Journal: WARTA

Year: 2018

Volume: 21

Issue: 1

Pages: 59-71

**Abstract:**

Community service activities have a purpose to make the subjects of Javanese Language teachers have proficiency in: (1) installing Hanacaraka font in computer peripheral; (2) typing Javanese script skillfully; (3) as well as producing personalized Javanese literature learning materials, according to the conditions and needs of their students in the form of flashcards, memes, comic strips, and running text. The target audience of these activities are members and administrators of Javanese MGMP Junior High School consisting of 42 participants from 32 schools throughout Klaten District. This activity was preceded by conducting needs analysis through interviews and surveys of Java language teachers. Focus group discussion involves MGMP Java language to determine priority constraints that plural teachers face, which will be sought solutions. Implementation of activities carried out by demonstration, practicing Hana...

# Mendeley Web

The screenshot displays the Mendeley Web interface. At the top, there is a navigation bar with options: Feed, Library (selected), Suggest, Groups, Datasets, Careers, and Funding. A search bar labeled 'Library search' and a user profile for 'Eric Kunto' are also visible.

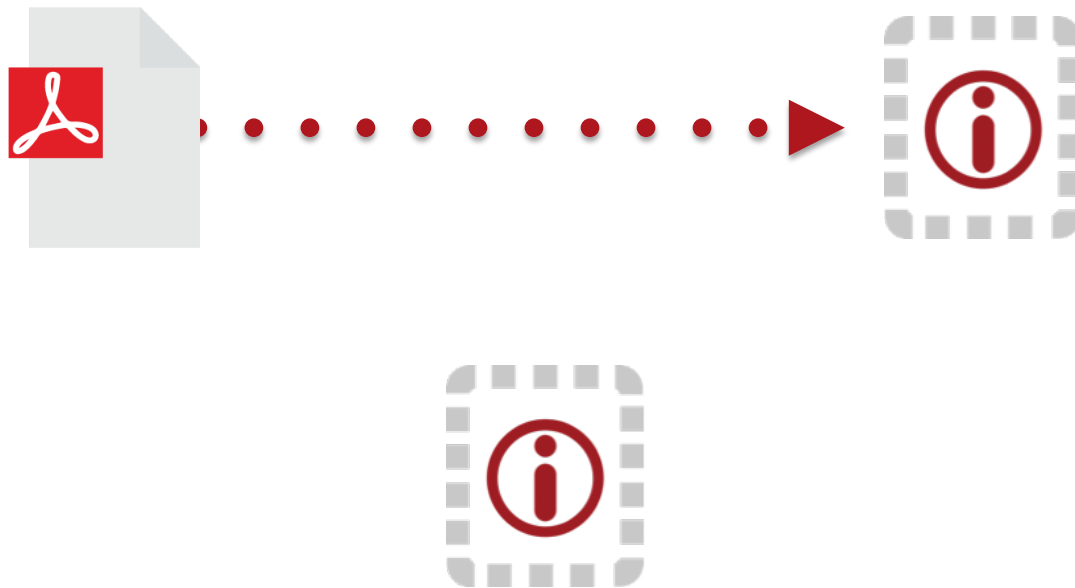

The main content area is divided into two sections. On the left is the 'MY LIBRARY' sidebar, which includes sections for 'All Documents', 'Favorites', 'My Publications', 'Recently Read', and 'Recently Added'. Below these are 'FOLDERS' (DISERTASI, PENELITIAN, PKM, SEMINAR) and 'GROUPS'. At the bottom of the sidebar is the 'TRASH' section.

The central part of the interface shows a list of publications. The selected item is 'Digitalisasi Aksara Jawa dan Pemanfaatannya sebagai Media Pembelajaran bagi Musyarawah Guru Mat...' by Aribowo E, published in WARTA (2018). The list includes columns for checkboxes, stars, document icons, titles, authors, journal information, and dates.

On the right side, the 'Details' panel for the selected article is shown. It includes the title 'Digitalisasi Aksara Jawa dan Pemanfaatannya sebagai Media Pembelajaran bagi Musyarawah Guru Mata Pelajaran Bahasa Jawa SMP Kabupaten Klaten', the author 'Aribowo E', and the journal information 'WARTA 2018 vol: 21 (1) pp: 59-71'. A preview of the article text is visible, starting with 'Community service activities have a purpose to make the subjects of Javanese Language teachers have proficiency in: (1) installing Hanacaraka font in computer peripheral; (2) typing Javanese script skillfully; (3) as well as producing personalized Javanese literature learning materials...'. The DOI is 10.23917/warta.v21i2.5620 and the URL is journals.ums.ac.id/index.php/warta/article/view/5620. A file named '2018-Digitalisasi\_Aksara\_Jawa\_dan\_P...' (1.08 MB) is also listed.

