v0.0.1

Preliminary database prepared for:

van Dijk, M., Saghai, Y., Morley, T., & Rau, M. L. (2020), Global food demand projections: A review, In A. Goldberg (Ed.), Choose food: An ethical basis for food production, John Hopkins University Press.

It includes data for 5 studies.

v1.0.0

Database prepared for:

van Dijk, M., Morley, T., & Rau, M. L. & Saghai, Y., (2021), Systematic review and meta-analysis of global food security projections to 2050, Preprint, <https://www.researchsquare.com/article/rs-530565/v1>.

It includes data for 26 studies.

v1.0.1

Database prepared for Nature Food paper:

van Dijk, M., Morley, T., & Rau, M. L. & Saghai, Y., (2021), A meta-analysis of global food demand and population at risk of hunger projections for the period 2010-2050, Nature Food.

It contains the same data as v1.0.0 but with several minor errors fixed:

- Description of source and proj columns was reversed in var_gfsp_db Excel tab
- Source column had wrong version number
- CAWMA reference was missing in list of studies.
