Welcome to the Research Organization Registry Community

ROR is a community-led project to develop an open, sustainable, usable, and unique identifier for every research organization in the world.

Why ROR?

- ❑ **Open** data and infrastructure
- ❑ Focus on **affiliations**
- ❑ **Community** input and adoption

The Old World in the New: Theories of Pre-Columbian Contact in Science and Society, 1860–1920

William Ward

Text published via Queen's University Belfast

On the 12th of October 1892 when the quadricentennial of Columbus's discovery of America was commemorated across the globe, not everyone rejoiced and not everyone cared. It was undoubtedly a great occasion, and the cult of Columbus is difficult to overrate, but there were many for whom the famous Genoese was not America's discoverer. America had been discovered long before 1492. The Norsemen, the Welsh, the Irish, the Chinese, and the Phoenicians were all held...