# References and Documents

# Mendeley Web Importer

The screenshot shows the Mendeley website's navigation bar and main content area. The navigation bar includes the Mendeley logo, 'Sign In', 'Create account', and 'Download' buttons. Below the navigation bar, there are links for 'Reference Management', 'Research Network', 'Datasets', 'Careers', and 'Funding'. A search bar is located on the right side of the navigation bar. The main content area features a secondary navigation bar with links for 'Reference Manager', 'Web Importer', 'Citation Plugin', 'Premium', 'Institutional Edition', and 'Help Guides'. The 'Web Importer' link is highlighted with a red underline. The main heading is 'Mendeley Web Importer', followed by a paragraph: 'Import papers, web pages and other documents directly into your reference library from search engines and academic databases. Mendeley Web Importer is available for all major web browsers.' Below this text, there are four browser icons: Chrome, Firefox, Safari, and Internet Explorer, with a plus sign indicating more browsers. The Chrome icon is highlighted with a blue border.

Managing Your Library

# Manage Your Library

All items in your personal library

Items added in the last two weeks

Access your recently read items

All items you've starred in your library

Items in need of review

The screenshot shows the Mendeley desktop application window. The left sidebar contains a navigation menu with categories like 'Literature Search', 'Mendeley Suggest', 'MY LIBRARY', and 'My Publications'. Under 'MY LIBRARY', 'All Documents' is selected and highlighted with a red box. The main pane displays a list of documents under the heading 'All Documents'. The list has columns for 'Authors' and 'Title'. A dropdown menu is open over the 'Authors' column, showing 'Authors' selected. Several items in the list are annotated with red circles and lines pointing to text on the right: a green dot next to the first item, a red PDF icon next to the third item, a yellow star next to the fourth item, and a red question mark next to the fifth item.

Use column headings to order your references

Mark entries read or unread

Entries with attached PDFs can be opened with the PDF Reader

Star items to mark them as favorites

# Create and Use Folders

References not added to a folder will appear in 'unsorted'

Your folders will be listed below. Drag and drop to re-order them.

Use 'Create Folder' to enter a new folder name.

# Search Your Documents

The screenshot displays the Mendeley Desktop application. On the left is a sidebar with a 'MY LIBRARY' section containing folders like 'Literature Search' and 'Mendeley Suggest', and a 'Filter by My Tags' section with various tags. The main window shows search results for the term 'chemistry' in the 'All Documents' view. The results list several articles, with the first one highlighted. A search bar at the top right contains the text 'chemistry'. A 'Clear' button is visible next to the search bar. The interface includes standard window controls and a status bar at the bottom.

Enter your search term in the search field

The main view will be filtered accordingly

Click on a specific folder to search within it

Use the clear button to remove the search filter

Mendeley's search tool will look at reference metadata, but will also search within the full text of PDF papers.

# Search Your Documents

The screenshot shows a document management application interface. On the left is a sidebar with a 'Filter by My Tags' menu. The main area displays search results for the query 'fluid dynamics', listing a document by Weber, W. J.; Ewing, R.; and Catlow, C. The right sidebar shows the document's details, including authors, publication information, and an abstract. Red dotted lines with arrowheads point from the text on the right to specific elements in the interface: the 'fluid dynamics' tag in the filter menu, the document title, and the 'technology' tag in the document's tag list.

Authors	Title	Year	Published In	Added
Weber, W. J.; Ewing, R.; Catlow, C.	Radiation effects in crystalline ceramics for the immobilization of high-level nuclear waste and plutonium	1998	Journal of Materials Research	Jan 19

**Tags:**  
fluid; fluid dynamics; technology

Add tags to papers in your library which share a common theme

Use the Filter Menu to filter your library view to only include tagged items

You can also filter by Author, Author Keywords and Publication

# Checking for Duplicates

**Pages:** 413-427

**Abstract:**  
Global studies of transcript structure and abundance in cancer cells enable the systematic discovery of aberrations that contribute to carcinogenesis, including gene fusions, alternative splice isoforms, and somatic mutations. We developed a systematic approach to characterize the spectrum of cancer-associated mRNA alterations through integration of transcriptomic and structural genomic data, and we applied this approach to generate new insights into melanoma biology. Using paired-end massively parallel sequencing of cDNA (RNA-seq) together with analyses of high-resolution chromosomal copy number data, we identified 11 novel melanoma gen...

