OpenAIRE Content Provider Dashboard

A service aiming to enable trust within the European repositories network

Pedro Príncipe, André Vieira, Paula Moura

The OpenAIRE Content Provider

Dashboard

- **One-stop-shop** web service
for
- **Content providers** (institutional & thematic repositories, data archives, journal, aggregators, CRIS systems)
who
- interact with OpenAIRE (share and exchange metadata and content)
- **Front-end access** to many of OpenAIRE's **backend services**

What?

Validate

The **Validator** service assess the metadata quality by measuring your data source compatibility with the the **OpenAIRE guidelines** to expose your content by using global standards: <https://guidelines.openaire.eu/en/latest/>

Register

If validation succeeds your data source can be **registered for regular aggregation** and indexing in OpenAIRE. Additionally, you become part of the EOSC ecosystem and a global interlinked network. Reach a wider audience around the world.

Collection monitor

Collection monitor provides the **aggregation history**. Track the aggregation stage, collection mode and the number of records aggregated thus improving your metadata quality.

Satisfying the user needs

Enrich

Improve your metadata. Get more connections. **OA Broker service** offers a wealth of information on scholarly communication data. Find out what interests you and subscribe to enrich your records.

Measure

Share usage data via OpenAIRE's global **Metrics Service – usage counts**. Get the benefit of an aggregated environment.

Notifications

Once registered in OpenAIRE, content providers can use the Provide functionalities and to **get notifications & alerts** (enrichments, errors, useful info).

Who?

- Targets:
 - Literature & Data Repository managers
 - Data archives managers
 - CRIS systems managers
 - OA journals editors
 - Libraries
 - National aggregators
- Over **2300** content providers (direct data sources with access to the dashboard)

Why?

- Benefits

- Extending repository metadata models to Open Science practices
- Keeping the collections up-to-date: alerts, enrichments, additions
- Fostering notification-based and federated dissemination of knowledge

- Added Value, improve:

- Repository interoperability, collections and content for enhanced visibility and access

- Institution memory & research assessment

How?

- Free to register and use – learn about the service functionalities and use the validator and the registration.
- Once registered in OpenAIRE, the data source managers can access the broker events, subscribe and refine metadata enrichments, receive notifications, enable usage counts service and track the aggregation activity.

Enrich Your Content - Browse Events

For each topic a sample of 100 events will be displayed, as well as the total number that can be potentially built for your data source. If you are interested to receive the full list, you can subscribe to these events and then be notified about the new enrichment events.

More	
ADDITIONAL METADATA INFORMATION THAT MAY ENRICH OR SUPPLEMENT UNIVERSIDADE DO MINHO: REPOSITORIUM CONTENT	# OF EVENTS
ENRICH/MORE/OPENACCESS_VERSION Another Open Access version of a publication	134629
ENRICH/MORE/PID Another persistent identifier associated to your publications	23006
ENRICH/MORE/SUBJECT/ARXIV Another ARXIV classification term that can be associated to your publications	558

Missing	
MISSING METADATA INFORMATION THAT MAY ENRICH OR COMPLETE UNIVERSIDADE DO MINHO: REPOSITORIUM CONTENT	# OF EVENTS
ENRICH/MISSING/OPENACCESS_VERSION An Open Access versions of your publications	134629
ENRICH/MISSING/AUTHOR/ORCID An Open Researcher and Contributor ID (ORCID) that can be associated to an author of your publications	11535
ENRICH/MISSING/PROJECT A project reference that can be associated to your publications	624

 **Universidade do Minho: Reposit...**

Improve your metadata. Get more connections

- OpenAIRE Broker service
 - Wealth of information on scholarly communication data to enrich the metadata or the content of the data source
 - Publication's enrichments:
 - Open Access version(s)
 - Additional associated PIDs
 - An associated Open Researcher and Contributor ID (ORCID)
 - Links to project
 - Subject classification (ACM, arXiv, JEL, DDC, MeSH)
 - Publication Date
 - Beta: links to datasets, software

Usage

Jan. 2021-Mar.2022

Share usage data via OpenAIRE's global Open Metrics Service.

Get the benefit of an aggregated environment to broaden the mechanisms for impact assessment.

