The Lorentz Center organizes international workshops for researchers in STEMAC disciplines. Requests for creation of workshops that fosters collaboration, knowledge, discussion, and innovation. For registration visit: www.lorentz.nl

This workshop is part of our collaboration with NIAS and aims to contribute research in the areas of: **Language, Social Sciences**

Programme: www.lorentz.nl

Logos for: Universiteit Leiden, STICHTING SOEMANI FONDS, NETWORK INSTITUTE, VU, DANS, NIAS, and Lorentz center.

1. BIBLE ONLINE LEARNER

- How if you turn a corpus around from searching for patterns & production of data to practice for learning... ?
- Bible Online Learner
<https://bibleol.3bmoodle.dk/>

Corpus-driven learning

- Persuasive learning: fun, effective and efficient
- Self-correcting: instant feedback
- Assessment: performance-tracking

What Is Bible Online Learner?

Bible Online Learner (Bible OL) gives free access to the Hebrew Bible in the ETCBC4 database and Nestle's 1904 text of the Greek New Testament with grammatical annotations; furthermore, teachers can use exercises developed for Bible OL or create their own.

Bible OL is interlinked with the award-winning Hebrew query and text display site [SHEBANQ](#). From a chapter in Bible OL, click the SHEBANQ logo to jump directly to that chapter on their website. Furthermore, facilitators can use queries from SHEBANQ to generate exercises in Bible OL.

The source code for Bible OL is available at [GitHub](#). We hope developers will fork this code and join us to add additional features.

Background

- 2008-:
 - Use ETCBC corpus (BHSA)
 - Open source
 - Teachers repurpose
- 2018-:
 - Online and blended learning

12 years development

- PC Program 2008-2010
- EU project EuroPLOT 2010-2013
- Bible Online Learner 2013-

Projects

- Copenhagen 2008-
- Gothenburg 2010-2011
- Madagascar 2010-2015
- Andrews University 2015-
- DADeL 2018-2020
- *My Biblical Hebrew* 2018-

Framework

- Global Learning Initiative, 3BM
- ETCBC

TestMBH21_06: Glosses 50+ in Gen 1:6-2:3 100	100	
+		

Task 5: all stems for regular and guttural verbs - 100 questions

- Test skills in parsing the regular and guttural verb (Vocab 303)
- Default passages: Hebrew Bible
- Performance speed for questions per minute: low 11, high 15, elite 30

This test focuses on all regular and guttural verbs have changes in the consonants and are very frequent, occurring more than 240 times in the Hebrew Bible. Knowing these forms well will help you recognize irregular verbs much easier.
