Housekeeping Rules

- Keep your microphone muted and camera off during presentations
- Questions? Put them in the chat, we will address them after the presentations
- Slides and other useful links – in the "materials" section. They will also be made available after the training.
- Joined from the web and having a problem? Refresh your page! Not solved? Contact Athina in the chat.

Break

Discussion

Q1: What did you actually do to engage with researchers?

- **What strategy/approach/tool has been working for you?**
- **What else could be useful to increase engagement?**

Please provide your answer in th chat and briefly motivate your answer.

Q2: The role of libraries in RDM will grow (diminish) in the near future?

Please provide your answer and briefly motivate your answer.

Q3: Is your research library ready to provide a generic or specialized data curation service?

Please provide your answer and briefly motivate your answer.
