

	VARIABLE NAME	DESCRIPTION	UNIT
1	participant number	excluded participant: 9	
2	condition	"1": delayed-selection "2": immediate-error "3": delayed-error	
3	horizontal amplitude		deg
4	vertical amplitude	NOT recoded	deg
5	trial number		
6	cued stimulus	"1": upper Gabor cued task-relevant "2": lower Gabor cued task-relevant	deg
7	time distance gaze shift onset/auditory retro-cue onset		ms
8	time distance gaze shift onset/reference onset		ms
9	gaze shift executed between primary saccade offset and auditory retro-cue onset	"1": yes "0": no	
10	gaze shift executed between primary saccade offset and reference onset	"1": yes "0": no	
11	trial excluded in analysis	"1": trial excluded; "0": trial not excluded
