

<i>Variable name</i>	<i>Details</i>
ID	researcher ID
ASN_result	ASN result: 0="non-qualification"; 1="qualification"
CD_I1	the number of journal papers
CD_I2	the total number of citations received
CD_I3	h-index
ND_I1	number of journal papers and book chapters
ND_I2	number of papers published on Class A journals
ND_I3	number of published books
accomplishment1	number of items submitted for accomplishment #1
accomplishment2	number of items submitted for accomplishment #2
accomplishment3	number of items submitted for accomplishment #3
accomplishment4	number of items submitted for accomplishment #4
accomplishment5	number of items submitted for accomplishment #5
accomplishment6	number of items submitted for accomplishment #6
accomplishment7	number of items submitted for accomplishment #7
accomplishment8	number of items submitted for accomplishment #8
accomplishment9	number of items submitted for accomplishment #9
accomplishment10	number of items submitted for accomplishment #10
accomplishments	number of positive assessed accomplishments
indegree	indegree index (discipline network)
outdegree	outdegree index (discipline network)
infocent	information centrality index (discipline network)
prestige	prestige index (discipline network)
bonpow	Bonacich's power index (discipline network)
self_citations	number of self citations
RF_indegree	indegree index (RF network)
RF_outdegree	outdegree index (RF network)
RF_infocent	information centrality index (RF network)
RF_prestige	prestige index (RF network)
RF_bonpow	Bonacich's power index (RF network)
