Check list

1. Check if your template allows PIDs

2. Use URL version of the PID:

- <https://doi.org/10.5281/zenodo.1230525>
and not 10.5281/zenodo.1230525
- <https://orcid.org/0000-0002-2709-1067>
and not 0000-0002-2709-1067

3. Ensure availability and correctness
