

Imagine that you are in a sound environment having a conversation with two people. They are talking about the picture you have next to you. Which Hearing aid do you want for yourself?

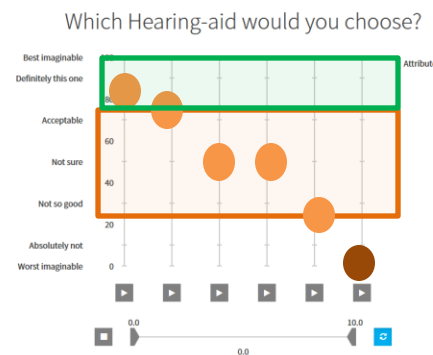

1.-Find the **worst** Hearing Aid and rate it in the range 1-20. It must be similar to the reference

2.-Listen to the other hearing aids and grade them as "Acceptable", "not sure" or "Not good"

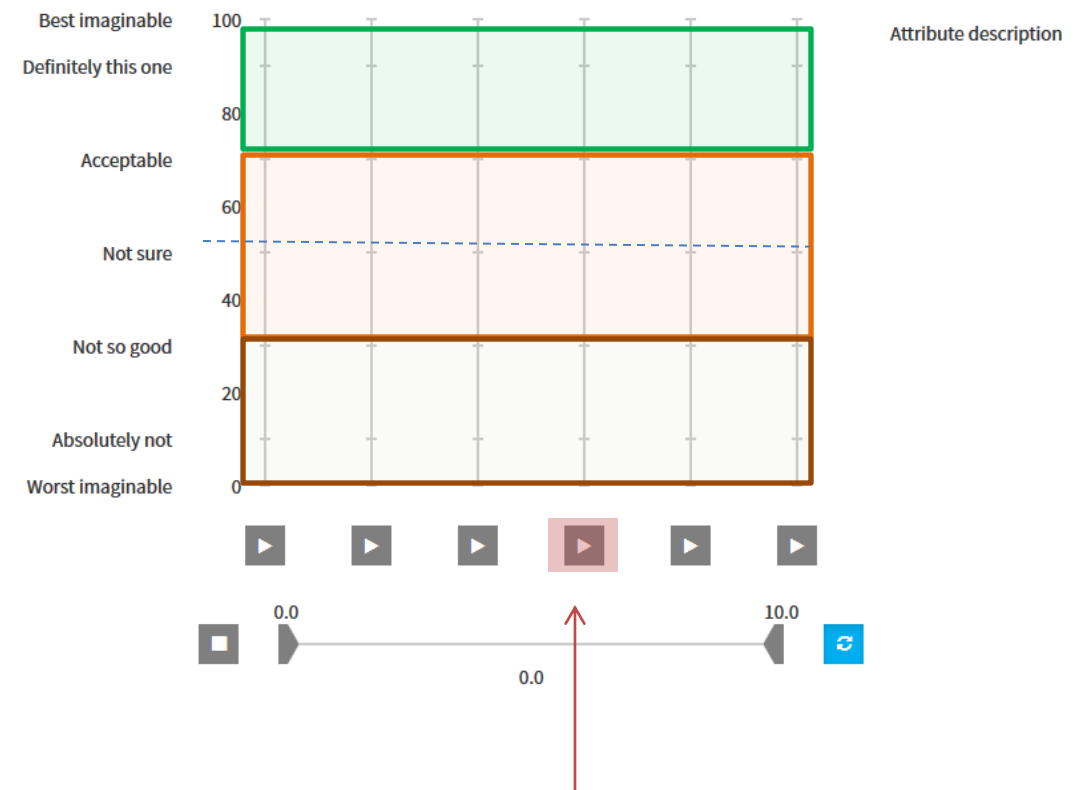

3.-Press **Ranking** to reorganize and listen again more careful to give the final grade

