The InnoRenew CoE International Conference 2020

INTEGRATING SUSTAINABILITY
AND HEALTH IN BUILDINGS
THROUGH RENEWABLE MATERIALS
March 27th | Koper, Slovenia 2020

Join us at the [InnoRenew CoE International Conference 2020](#) on 27 March 2020.

The InnoRenew CoE International Conference 2020, "Integrating sustainability and health in buildings through renewable materials", will provide a forum to explore renewable materials and their use for creating healthy, sustainable buildings. The conference is an opportunity to share and discuss emerging science and innovations in renewable materials that can be used in the built environment to enhance human and environmental well-being.

Registration is open until **28 February 2020**.
