

DARIAH-EU

BIBLIOGRAPHICAL DATA

WORKING GROUP

AREAS OF INTEREST

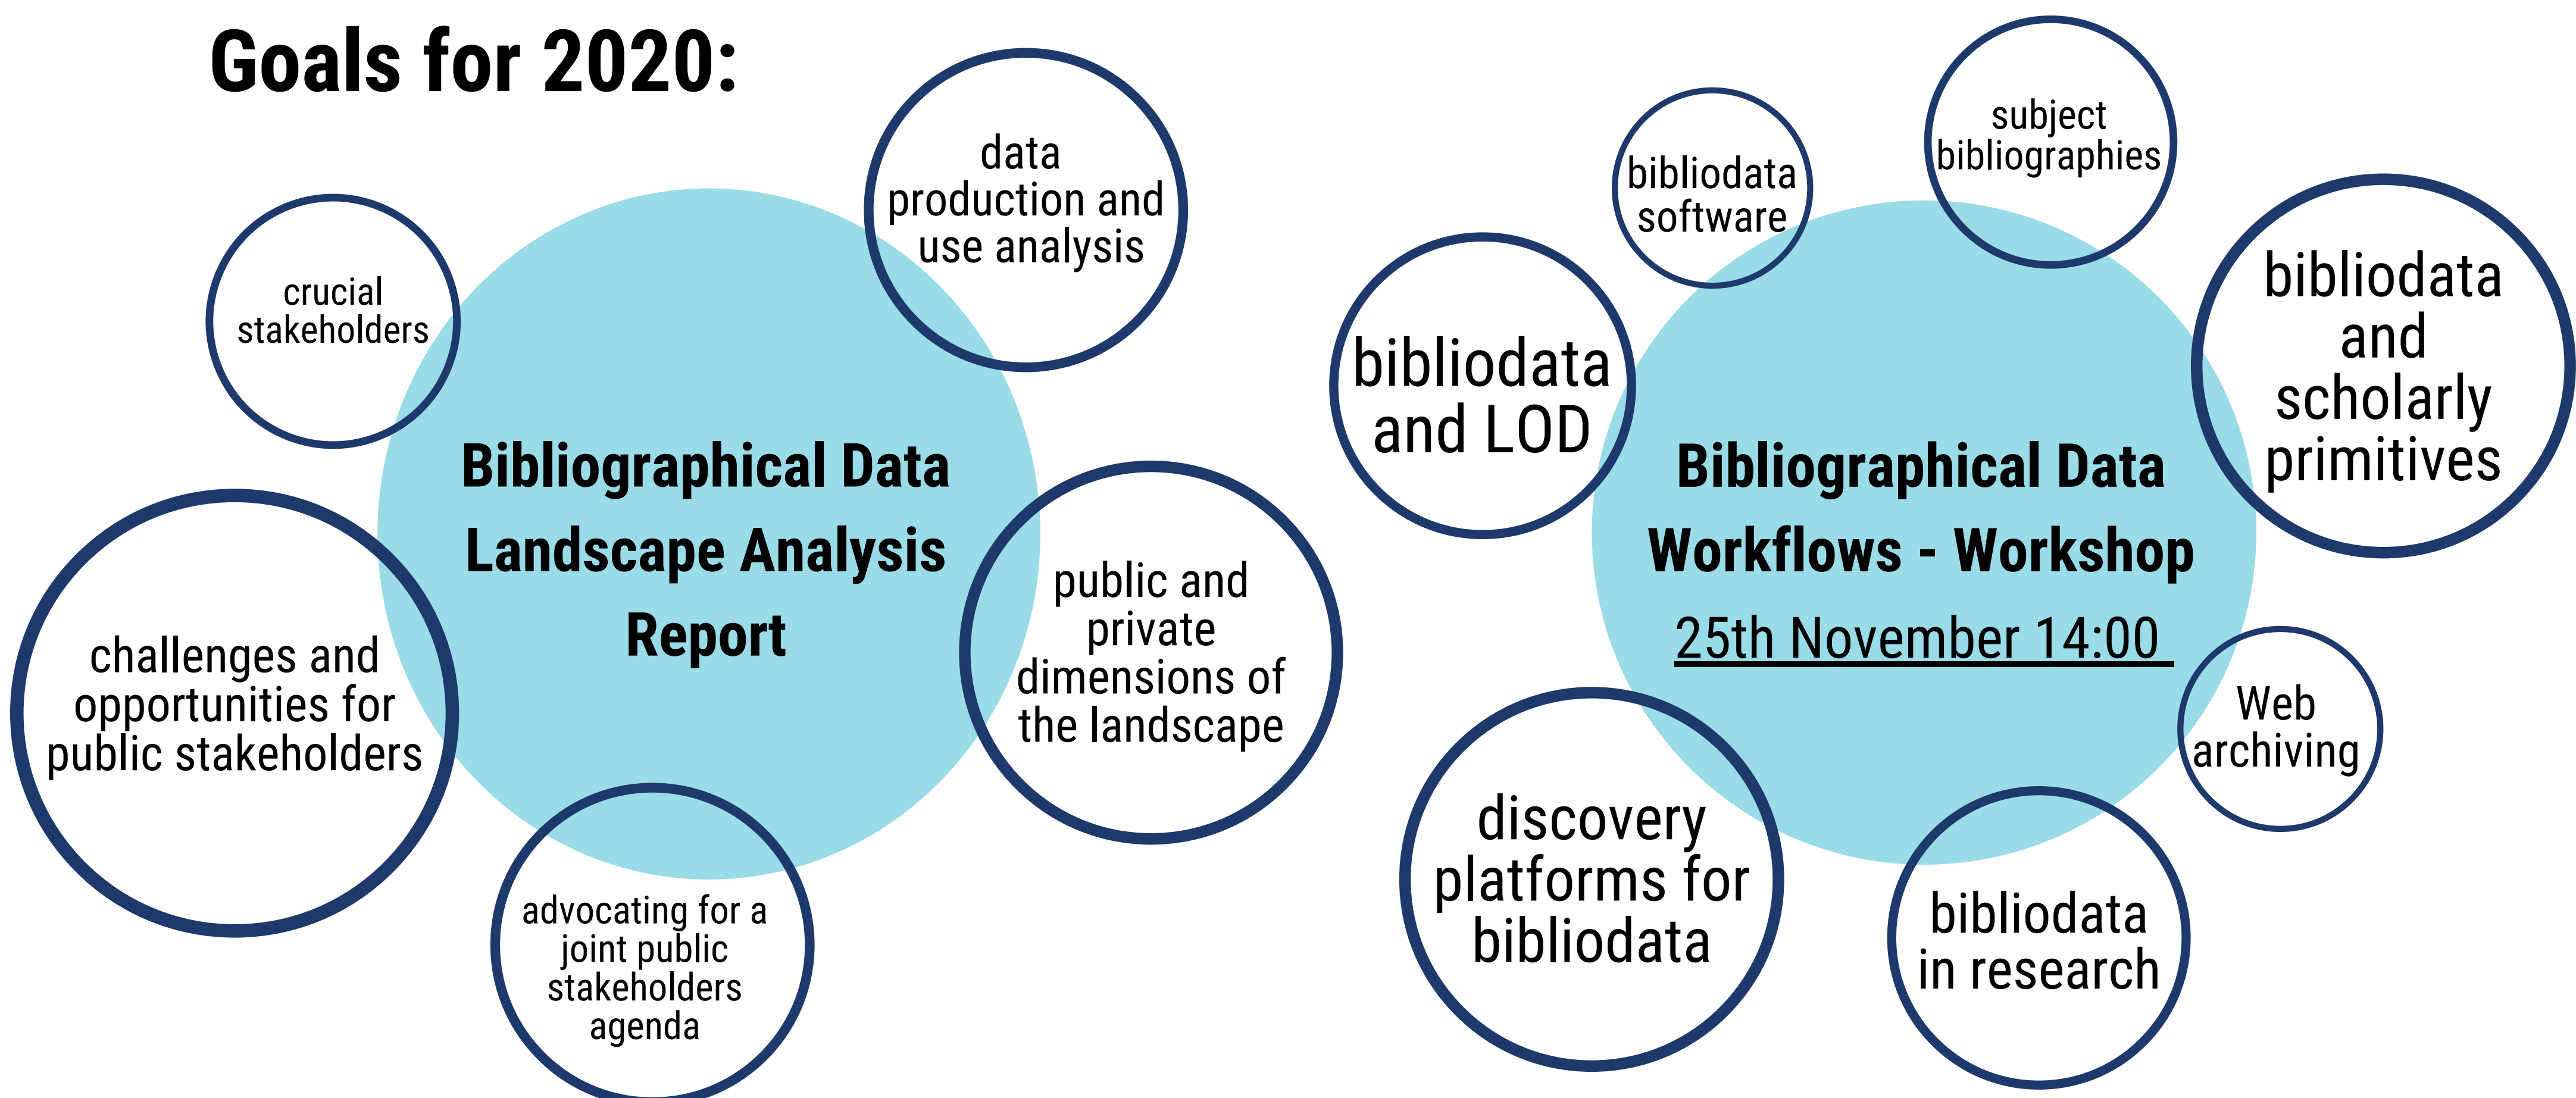

Facilitating international data-based cooperation Processing bibliographic metadata
Remediation of bibliographical information Publishing bibliographies Methodological issues
Data preparation for advanced research Development of user-oriented services

MISSION STATEMENT:

For decades bibliographical information has been among the most widely-used resources in the humanities.

“Bibliographical Data” Working Group aims to foster cooperation between all the parties involved in bibliographic data life cycle in the humanities, especially between data creators, curators, researchers, developers, and theorists of documentation and bibliography.

Goals for 2020:

IF YOU INTERESTED IN THE WG, PLEASE CONTACT US:

Tomasz Umerle: tomasz.umerle@ibl.waw.pl
Vojtěch Malínek: malinek@ucl.cas.cz

@bibliodataWG