Ranking

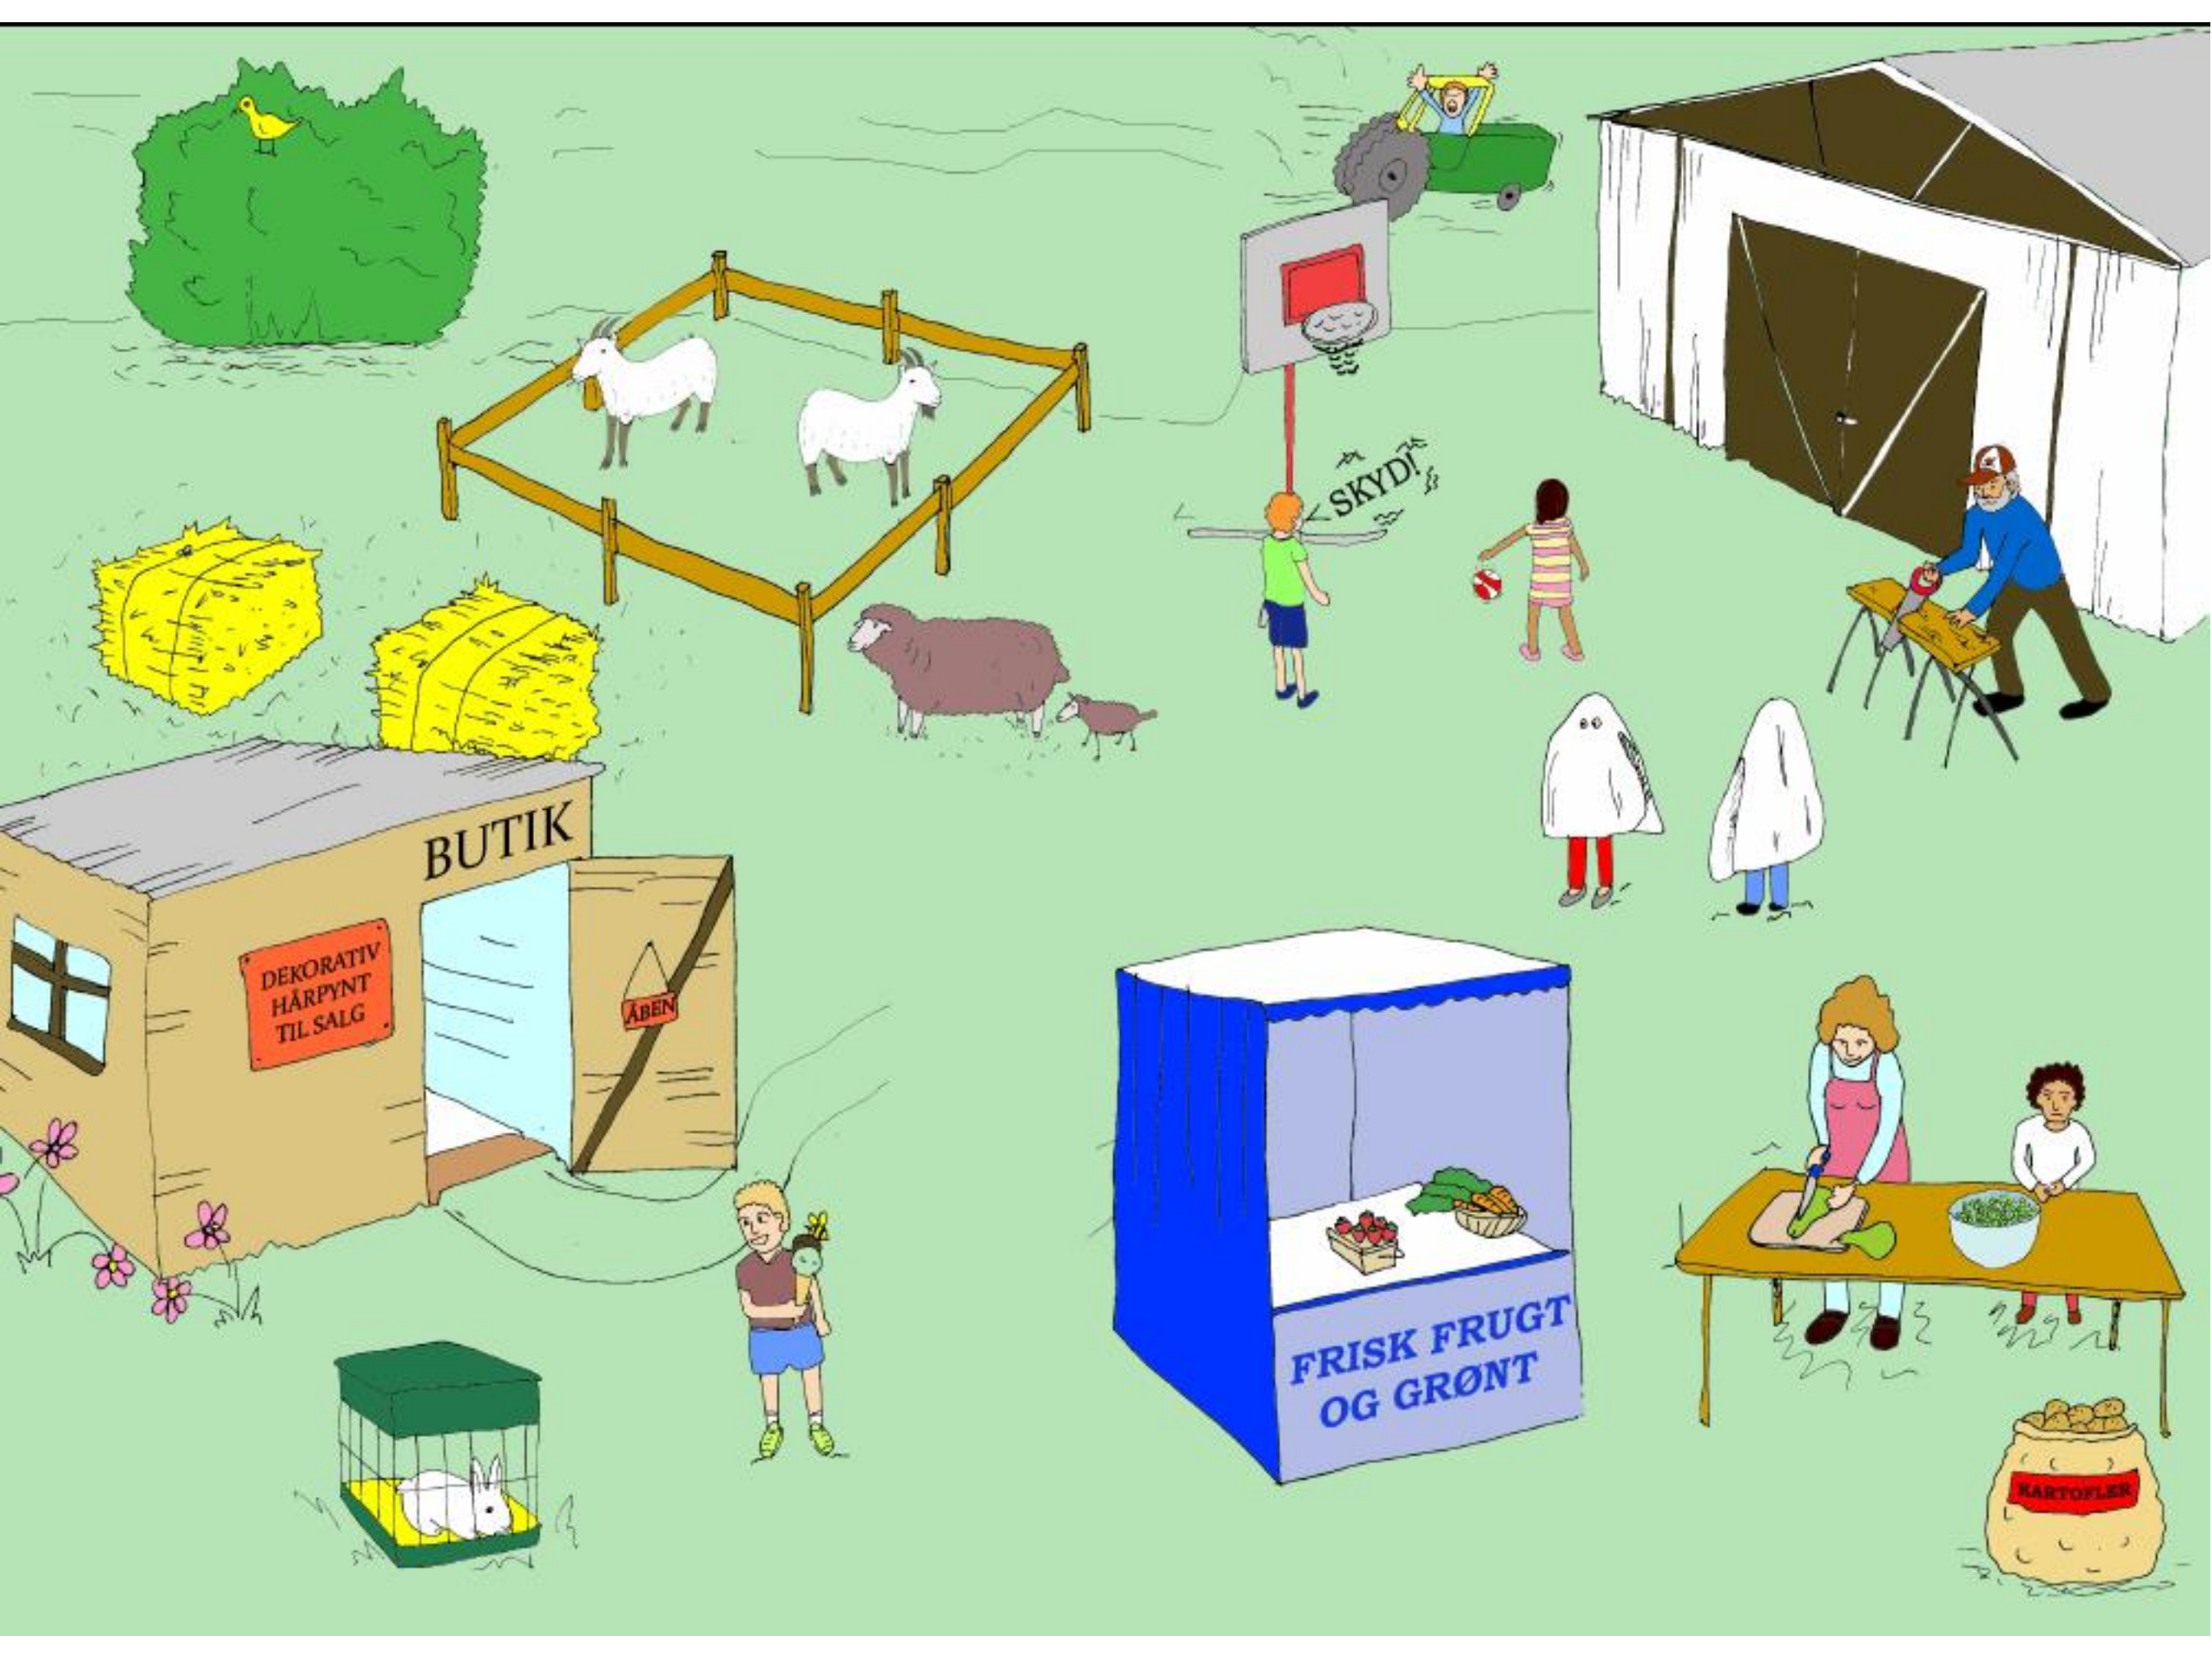

Which Hearing-aid would you choose?
