*external*: University of California, Santa Barbara, UCSB Library, AmeliCA, University of Toronto, Michigan State University, University of Virginia, SPARC, Anglia Ruskin University, Edinburgh Napier University, California Digital Library, Curtin University, éditions science et bien commun, University of Cape Town, Educopia Institute

*internal*: Coventry University, Lancaster University, Mattering Press, punctum books

# What is good governance?

Situatedness

Formality

Process

Diversity

# Who or what is our community?

Defining communities?

Homogenisation and exclusion

Community-Building

# Community

***"Community can be the warmly persuasive word to describe an existing set of relationships, or the warmly pervasive word to describe an alternative set of relationships. What is most important, perhaps, is that unlike all other terms of social organization (state, nation, society, etc.) it seems never to be used unfavorably, and never to be given any positive opposing or distinguishing term"*** **(Raymond Williams, *Keywords*, p. 76)**

Sherri Barnes started the topic Program and Event Takeaways in the discussion COPIM infrastructure governance working group on Humanities Commons 17 hours ago

> Happy OA Week everyone. This is just a friendly reminder about this community-owned infrastructures event on Wednesday. Feel free to use this thread to share other notable upcoming events or programs that inform your thoughts on governance and open infrastructures, as well as any important, post event takeaways you've gleaned.

## About this group

Discussion group for the COPIM Community Governance Working Group.
