

# Open Science Framework

A practical guide

*Antonio Schettino, Ph.D.  
Coordinator OSC Rotterdam  
Erasmus Research Services*

*[schettino@eur.nl](mailto:schettino@eur.nl)*

**Erasmus University Rotterdam**

# OUTLINE

- Who am I?
  - Scientific background
  - Expertise in OS practices
  - My job at Erasmus Research Services (*ERS*)
- Introduction to COS and OSF
  - What is the Center for Open Science (COS)
  - What is the Open Science Framework (OSF)?
  - Why is the OSF useful?
- OSF: Hands-on session
  - Browse a personal account
  - Create a project

# WHO AM I?

# SCIENTIFIC BACKGROUND

- Cognitive and affective electrophysiologist
- *Emotion attention vision prediction*
- EEG
  - *ERP SSVEP*
  - *Topographical Analysis*
  - *Source Localization*
- Statistics
  - Mass univariate analysis
  - Bayesian (multilevel) modeling

# EXPERTISE IN OPEN SCIENCE

- Public sharing of *EEG* and *behavioral* data & analysis scripts
- *Preprints* on PsyArxiv
- Publications in *OA journals*
- Adopter of open source software (for research and personal use)
- *Talks and workshops* on open and reproducible science
- *Co-recipient* of OSF Preregistration Challenge prize

# MY JOB

part of **ERASMUS RESEARCH SERVICES**

- facilitate communication between researchers interested in OS
- organize events and workshops on OS
- advertise OS activities on social media
- **support** individual researchers and teams with day-to-day activities

# OSC ROTTERDAM TWITTER

The screenshot shows the Twitter profile page for the Open Science Community Rotterdam (@OSCRotterdam). The page includes a navigation sidebar on the left with options like Home, Explore, Notifications, Messages, Bookmarks, Lists, Profile, and More. The main content area displays the profile header with the OSC Rotterdam logo and name, followed by a bio: "Official Twitter Account Of The Open Science Community Rotterdam. Maintained by @asch3tti and @marliesmeilof." It also shows the location "Rotterdam, The Netherlands" and "Joined April 2019". Below the bio, it indicates "36 Following" and "84 Followers". The "Tweets" tab is selected, showing a pinned tweet from May 23: "The official Twitter account of the Open Science Community Rotterdam is now live! Our community welcomes academic and support staff working at @erasmusuni and ErasmusMC. Follow us and join our conversations on open and transparent scientific practices!" The tweet has 1 reply, 3 retweets, and 14 likes.

# OSC ROTTERDAM RIOT.IM

The screenshot shows a Riot.im chat room interface. On the left is a sidebar with navigation options like 'PEOPLE', 'ROOMS', and 'SYSTEM ALERTS'. The main chat area shows a message from 'antonio.schettino' at 14:03: 'antonio.schettino sent an image'. The image is a close-up of a grey and white tabby cat wearing a yellow paper crown. Below the image is a caption: 'This is my cat, Borremans De Struise (a.k.a. Bubi). Praise the King!'. The chat history shows a message from 'Oliver' at 18:48: 'Seems to work!' and a message from 'antonio.schettino' at 18:49: 'Send a message (unencrypted)...'. On the right is a panel titled 'Invite to this room' listing members and invited users.

# OSC ROTTERDAM

## OPENSOURCE-ROTTERDAM.COM

### Who are we?

Open Science Community Rotterdam (OSCR) comprises of academics and support staff working at Erasmus University Rotterdam ([EUR](#)) and Erasmus Medical Center ([ErasmusMC](#)). Our common goal is to promote and adopt open and transparent scientific practices at every stage of the research cycle, from the initial idea to the final product. For further details, please check out our [Code of Conduct](#).

OSCR is part of a growing national network of communities including [Amsterdam](#), [Eindhoven](#), [Groningen](#), [Leiden](#), [Nijmegen](#), [Tilburg](#), and [Utrecht](#).

### About this website

Check out [News](#) to find recent posts on different topics and announcements. Click on [People](#) or browse through the [Tags](#) to discover the members of the community and their expertise.

### Contact

The coordinator of the OSCR is [Antonio Schettino](#). For inquiries, please contact us via email at [info@openscience-rotterdam.com](mailto:info@openscience-rotterdam.com).

