DATA FILES

RAW SURVEY DATA

The survey data is either available as a ‘.sav’ file, compatible with SPSS and other statistical tools, or as ‘.csv’ for maximum compatibility. The .csv file format was chosen to make the data as openly accessible as possible, since both XLSX (Excel) as well as SAV (SPSS) files are not standard open data formats and require specialised or paid software to open and process. Both versions hold the same data.

While the SAV version can simply be opened in compatible software, the CSV variant is made up of two files:

- **GRRIP_stakeholder_survey_data_CSV.csv**
from heron referred to as the “survey data”
- **GRRIP_stakeholder_survey_structure.csv**
from heron referred to as the “survey coding structure”

The survey data file contains all questions and data of the survey, including qualitative data. Each column has a unique variable name header that is reflected in the survey coding structure. The properties of each file are as follows:

- Short but descriptive column names
- Initial column providing Unique IDs for each survey entry
- Survey responses coded as numeric values (except for open ended responses)
- Includes all survey questions, including open ended and “other” responses
- Only includes valid responses, i.e., test responses and responses with extremely low completion rates have been removed
- Fully anonymised

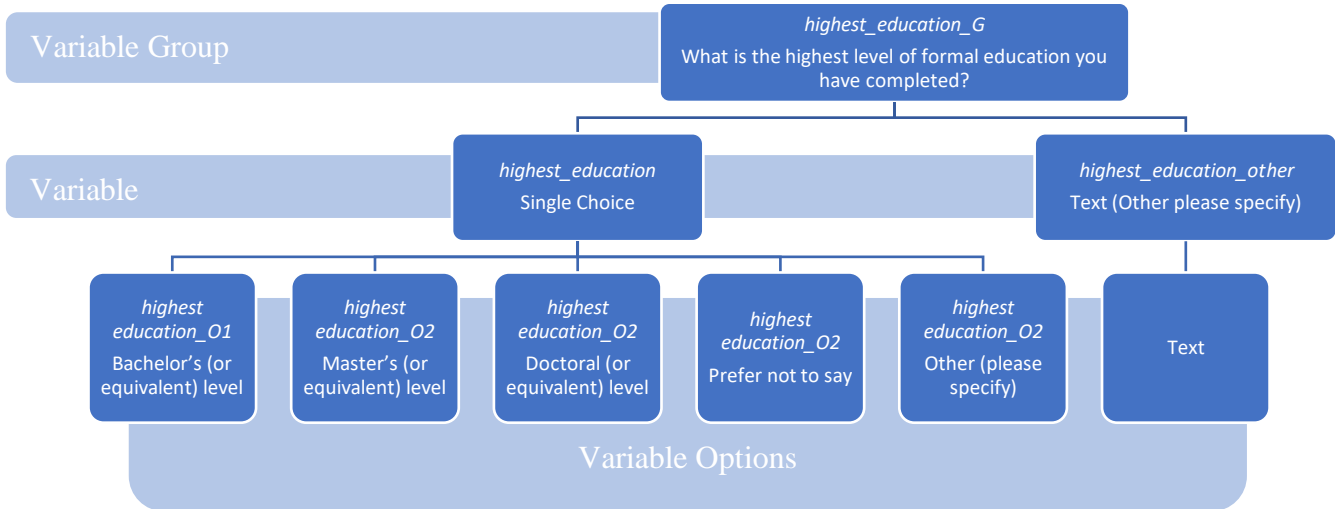

The accompanying survey coding structure file lists all variables of the survey data file and how the numerical values are coded (e.g., “1” = “Yes”). The survey coding structure file lists 3 layers of variable grouping depth:

- **Variable Group**
 - Variables referring to the same question are grouped through a shared variable group name. For example, multiple choice questions have a unique column (variable) within the survey data file for each option, since an arbitrary number and combination may be presented. All columns of a given multiple choice question share the same variable group.
- **Variable**
 - The variable name used in the survey data file to uniquely identify each data column. Variable names may repeat to group all response options to a single question. For example, the different options of a radio (single choice) question are

coded starting from 1. Each numerical value is matched to its label by repeating the variable the required number of times within the survey coding structure file.

- **Variable Options**

- Each Variable may have an arbitrary number of options, such as the different numerical values of a single choice question, or the “Prefer not to say” checkbox of an open-ended question. Variable options cascade from variables and are unique across the entire survey coding structure file.

