

**Table 1:** Description of Dataset Features.

| Attributes                       | Description   | datatype     | Value   |
|----------------------------------|---|--------------|---|
| <b>Id</b>                        | Unique identifier of the course participant (anonymously).  | Numerical.   | Randomly generated integer.   |
| <b>Sexo</b>                      | Gender of the course participant.   | Categorical. | Feminino / Masculino / Não Informado.   |
| <b>CBO1</b>                      | Occupation declared by the participant. Each participant can declare more than one occupation.                                    | Categorical. | Text coded according to the Brazilian Code of Occupations or “População Geral”. |
| <b>CBO2</b>                      | Occupation declared by the participant. Each participant can declare more than one occupation.                                    | Categorical. | Text coded according to the Brazilian Code of Occupations or NaN.               |
| <b>CBO3</b>                      | Occupation declared by the participant. Each participant can declare more than one occupation.                                    | Categorical. | Text coded according to the Brazilian Code of Occupations or NaN.               |
| <b>Avaliação do curso</b>        | A score given to the course by the participant.   | Numerical.   | 0, 1, 2, 3, 4, 5 or NaN.  |
| <b>Texto da Avaliação</b>        | Comment made by the participant about the course.   | Categorical. | Free text or NaN.   |
| <b>Percentual do Curso</b>       | Percentage of completion of the course.   | Numerical.   | Range from 0 to 100.  |
| <b>Município</b>                 | City where the participant resides.   | Categorical. | Name of the city or NaN.  |
| <b>Estado</b>                    | State where the participant resides.  | Categorical. | Acronym for the Federative Unit according to IBGE or NaN.                       |
| <b>Total de Vínculos</b>         | Number of employment relationships declared by the participant.   | Numerical.   | Participant's total jobs or NaN.  |
| <b>CNES no Sistema Prisional</b> | Identifies whether the participant's CNES belongs to the prison system.   | Boolean      | ‘True’ or ‘False’   |
| <b>CNESs</b>                     | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.   |
| <b>CNESs2</b>                    | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.   |
| <b>CNESs3</b>                    | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.   |
| <b>CNESs4</b>                    | CNES referring to the establishment where the participant works. Each participant can   | Numerical.   | CNES Code or NaN.   |

Data Report: “Health care of Persons Deprived of Liberty” Course from Brazil’s Unified Health System Virtual Learning Environment

|  |   |              |                                      |
|--|---|--------------|--------------------------------------|
|  | declare more than one health establishment.   |              |                                      |
| <b>CNESs5</b>                            | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>CNESs6</b>                            | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>CNESs7</b>                            | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>CNESs8</b>                            | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>CNESs9</b>                            | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>CNESs10</b>                           | CNES referring to the establishment where the participant works. Each participant can declare more than one health establishment. | Numerical.   | CNES Code or NaN.                    |
| <b>Tipo de Estabelecimento (TE-CNES)</b> | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES2</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES3</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES4</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES5</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES6</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES7</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES8</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES9</b>                          | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>TE-CNES10</b>                         | Identification of the type of establishment the course participant works for.   | Categorical. | Text coded according to CNES or NaN. |
| <b>Região</b>                            | Brazilian region in which the participant   | Categorical. | Brazilian region according           |