*Antonio Schettino*

# INTRODUCTION TO COS AND OSF

# DISCLAIMER

- This overview is largely inspired by *COS webinars* and *workshops*
- Perspective of **experienced end-user**, not developer
  - *official guides* on how to use the OSF
  - tech support: [support@osf.io](mailto:support@osf.io)
  - other questions/comments: [contact@osf.io](mailto:contact@osf.io)

## Mission

increase openness, integrity, and reproducibility of research

## Activities

- *Metascience* – Acquiring evidence to encourage change
- *Infrastructure* – Building technology to enable change
- *Training* – Disseminating knowledge to enact change
- *Incentives* – Providing reasons to embrace change
- *Community* – Fostering connection and inclusion to propagate change

# OPEN SCIENCE FRAMEWORK

A screenshot of the Open Science Framework (OSF) website. The top navigation bar includes the OSFHOME logo, a search bar, and links for Support, Donate, Sign Up, and Sign In. The main content area features the title "Open Science Framework" and the subtitle "A scholarly commons to connect the entire research cycle". Below this is a circular graphic composed of white and blue dots. At the bottom, there is a video player showing a project page and a registration form with fields for Full name, Contact email, Confirm email, and Password. The registration form is titled "FREE AND OPEN SOURCE. START NOW."

Function	Status
Permissions	Making an OSF project public or private is independent of making a GitHub repo public or private. The OSF does not alter the permissions of linked GitHub repos.
View / download file versions	GitHub files and their versions can be viewed/downloaded via OSF.
Add / update files	Adding/updating files in the project via OSF will be reflected in GitHub.
Delete files	Files deleted via OSF will be deleted in GitHub.
Logs	GitHub dynamically updates OSF logs when files are modified outside the OSF. Changes to GitHub repos made before the repo is linked to the OSF will not be reflected in OSF logs.
Forking	Forking a project or component does not copy Github authorization unless the user forking the project is the same user who authorized the Github add-on in the source project being forked.
Registering	GitHub content will be registered, but version history will not be copied to the registration.

- This add-on connects your OSF project to an external service. Use of this service is bound by its terms and conditions. The OSF is not responsible for the service or for your use thereof.
- This add-on allows you to store files using an external service. Files added to this add-on are not stored within the OSF.

The screenshot shows the OSFHOME interface for a project named 'example\_ESHPM'. The interface includes a navigation bar with 'OSFHOME' and a user profile 'Antonio Schettino'. Below the navigation bar, there are tabs for 'Files', 'Wiki', 'Analytics', 'Registrations', 'Contributors', 'Add-ons', and 'Settings'. The main content area displays project details such as 'Contributors: Antonio Schettino', 'Affiliated Institutions: Universiteit Gent, Institute for Globally Distributed Open Research and Education (IGDORE)', and 'Date created: 2019-09-05 02:10 PM'. A 'File Upload' dialog box is open, showing a file list with columns for 'Name', 'Size', and 'Modified'. The file 'King\_Bubi.jpg' is highlighted in orange. The file list also includes '1.png', '2.png', '3.png', '4.png', 'houses.ods', 'MathWork...', 'OpenData...', 'OS\_Strateg...', and 'Rotterdam...'. The 'King\_Bubi.jpg' file is shown with a preview of a cat wearing a crown. Below the file list, there are buttons for 'Add Component' and 'Link Projects'. The file list also shows a table with columns for 'Name' and 'Modified'.

Name	Size	Modified
1.png	3,8 MB	13:40
2.png	4,3 MB	13:41
3.png	3,9 MB	13:42
4.png	3,9 MB	13:43
houses.ods	22,7 kB	13:36
King_Bubi...	87,7 kB	25 jan
MathWork...		7 aug
OpenData...	9,9 MB	6 aug
OS_Strateg...	4,7 kB	di
Rotterdam...	691 bytes	10 aug

# PUBLIC PROJECT

**Warning**

Please review your projects, components, and add-ons for sensitive or restricted information before making them public.

Once they are made public, you should assume they will always be public. You can return them to private later, but search engines (including Google's cache) or others may access files, wiki pages, or analytics before you do.

Cancel Continue

The background interface shows the OSFHOME header with navigation links (My Quick Files, My Projects, Search, Support, Donate) and a user profile for Antonio Schettino. The project page for 'example\_ESHPM' includes a 'Private' status, a 'Make Public' button, and a '0' count. The project details section lists the contributor (Antonio Schettino), affiliated institutions (Universiteit Gent), creation date (2019-09-05), and category (Project). The 'Wiki' section contains the text 'Add important information, links, or images here to describe your project.' The 'Files' section shows a table with columns for Name and Modified, listing 'example\_ESHPM' and 'King\_Bubl.jpg' (modified 2019-09-06 01:45 PM). The 'Components' section shows a 'Materials' component with the description 'Pictures used in the experiment'. The 'Tags' section has a placeholder 'Add a tag to enhance discoverability'.
