DATA vs COVID-19
## GAME ON

APPLY NOW   F6S   COVID-X.EU

COVID ^X

COVID-19 pandemic is hitting with force. Europe has passed the threshold of 560,000 deaths since February 2020.

We need to narrow down the divide between technology breakthroughs and the healthcare system to **exploit the power of DATA.**
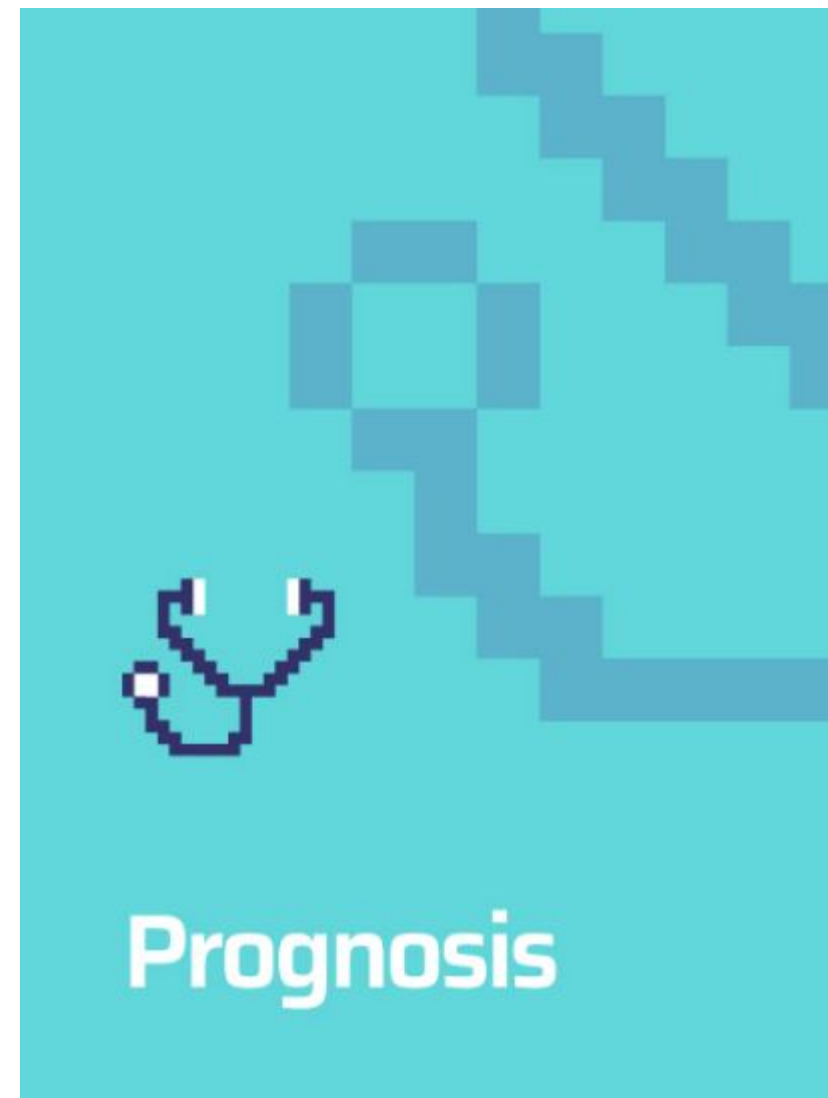

COVID-X – Bridging the Data Divide

- **MISSION** - Connecting the European digital sector and healthcare providers in the fight against COVID-19

- The program unlocks the full capacity of Artificial Intelligence and Data Technology solutions to overcome clinical challenges

COVID-X CHALLENGES

Diagnosis

- **Early Detection**
- **Innovative Diagnostics**

Prognosis

- **Personalized Care**
- **Remote Care**

Follow-up

- **Healthcare Continuity**
- **Recovery**

COVID-X PROGRAM

Offers:

01 Financial Support & Validation

02 Market Acceleration Program

03 Access to COVID-X Data Sandbox

FINANCIAL SUPPORT & VALIDATION

- Direct funding for **30+ Data Technology Solutions** ready-to-market

- Products will be **validated in real-world clinical sites** and must have **CE marking** - or in the process to be certified.

Seeking to validate your solution
with a clinical partner?
