Engaging Researchers

Create and maintain the connection

@LIBEREurope

… to help libraries secure a **critical role in the 21st century** scholarly information infrastructure … and to recognize **research data as valuable** academic resources…

- LIBER RDM WG

Culture change

- ✓ **Service - development** vs **usage**
- ✓ **Offer** vs **Demand**
- ✓ **Distance**

People

@LIBEREurope

Approach & process

LIBER RDM WG 8 priority topics for 2020 - GDPR, data stewardship, FAIR data, data curation, **engaging researchers**, training, RDM policies and a DMP catalogue

Stand on the shoulders of giants:

- re-use what is available
- extract and systematise
- communicate in easy and accessible form

Starting point:

Engaging Researchers with Data Management: The Cookbook , DOI: 10.11647/OBP.0185

- Online resources
- Own institution and professional experience

6 Pillars of engagement

- Institutional policy
- Personal engagement
- Early-career researchers
- Role of Data Steward
- RDM services and training offer
- Communication

@LIBEREurope

Golden circle

- ✓ **WHAT – WHY - HOW**

+ examples, resources, good cases

Engage!

- Provide your feedback on content
- Share examples of good practice with us
- Deadline 05/07/2020

@LIBEREurope

“Researchers don't come for what you do, they come for why you do it.”

- Simon Sinek (paraphrase)

Thank you!
