Readme for *Figure data and code for Potential pension fund losses should not deter high-income countries from bold climate action*

Gregor Semieniuk, Lucas Chancel and Eulalie Saïsset

June 22, 2023

The files in this Zenodo repository allow creating all the figures and inspecting all their data points in the manuscript and supplementary information of the article *Potential pension fund losses should not deter high-income countries from bold climate action* at https://doi.org/10.1016/j.joule.2023.05.023

The R software is needed to do most calculations, but 3 figures are plotted in Excel.

More information about the origin of the data can be found in the Methods section of the article's supplementary information.