The above graphic illustrates the hierarchical structure, cascading down from “Variable Group” to “Variable” to “Variable Options”. This structure can be easily converted to a dictionary type object, like a JSON file, while maintaining readability and ease of use of a standard tabular format. Further columns within the survey data structure file are:

- **Question**

- Simply lists the question relating to each response option, down to the variable options level.

- **Type**

- Identifies the type of each question, such as “radio” (single choice), “multiple choice”, “text”, “integer”, etc.

- **Label and Values**

- Label and values are directly related, where label is the text value of the numerical value (values), e.g., “-97” -> “Prefer not to say”

VARIABLE NAMING CONVENTION

All variable groups, variables and variable options follow a common naming convention. Variable groups are always suffixed with a “_G”. Variable options are always identical to their corresponding variable name, suffixed with “_OX”, where X is an incrementing number counting the number of options for each variable. In some cases, variable options may seem redundant where a variable might only have a single option. However, the naming convention was strictly followed to avoid inconsistencies across the survey coding structure file.

- **Example:**
 - Variable Group: *education_G*
 - Variable: *education_arts_and_humanities*
 - Variable Option: *education_arts_and_humanities_O1*

VARIABLE TYPES

The “Type” column of the survey coding structure file specifies the type of each variable as follows:

- **Text:** Simple text string for open ended questions or “other” responses. This is also used for nationality or country, where the number of possible items is extremely large. These are instead encoded as text (e.g., using ISO format for countries such as IE for Ireland).
- **Radio:** Single choice responses.
- **Multiple Choice:** Multiple choice responses.
- **Checkbox:** Checkbox style items, reserved for “Prefer not to say” (-97) toggles of open-ended text and number fields.
- **Integer:** Whole number responses
- **Likert Scale:** Likert scale responses. These are virtually identical to radio, or single choice responses.
- **Likert Scale (Reverse):** Reverse coded Likert scale responses, where the high value (e.g., 7 – “Strongly Agree”) would indicate a difference to the desired or “good” response. **Example:** “Not every human needs to eat” -> “Strongly Agree”
- **Semantic Differential:** Semantic differential questions are answered on a scale (in this case 7 points: -3 to 3). At each end of the scale an adjective is shown, and the respondent selects the point on the scale closest to how they feel/think. Contrary to traditional Likert Scales, only the outer most values have a label (i.e., -3 and 3). This variable type is therefore similar to the integer type, as any value from -3 to 3 may be found, where -3 always refers to the left (usually negative) and 3 to the right (usually positive) end of the scale. **Example:** For the scale [*Unimportant - Important*] -3 would mean “Unimportant” and 3 “Important”. Responses from -2 to 2 would gradually represent a higher/lower perceived level of importance.

SURVEY SPECIFICATION

STAKEHOLDER SURVEY

Informed Consent

Participation in this survey

You have been invited to participate in this survey because you have an interest in a research organisation in the marine and maritime sector and are a stakeholder in the GRRIP (Grounding RRI practices in research performing organisations) project. We are conducting this survey as part of auditing the policies and practices of five marine & maritime organisations involved in GRRIP. We want to hear your perspectives on these policies and practices.

About the GRRIP project

GRRIP is an EU-funded project (grip.eu) that aims to embed sustainable RRI (responsible research and innovation) practices in the marine & maritime sector through institutional and cultural change. GRRIP will embed sustainable RRI practices in five marine & maritime organisations, helping to achieve institutional and cultural changes. The five marine & maritime organisations in GRRIP are: The Centre for Marine and Renewable Energy (MaREI), University College Cork, Ireland Plataforma Oceánica de Canarias (Plocan), Gran Canaria WavEC Offshore Renewables, Lisbon, Portugal Institut Universitaire Mer Littoral U.Nantes (IUML), France Swansea University, Wales

How much time is needed to participate?

This survey takes about 20 minutes to complete. We will ask you a set of demographic questions to understand your background. We will then ask you to tell us the extent to which you agree with and participate in various behaviours related to RRI through your stakeholder involvement.

Who are we?

We are a consortium of researchers working on the GRRIP project (see grip.eu/about-the-project/partners). If you have any questions regarding the overall project, please email grip.eu@gmail.com. This survey is designed and administered by one of GRRIP's partners, ICoRSA. If you have questions about this survey, you can contact survey@qualiaanalytics.org or Dr Eric Jensen at e.jensen@icorsa.org.