USAGE ANALYTICS

Make your content count

Building trust and value

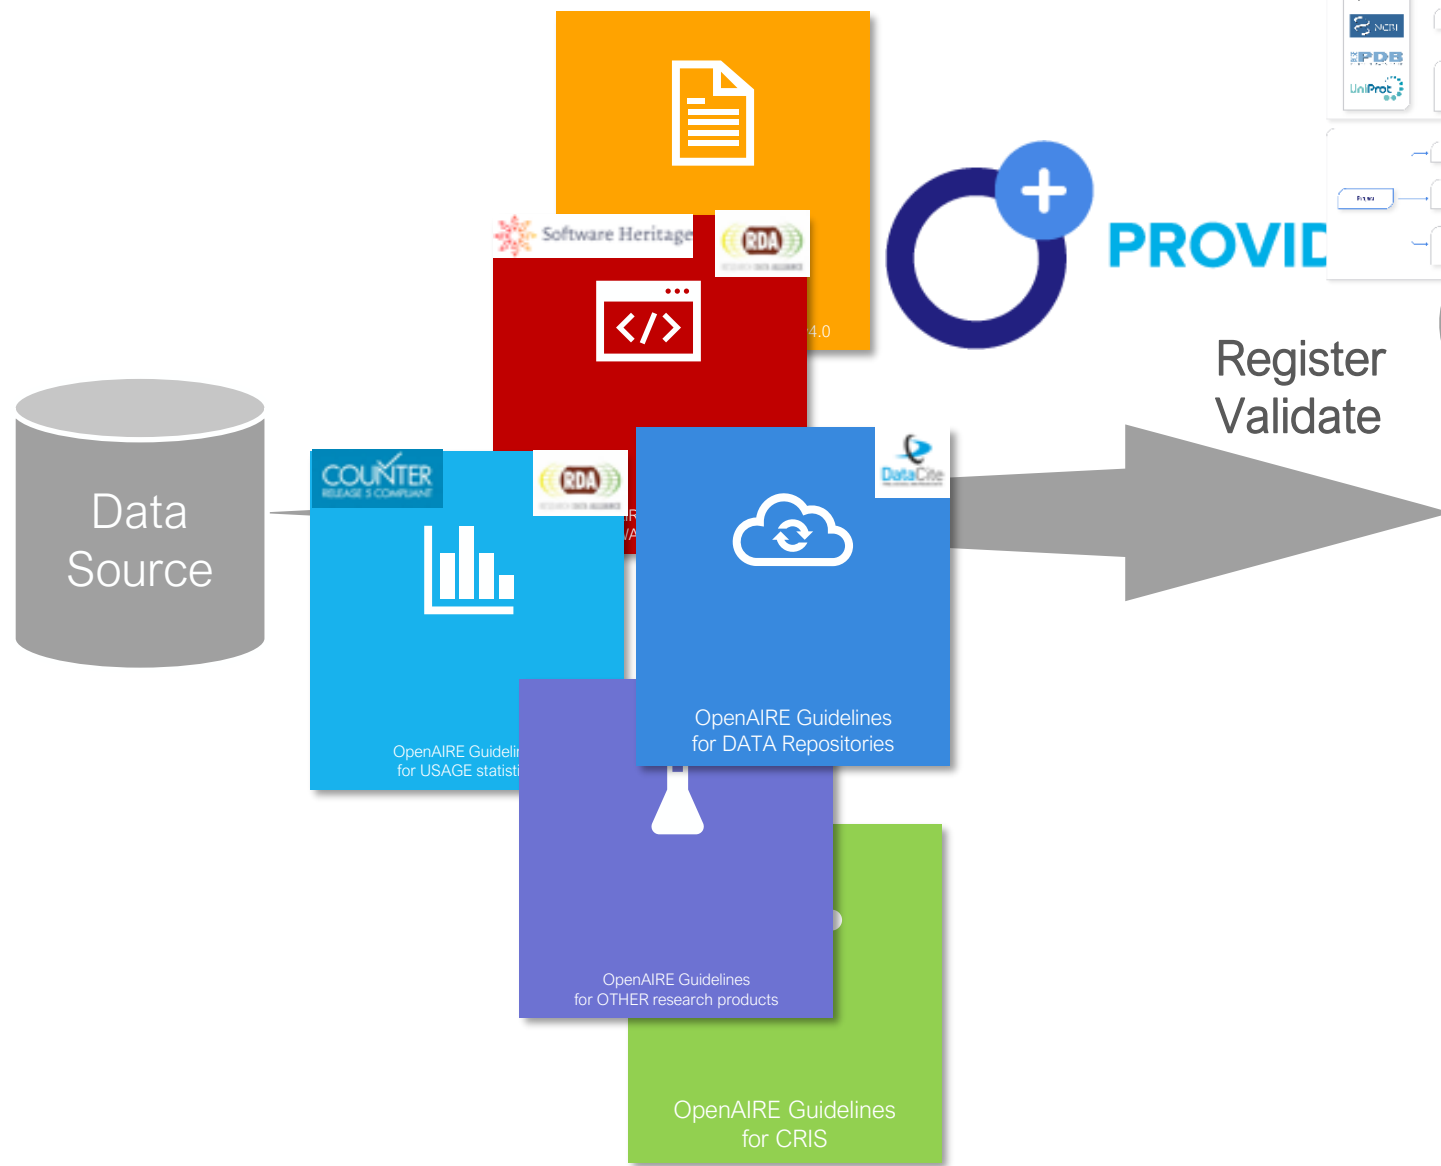

- Repositories network
- Community-driven service with a strong focus on the end-user needs (user-centered design) based on feedback during the **monthly community calls**
 - **Challenges for:**
 - Better relationship and interaction with the targeted users
 - Transparency of the service's developments

Role to the EOSC

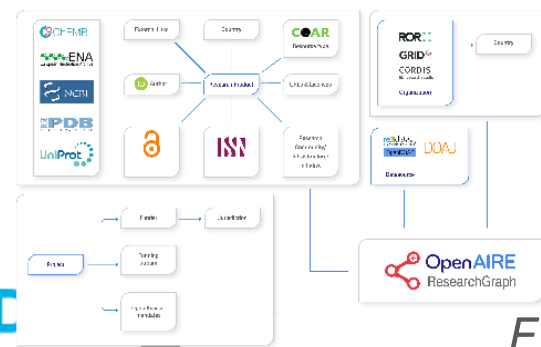

- **Interoperability compliance** via the OpenAIRE Guidelines.
Every data source validated in OpenAIRE is EOSC compliant
- **Integration** of the data sources registration workflow within the **EOSC Research Product Catalogue**
- OpenAIRE Research Graph becomes a **key asset for discovery and monitoring within the EOSC**