# The PDF Viewer

The image shows a PDF viewer window. The top toolbar includes icons for Select, Pan, Note, Highlight, Color, Zoom, Zoom To Fit, Sync, and Help. A search bar is located in the top right corner. The document title is "Representasi Angka Arab ...". The main content area displays the title "REPRESENTASI ANGKA ARAB SEBAGAI HURUF ARAB DALAM TEKS BERBASIS INTERNET" by Eric Kunto Aribowo from Universitas Widyadharma Klaten. The abstract discusses the historical precedence of Latin script over Arabic in the internet. The sidebar on the right shows metadata for a journal article, including the title, author, journal name, year, volume, issue, and pages.

**REPRESENTASI ANGKA ARAB SEBAGAI HURUF ARAB  
DALAM TEKS BERBASIS INTERNET**

**Eric Kunto Aribowo**  
Universitas Widyadharma Klaten  
erickunto@unwidha.ac.id

**Abstract**

*For some, it was the historical precedence of Latin script over Arabic in Internet. At times, the Arabic language was not supported by the widespread technology, thus Arabizi was the only possible way to communicate over the Net, and thus it was adopted. This is still valid, because some computer have no Arabic language capabilities. On the first level, the original Windows came in English and PC users found themselves constrained to use Latin script on their computers. On another level, Arabic keyboards are still not widely spread. Some computers do not have Arabic letters at all. Arabizi, a term that describes a system of writing Arabic in Latin script and the Arabic numerals, is now more popular than ever, especially online. To communicate with others in Arabizi, numbers are mixed to represent some letters in Arabic, such as 2, 3, 6, and 7.*

**Keywords:** *Arabic script, Latin characters in Arabic, Arabizi*

**A. Pendahuluan**

Abjad Arab dan bahasa Arab tulis mulai berkembang sejak abad ke-6 atau ke-7 Masehi, yang tentu saja berkaitan erat dengan penyebaran kitab suci Alquran. Tidak terdapat dokumentasi yang jelas berkaitan dengan perkembangan penulisan Arab sebelum masa itu dan terdapat jumlah yang sedikit mengenai teks-teks yang muncul pada periode pra-Islam, terkadang hanya dalam bentuk batu, prasasti, atau naskah.

Bahasa Arab memiliki sistem penulisan yang khusus layaknya bahasa China, Jepang, dan Rusia karena memiliki aksara khusus tidak seperti bahasa Indonesia, Inggris, dan

# Highlighting and Annotating

The screenshot displays a PDF viewer interface. At the top, there is a toolbar with icons for Select, Pan, Note, Highlight, Color, Zoom, Zoom To Fit, Sync, and Help. A search bar is located in the top right corner, and the user's name, Eric Kunto, is visible in the top right corner of the viewer.

The document content is from the journal "Karsa: Journal of Social and Islamic Culture", ISSN: 2442-3289 (p); 2442-8285 (e), Vol. 25 No.2, December 2017, pp. 284-306. The title of the article is "Linking Arabic, Islam, and Economy: Onomastics on Business Name of People of Arab Descent in Indonesia". The author is Eric Kunto Aribowo, Widya Dharma University, with an email address of erickunto@unwidha.ac.id.

The abstract section is titled "Abstract" and contains the following text: "Name has a great influence in building the success of a business. The business strategy of people of Arab descent is to use Arabic words and English words to build the image of his shop. This paper explains the use of Arabic words and strategic reasons of Arab descent in Surakarta. The data observed and taken from promotional board, banner, and neon box followed by interviews with 10 shopkeepers. The data are then analyzed by classifying the store names from the writing system and tracing the reference words used. The results show that business names are more dominated by single Arabic words; a small portion is an Arab-English combination. The business names are derived from the proper name, surname, and places that have an Islamic nuance. This activity aims to build a positive image in the minds of consumers, showing the identity of who the owners and commodities, as well as convince consumers of halal products." The text is highlighted in yellow.

