Study specific blood and stool samples

Gene-expression

Time

- Baseline (before starting treatment)
- At 2nd infusion (only blood collection)
- Occurrence of first irAE G≥3 (only blood collection)

Blood collection date

/ /

Month Day Year

Not performed

Date of freezing

/ /

Month Day Year

Date of defrost

/ /

Month Day Year

Date site lab received blood sample

/ /

Month Day Year

RNA isolation performed date

/ /

Month Day Year

Not done

RNA sequencing performed date

/ /

Month Day Year

Not done