What happens to the information you provide?

Please be assured that your responses will be kept confidential. The information you provide will be used for progressing tasks in GRRIP and will be shared with GRRIP partners. We will not publish these survey data with information which identifies you personally. We will not sell these survey data to third parties outside GRRIP. You have the right to withdraw from this survey at any point during your completion of responses. Furthermore, you have the right to skip any survey question for any reason. However, once you have submitted the survey, you can no longer withdraw your responses. This project has received funding from the European Union's Horizon 2020 research and innovation program under grant agreement No 820283.

Agreement to Participate

Please read the following statements: I confirm I am 18 years of age or older. I understand that my responses to the following survey will be securely and confidentially stored. I understand the information I provide about myself is confidential. I understand that my participation is voluntary, and I can withdraw at any time. I agree I have received adequate information about my participation in this research and understand what will happen to the information I provide.

1.1. Please indicate whether you understand the information provided above, agree with the statements above, and are willing to participate in this evaluation: [Checkbox]

Yes, I understand, agree, and am willing to participate in this survey

Shown if Yes, I understand, agree, and am willing to participate in this survey is NOT selected in 1.1. [Applies to text below]

Agreement to Participate If you do not agree with any of the statements above, you will not be able to proceed with the survey. Thanks for your consideration.

This research is being coordinated on behalf of University College Cork and is enabled by the digital platform and support provided by Qualia Analytics (qualiaanalytics.org), a data processor registered with UK's Information Commissioners Office (ICO) and fully compliant with the EU General Data Protection Regulation (GDPR). You may view the privacy policy here. If you have any questions about this survey, please contact survey@qualiaanalytics.org or Dr Eric Jensen at e.jensen@icorsa.org.

Shown if Yes, I understand, agree, and am willing to participate in this survey selected in 1.1. [Applies to text below]

When you are ready, please click on Next to begin this survey.

Personal Background

We would like to start by asking you a few questions to help us understand your personal background. Please answer as accurately as possible and remember that your personal information will remain confidential.

2.1. In what year were you born? [Integer]

Prefer not to say

2.2. Please indicate if you are... [Dropdown]

(We are asking to compare with the Census)

Female

Male

Non-binary

Other

Prefer not to say

2.3. What is your nationality? [Nationality]

If more than one, select the one you most identify with.

Other (please specify)

Prefer not to say

2.4. What do you consider your native language? [Language]

If you have more than one, please select the one that you most identify with.

Other (please specify)

2.5. Are you currently a student at school, college or university? [Radio box]

Yes

No

Unsure

Prefer not to say

2.6. What is the highest level of formal education you have completed?

[Dropdown]

Bachelor's (or equivalent) level

Master's (or equivalent) level

Doctoral (or equivalent) level

Prefer not to say

Other (please specify)

Shown if Doctoral (or equivalent) level selected in 2.6. [Applies to 2.7.]

2.7. Where did you complete your doctoral degree? [Country]

2.8. Which general subject area(s) do you hold degrees in (at or above the bachelor's level)? [Checkbox (Button)]

Please select all that apply.

Education

Arts and humanities

Social sciences, journalism and information

Business, administration and law

Natural sciences, mathematics and statistics

Information and Communication Technologies (ICTs)

Engineering, manufacturing and construction

Agriculture, forestry, fisheries and veterinary
Health and welfare
Services
Prefer not to say
Other (please specify)

To contact you about the GRRIP project in the future, please provide us with your name and email address.

Remember, that your data will be securely stored and kept confidentially.