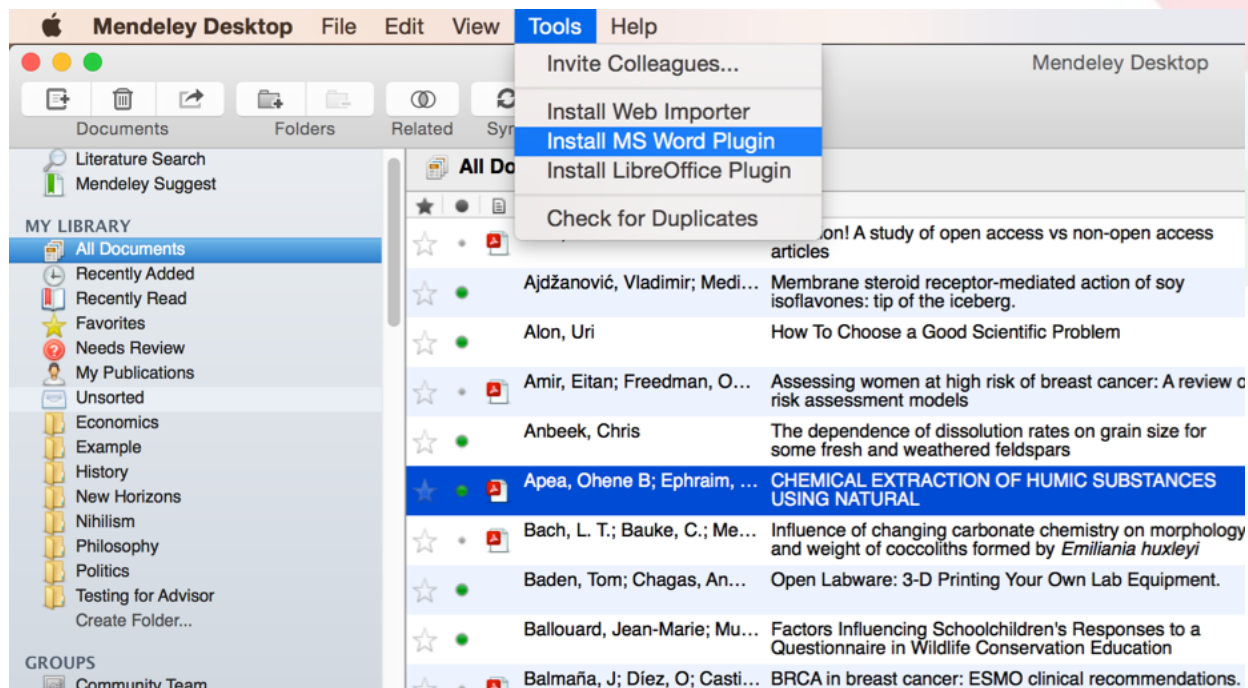

Annotations are visible in the right sidebar and as pop-ups. The sidebar shows "GENERAL NOTES" and "PRIVATE ANNOTATIONS". The "PRIVATE ANNOTATIONS" section contains a note by Eric Kunto Aribowo, S.S., M.A., dated Mon Aug 27 2018, with the text "You can put your ideas here". A similar pop-up annotation is shown over the highlighted text in the abstract.

The screenshot shows a web browser window displaying a research article from PLOS Computational Biology. The article title is "Establishing and Managing a Global Student Network" by Avinash Shanmugam and Geoff Macintyre. The browser interface includes a toolbar with options like Pan, Highlight, Note, Select, Copy, Paste, Rotate, Zoom, Fullscreen, and Sync. The article content is annotated with several colored boxes: a blue box for the title, a red box for the authors, a yellow box for the abstract, and a green box for a comment by Ricardo Vidal, M. Eng. The comment says "Nice paper! Might have pointers related to our advisor program." The article text discusses the Regional Student Groups (RSGs) program and the International Society of Computational Biology Student Council. The right sidebar shows metadata for the article, including the journal name, year, volume, issue, pages, and abstract.

Each group member is assigned a different color for highlighting

# Browse & Join Public Groups

The screenshot shows the Mendeley Groups interface. At the top, there is a navigation bar with links for Feed, Library, Suggest, Groups (highlighted), Datasets, Careers, and Funding. A search bar is located on the right of the navigation bar, with the text "e.g. Data Science" and a "Search" button. Below the navigation bar, there are tabs for Papers, People, and Groups (highlighted). A search bar is also present below the tabs, with the text "e.g. Data Science" and a "Search" button. The main content area is titled "My Groups" and includes a "+ Create a new group" button. Below this, there is a list of four groups:

Group Name	Type	Members
Azzamil Nursing Center	Private Group	40
LPMA	Private Group	25
LPMA Unwidha	Private Group	37
Workshop Literasi Jurnal	Invite-only Group	17

Each group entry includes a profile picture, the group name, the role of the user (Owner), and a brief description of the group's purpose.

