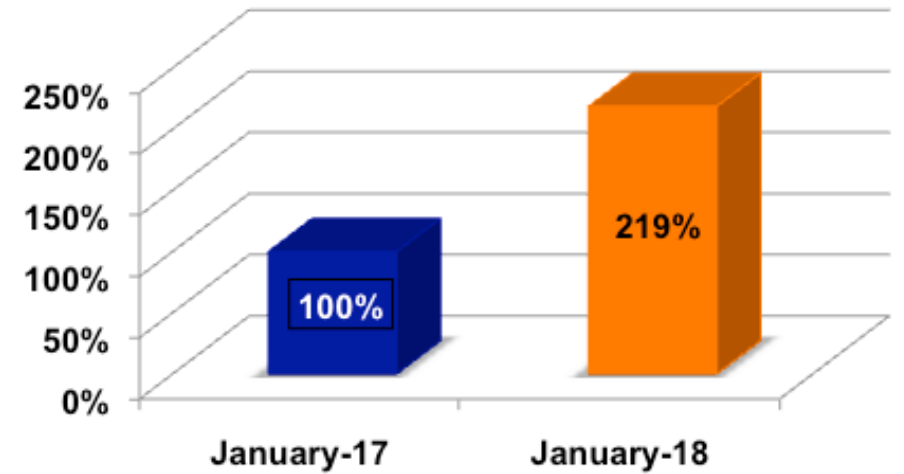

Cumulative Usage, Similarweb

NORA Monthly Usage

Usage of 3 NORA Founders

NORA Technical Problems

- 1. Some Russian repositories don't use the OAI server or don't tune it correctly. From such repositories we downloaded the records only once and since that time have not renewed them to avoid doublets.
- 2. Doubling of the records in the case if one article presents in several NORA-network repositories that we harvest metadata (E.g., each co-author upload the article in the repository of his/her university). We have started development of the procedure of comparison, author name, title, source and publication year.
