

Data management best practices

Examples of the implemented IPBES data management Policy

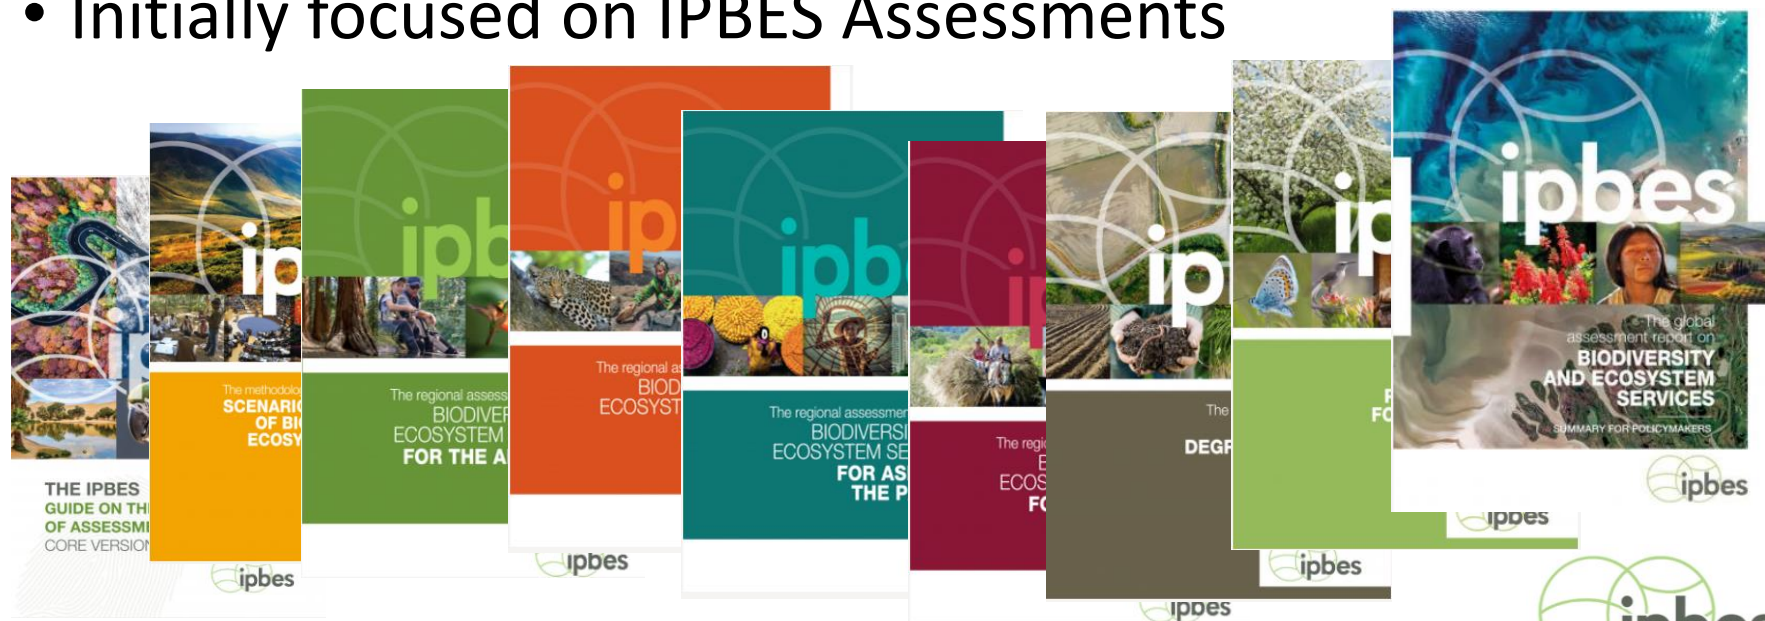

IPBES Data Management Tutorials

Joy Kumagai

**IPBES technical support unit on knowledge and data
Senckenberg Biodiversity and Climate Research Center**

Introduction to Chapter 6

- Dynamic chapter to showcase examples of implementing the [IPBES Data Management Policy](#)
- Examples will be added over time
- Initially focused on IPBES Assessments

General Best Practices for data management

- Input data should be findable and if possible accessible
- Generated data should be FAIR
- Final products (graphs, figures, etc.) should be FAIR
- Workflows behind the products should be well documented

Thank you!