Type: Journal Article

**Autophagy in pancreatic cancer pathogenesis and treatment.**

Authors: R. Kang, D. Tang

View research catalog entry for this paper

Journal: *American journal of cancer research*

Year: 2012

Volume: 2

Issue: 4

Pages: 383-96

**Abstract:**

Pancreatic cancer is the fourth most common cancer to cause death due to advanced stage at diagnosis and poor response to current treatment. Autophagy is the lysosome-mediated degradation pathway which plays a critical role in cellular defense, quality control, and energy metabolism. Targeting autophagy is now an exciting field for translational cancer research, as autophagy dysfunction is among the hallmarks of cancer. Pancreatic tumors have elevated autophagy under basal conditions when compared with other epithelial cancers. This review describes our current understanding of the interaction between autophagy and pancreatic cancer development, including risk factors (e.g., pancreatitis, smoking, and alcohol use), tumor microenvironment (e.g., hypoxia and stromal cells), and molecular biology (e.g., K-Ras and p53) of pancreatic cancer. The importance of the HMG...

### Abstract

The article reviews the basic literature on diglossia with special reference to its linguistic and social features. A number of diglossic cases are discussed with special emphasis on diglossia in the Greek-speaking world, the Arab-speaking world, and Switzerland. The main argument put forward is that as it currently stands the term 'diglossia' does not do justice to the peculiarities found in the various contexts of diglossia.

# Mendeley Careers

The screenshot shows the Mendeley Careers website. At the top, there is a navigation bar with the Mendeley logo on the left and links for Feed, Library, Suggest, Groups, Datasets, **Careers**, Funding, Search, and a notification bell. A user profile for Eric Kunto is visible on the right. Below the navigation bar, there are several menu items: My Jobs and Alerts, Find a Position, Academic Positions, All Employers, and Career Advice. A 'Post a job' button is located in the top right corner of the main content area. The main content area features a large banner with the text 'Search 227,573 science and technology jobs on Mendeley Careers'. Below this banner is a search form with three input fields: 'e.g. Biomedical Science', 'e.g. Oxford, Oxfordshire' (with a location pin icon), and 'Within 20 miles' (with a dropdown arrow). A red 'Search' button is to the right of these fields. Below the search form, there are two white boxes with icons and text. The first box has an envelope icon and is titled 'Get job alerts'. It contains the text 'Let us do the hard work. Sign up for our free service and get great jobs emailed to you.' and a blue button labeled 'Set up alert >'. The second box has a document icon and is titled 'Upload your CV'. It contains the text 'Upload your CV so our recruiters can match your details to the best available positions.' and a blue button labeled 'Upload now >'. The background of the main content area is a blurred image of a laboratory or industrial setting with people.

# Discover Your Next Funding Opportunity

The screenshot shows the Mendeley Research Funding website. At the top, there is a navigation bar with the Mendeley logo, links for Feed, Library, Suggest, Groups, Datasets, Careers, and Funding (which is underlined). There is also a search bar, a notification bell, and a user profile for Eric Kunto. Below the navigation bar, there are tabs for Discover, Find opportunities (which is selected), Browse funders, and Favorite opportunities. A large search bar is prominently displayed with the text "Search for funding opportunities". On the left side, there is a "Refine results" section with a "Research area" filter. Under "Research area", "linguistics" is entered in the search box. Below this, there are several categories: "Arts and Humanities" (checked), "All in this category" (checkbox), "Language and Linguistics" (checked, with a count of 41), "Social Sciences" (checked), "All in this category" (checkbox), and "Linguistics and Language" (checked, with a count of 55). The main content area displays "68 funding opportunities" and is sorted by "Last updated". There are two active filters: "Language and Linguistics" and "Linguistics and Language", along with a "Clear search" button. The first funding opportunity listed is the "Leadership and English Advancement Program (LEAP)" from the U.S. Department of State, with a deadline of May 16th 2019 and a total funding amount of 3,600,000 USD. It has 28 days left to apply. The second opportunity is "Departmental seminar grants" from Academic Institutions, with a deadline not specified and a funding amount of up to 300 GBP.
