Unit 2 - Snippet 55

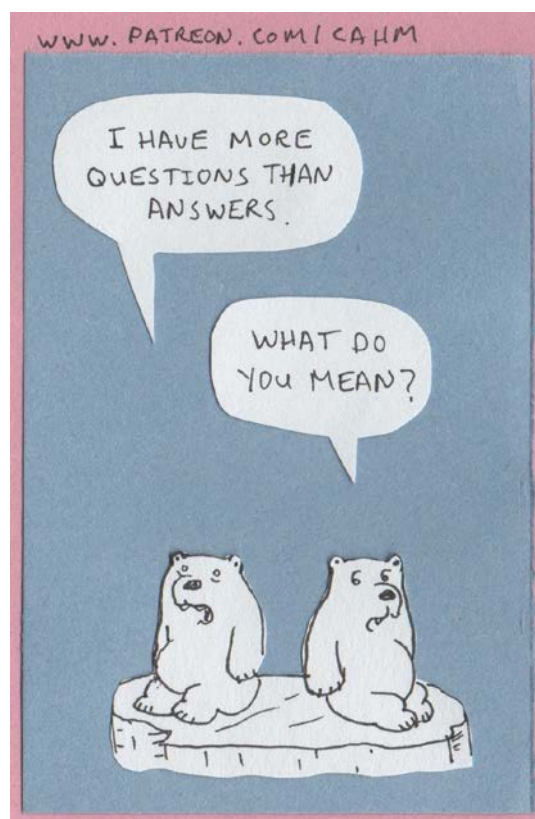

Reflective activity – What have I learned?

Reflect on your learning in this unit thus far. Go over the notes you made in the reflective activity at the beginning of this unit (snippet 28), and then answer the questions below:

- How would you describe your learning experience?
- Did you find the tasks easy or difficult or just right?
- What do you know now that you did not know at the beginning of this unit? Give a few examples.
- What can you do now that you did not do so well or did not do at all prior to covering this unit? Give a few examples.
- How do you expect your new learning to impact your future approach to reading and studying?

Discuss your questions or issues that you would like to clarify with your fellow students. You may be surprised how much you can learn from each other!