Employment

3.1. In what type of organisation do you work (or have you most recently worked)? [Dropdown]

Industry (large)
Small and medium-size enterprise [less than 250 employees]
Civil society/non-governmental organisation
Policy
National governmental organisation (including research/innovation funders)
International governmental organisation (including research/innovation funders)
University or similar research performing organisation
Education (other than university)
Prefer not to say
Other (please specify)

3.2. What is your current employment status? [Dropdown]

Employed full-time
Employed part-time
Unemployed (currently looking for work)
Unemployed (not currently looking for work)
Student only
Retired
Self-employed
Prefer not to say
Other (please specify)

3.3. In which of the five marine and maritime organisations below are you a stakeholder for the purposes of the GRRIP project? [Dropdown]

Centre for Marine and Renewable Energy (Ireland)
Institut Universitaire Mer Littoral U.Nantes (IUML), France
Plataforma Oceánica de Canarias (Gran Canaria)
Swansea University (Wales)
WavEC Offshore Renewables (Portugal)
Prefer not to say

[Randomizer: All questions in random order]

3.4. How long have you been aware of the work of the organisation for which you are a stakeholder? [Dropdown]

Less than 12 months
1-2 years
2-3 years
3-4 years
4-5 years
5-6 years
7-8 years
8-9 years
9-10 years
More than 10 years
Unsure
Prefer not to say

	Not at all Familiar	Slightly Familiar	Somewhat Familiar	Moderately Familiar	Extremely Familiar	Not applicable / No opinion
3.5. How familiar are you with the marine & maritime organisation for which you are a stakeholder? [Likert Scale (5-point: Not at all Familiar - Extremely Familiar)]						

Display when the collection source is NOT Web Survey, API Import, Offline Survey, Data Import, Paper Survey [Applies to text below, 3.6. to 3.14.]

I think the marine & maritime organisation for which I am a stakeholder is...

	3	2	1	0	1	2	3	
3.7. Fascinating								Boring
3.8. Exciting								Mundane
3.9. Important								Unimportant
3.10. Useful								Useless
3.11. Valuable								Worthless
3.12. Essential								Unnecessary
3.13. Relevant								Irrelevant
3.14. Good								Bad

Diverse Perspectives

In this section and the following sections of the survey, we want to understand your views about different aspects of research and innovation policy and practice. We also want to understand your view of the marine & maritime organisation for which you are a stakeholder.

4.1. In your view, has the marine & maritime organisation in which you are a stakeholder involved individuals/organisations with a diverse range of perspectives and expertise when planning its research and innovation work in the last 12 months? [Radio box]

Yes

No

Unsure

Not applicable / No opinion

Prefer not to say

Shown if Yes, No OR Unsure selected in 4.1. [Applies to 4.2. to 4.3.]

4.2. What steps, if any, are you aware of that this organisation has taken to involve individuals/organisations with a diverse range of perspectives and expertise in planning its research and innovation work in the last 12 months? [Textarea]

(It is completely fine to simply tick 'unsure' if you don't know about anything specific)

Prefer not to say

4.3. [Checkbox (Inline)]

Unsure

[PAGE BREAK]

Gender Equality

Please specify your level of agreement with the following statement:

	Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree	Not applicable / No opinion
5.1. 'Research organisations in the marine and maritime sector should promote gender equality in their work.' [Likert Scale (7-point: Agree - Disagree)]								

5.2. In your view, does the marine & maritime organisation for which you are a stakeholder take steps to promote gender equality in its work? [Radio box]

Yes

No

Unsure

Not applicable / No opinion

Prefer not to say

Shown if Yes, No OR Unsure selected in 5.2. [Applies to 5.3. to 5.4.]

5.3. What steps, if any, are you aware of that this organisation has taken to promote gender equality in its work in the last 12 months? [Textarea]

(It is completely fine to simply tick 'unsure' if you don't know about anything specific)

Prefer not to say

5.4. [Checkbox (Inline)]

Unsure

Shown if No OR Unsure selected in 5.2. [Applies to 5.5. to 5.6.]

5.5. Are you aware of any barriers facing the organisation in promoting gender equality in its work? [Radio box]

Yes

No

Unsure

Shown if Yes selected in 5.5. [Applies to 5.6.]

5.6. What barriers are you aware of that may be preventing the organisation from promoting gender equality in its work ? [Textarea]

5.7. Are you aware of any barriers facing the marine and maritime research and innovation sector in general for promoting gender equality? [Radio box]

Yes

No

Unsure

Shown if Yes selected in 5.7. [Applies to 5.8.]

5.8. What barriers are you aware of that may be preventing the marine and maritime research and innovation sector in general from promoting gender equality? [Textarea]

5.9. Are you aware of any opportunities/solutions (locally/nationally or internationally) that could support the organisation to address gender equality issues? [Radio box]

Yes

No

Unsure

Shown if Yes selected in 5.9. [Applies to 5.10.]

