JOIN MÖBIUS COMMUNITY

MÖBIUS

Möbius aims to build a **network of ecosystem-related projects** in order to forge synergies.

We strongly believe that **working together** makes it possible to facilitate the integration of emerging technologies, to help **the new media ecosystem** become more adaptive and inclusive, and better promote content; and, support synergies across media, operators, technologists, and cultural/arts actors in order to develop a stronger network of stakeholders.

What can we offer you?

Communication
Share your activities with our European network of stakeholders.

Visibility
Have your logo, website and social media channels on our website as member of our community.
