

Increasing African Indigenous Knowledge and Research Output Through Digitization

PRESENTED BY: Joy Owango
- Executive Director

@ tcc africa

About us

TCC Africa is an award-winning Trust, established as a non-profit entity in 2006. We provide capacity support in improving researchers output and visibility through training in scholarly and science communication.

Our Mission

Contribute to the increase in profile, locally, and internationally, of African science, and its impact on the life of Africans, by improving skills in technical communication in all forms, at academia and other relevant forums, in Africa.

Our Values

Collaborative

Supportive

Goal -Oriented

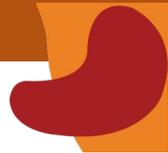

Our Objectives

Train. Support. Empower.

Researchers through capacity in improving their
research output and visibility.

40+

SUPPORTED RESEARCHERS &
WORKED IN 40+ COUNTRIES

15,645

RESEARCHERS
TRAINED

Our Capacity Building Ecosystem

Library & Information Literacy Excellence

Upgrade Libraries

Supporting libraries in transitioning to latest Open Science academic publishing technology using FAIR principles

Adoption of Open Science

Education & Awareness

Educate, facilitate and create partnerships on Open Access to raise the profile of African research

Journal Selection Strategy Advance Scholarship

Smart strategies in mitigating predatory publishing.
Adoption of use of preprints
Increase global credibility, Indexing, ranking & Impact on international communities of knowledge, commerce & public policy.

Higher Education Excellence for Sustainable Economic Development Strengthen Knowledge Economies

Integrate higher education with industry & public policy to increase economic growth & sustainable development.

Research Excellence Maximize Research

Improve the quality, quantity, visibility & impact of institutional research.

Higher Education Leadership Excellence Increase Ranking

Assess, develop & implement strategies to improve institutional quality, leading to higher global ranking.

Open Science 4 Industry

Data 4 Impact

We promote “data for impact (D4I) ” by leveraging on Open Science and modern data infrastructure to enhance public insights.

Our Industries

+ Research Institutions

+ Healthcare

+ Agriculture

+ Logistics & Transport

+ Manufacturing

+ Higher Education

Africa PID Alliance

A community of **PID** enthusiasts in and from Africa aiming to lead and realize a **FAIR** sharing of access and data through the use of Persistent Identifiers in innovation, research and technology within the cultural, scientific and cross-industry ecosystems.