5.10. What opportunities/solutions are you aware of that could support the organisation to address gender equality issues? [Textarea]

Continuation

Before we finish, we would like to ask you a few more questions in order to fully benefit from your experience to date as a GRRIP stakeholder. Your responses to these questions help to ensure we are getting a complete picture. We understand if you do not have the time to proceed further at this point (in which case you can select 'no, I do not want to continue'). But we would be very appreciative if you would consider spending another five minutes giving us a bit more detail.

12.1. Are you willing to continue with this survey? [Radio box]

Yes, I can answer a few more questions

No, I do not want to continue

Shown if No, I do not want to continue selected in 12.1. [Applies to text below]

Thank you for participating in this survey!

Click Submit below to finish this survey.

Shown if Yes, I can answer a few more questions selected in 12.1. [Applies to text below]

Thank you again for continuing with the survey!

Please click Next to continue.

Shown if Yes, I can answer a few more questions selected in 12.1. [Applies to Views, text below, to 13.9.]

[PAGE BREAK]

Views

On this page, we are asking for your views about a set of statements. Please specify your level of agreement:

[Randomizer: All questions in random order]

	Strongly Disagree	Disagree	Somewhat Disagree	Neutral	Somewhat Agree	Agree	Strongly Agree	Not applicable / No opinion
13.1. 'Research organisations in the marine & maritime sector should maintain an equal number of men and women in research and innovation teams.' [Likert Scale (7-point: Agree - Disagree)]								
13.2. 'Research organisations in the marine & maritime sector have a professional responsibility to communicate findings from their research or innovation work to public audiences.' [Likert Scale (7-point: Agree - Disagree)]								
13.3. 'The marine & maritime organisation for which I am a stakeholder should avoid communicating the results of its work to public audiences.' [Likert Scale (7-point: Agree - Disagree)]								
13.4. 'The best time for marine & maritime research organisations to talk to public audiences about their work is at the very end of the process after all the work has been completed.' [Likert Scale (7-point: Agree - Disagree)]								
13.5. 'The marine & maritime organisation for which I am a stakeholder enthusiastically communicates findings from its work to public audiences.' [Likert Scale (7-point: Agree - Disagree)]								
13.6. 'The marine & maritime organisation for which I am a stakeholder should take gender into account when developing its work.' [Likert Scale (7-point: Agree - Disagree)]								
13.7. 'The marine & maritime organisation for which I am a stakeholder should take ethnic diversity into account when developing its work.' [Likert Scale (7-point: Agree - Disagree)]								
13.8. 'Gender is irrelevant to the work of the marine & maritime organisation for which I am a stakeholder.' [Likert Scale (7-point: Agree - Disagree)]								
13.9. 'Ethnic differences are irrelevant to the work of the marine & maritime organisation for which I am a stakeholder.' [Likert Scale (7-point: Agree - Disagree)]								

Please click Next to continue.

Shown if Yes, I can answer a few more questions selected in 12.1. [Applies to Final Thoughts, text below, to 14.2.]

[PAGE BREAK]

Final Thoughts

14.1. What comes to mind when you think of ‘responsible research and innovation’ as it relates to the marine & maritime organisation for which you are a stakeholder? [Textarea]

Prefer not to say

14.2. What else would you like to add relating to the topics covered in this survey? [Textarea]

Prefer not to say

Thanks again for taking the time to complete this survey in full! Our next steps will include careful analysis of your responses, along with others from across Europe. These responses will be used to inform and evaluate changes taking place at marine & maritime sector research organisations across Europe. At a later date, anonymised results from this survey will be used for research purposes and, where feasible, made fully, publicly and freely available with a link on the GRRIP project website: grip.eu.

Click Submit below to finish this survey.

EMAIL MESSAGES

Stakeholder Survey Email

Subject: Invitation to contribute your perspective on research and innovation

Body: Dear participant, This is an invitation to contribute your views about the practices and policies of the marine and maritime organisation for which you are a stakeholder. This survey should take you about 20 minutes to complete. By participating in this survey, you are contributing to an audit of participating marine and maritime organisations in the GRRIP project (grrip.eu). This study is funded by the European Union's Horizon 2020 research and innovation program under grant agreement No 820283. You may access the survey by using the following link: BEGIN SURVEY Alternatively, you may copy and paste the following link into your browser: Unknown
