# Summer 2022 Newsletter

Welcome to Arctic PASSION's first quarterly newsletter, Click [here](#) to subscribe and receive the newsletter automatically.

## A message from the coordinator

*Dear Arctic PASSION partners and colleagues, dear interested readers!*

*We are happy to share with you the first of our Arctic PASSION newsletters to provide you with new developments and information showcasing what has been going on in Arctic PASSION. The project has now almost finished its first year, and we are excited to finally meet for our first in-person General Assembly end of June in Marienlyst, Denmark!*

*We are delighted that we could welcome a number of new participants joining our team of more than 140 members over the past year, especially the early career scientists. We are very grateful that our Advisory Board that has also been recently strengthened by the Saami Council and the INTAROS project.*

*Activities in the project have been manifold. New observing devices have been deployed, coordinating and collaborative actions aiming at an enhanced and better integrated observing system have been initiated or supported by Arctic PASSION. Also the work in and with the Indigenous Communities and Community Based Monitoring actions has started successfully. Arctic PASSION partners have also held a number of workshops and webinars, and the website and social media are up and running.*

*I look forward to the next exciting steps with the Arctic PASSION team and our international collaboration partners!*

## Upcoming events

Arctic PASSION will be present at the following events. Check out the details of where else you can meet us in person in the near future.

### General Assembly

The Arctic PASSION General Assembly will be held in person at the Hotel Marienlyst in Denmark, from June 27th-30th 2022.
