Reference 1 - 2.08% Coverage

1. Have you received agricultural training?

Once we had a group of people who came from Mariental to teach us about planting and about different species and this was the only time we had it.

[<Files\\H45>](#) - § 1 reference coded [1.85% Coverage]

Reference 1 - 1.85% Coverage

The only training we received was from our parents, so we just use local indigenous knowledge that was passed on from our parents

[<Files\\H60>](#) - § 1 reference coded [1.39% Coverage]

Reference 1 - 1.39% Coverage

Not we just use local knowledge that was passed on from our parents. We have not been trained at all

[<Files\\K10>](#) - § 1 reference coded [1.00% Coverage]

Reference 1 - 1.00% Coverage

No outreach of any nature has taken place

[<Files\\K14>](#) - § 1 reference coded [5.25% Coverage]

Reference 1 - 5.25% Coverage

No outreaches at all. We don't even have work in this community and the youths just sit at home and do nothing. If someone have livestock and milk, everyone in the community is begging from them. Those who have, basically takes us the whole community on their shoulders..

[<Files\\K2>](#) - § 1 reference coded [3.65% Coverage]

Reference 1 - 3.65% Coverage

Even as you are asking me now, I am probably just wasting my time because when you go back, you won't do anything about our situation. No one comes here to reach out to the poor, no outreach at all of any nature.

[<Files\\K3>](#) - § 1 reference coded [0.31% Coverage]

Reference 1 - 0.31% Coverage

No outreaches.

[<Files\\K4>](#) - § 1 reference coded [0.72% Coverage]

Reference 1 - 0.72% Coverage

No campaigns are carried out here.

[<Files\\K5>](#) - § 1 reference coded [1.15% Coverage]

Reference 1 - 1.15% Coverage

No outreach has taken place in this community yet.

[<Files\\K6>](#) - § 1 reference coded [0.21% Coverage]

Reference 1 - 0.21% Coverage

Not yet.

[<Files\\K7>](#) - § 2 references coded [4.83% Coverage]

Reference 1 - 4.02% Coverage

No outreach at all. The last help they got was drought relief which happens few months a year and to many families, it is not enough at all. Each family was given only 10 kg of flour during the last relief and then a bag of rice.

Reference 2 - 0.80% Coverage

Nothing, no knowledge and no campaigns at all.

[<Files\\K8>](#) - § 2 references coded [7.79% Coverage]

Reference 1 - 6.09% Coverage

No outreach of any nature has taken place but there are means to give some money to the widows and orphans but it is never enough. Many times it cannot even feed the family or help with school fees and school uniforms. The shoes themselves are 250 and that is what they get. Where do you then get money for food? The old people also get a pension of 1000 and many cannot support their family which in many cases people depend on these money for food. Perhaps 1000 per child is better and may be helpful and make a difference,

Reference 2 - 1.70% Coverage

There are no campaigns or any initiative to inform people about climate change. Only this year, they announced in the radio that there may be flood

[<Files\\K9>](#) - § 2 references coded [4.05% Coverage]

Reference 1 - 1.05% Coverage

No outreach of any nature has taken place

Reference 2 - 3.00% Coverage

2. To the best of your knowledge, are climate change awareness campaigns carried out in rural communities?

NO campaigns
