

Instructions Rchon statistics course, part 1

Installation

- Download and install R from <https://cran.rstudio.com/>
- Download and install RStudio from <https://rstudio.com/products/rstudio/download/#download>
- Download the tutorial files from <https://zenodo.org/deposit/4094686>, and store them in a single folder of your choice

Starting the tutorial

- **Open RStudio**
- **Open the file `Tutorial 1.Rmd`**
- **Push the `Run Document` button**
- **When asked to install packages, confirm**

Doing the tutorial

- The tutorial is self-paced, just follow the instructions
- When you are finished, you can take the test `Tutorial 1 test.Rmd` that is provided separately
- In order to check your results, submit a R Script file with your answers to secretary@archonline.nl; we will then send you the answers to the test
- For ARCHON students, submitting the R Script file counts as proof for obtaining the credits

Questions

- For questions regarding the contents of the course, contact Philip Verhagen (j.w.h.p.verhagen@vu.nl)

Credits

- This tutorial was developed for Archon Research School of Archaeology by Philip Verhagen (Vrije Universiteit Amsterdam) and Bjørn P. Bartholdy (University of Leiden)
