

EU-PolarNet 2

Co-ordinating and Co-designing the European Polar Research Area

Anneli Strobel
(Project Manager, AWI)
ASSW2023

The ambition of EU-PolarNet 2

- To establish a sustainable and inclusive **platform to co-develop and advance European Polar research actions**
- To give evidence-based **advice to policymaking** processes
- To sustain the platform in a **European Polar Coordination Office (EPCO)** after EU-PolarNet 2 ends

Polar research coordination

Informing

Provide easily discoverable and up-to-date information on national research activities

Liaising

Develop stronger linkages with relevant international partners and programmes

Coordinating

Coordinate the EU Polar Cluster and the European Polar research

European Polar Coordination Office

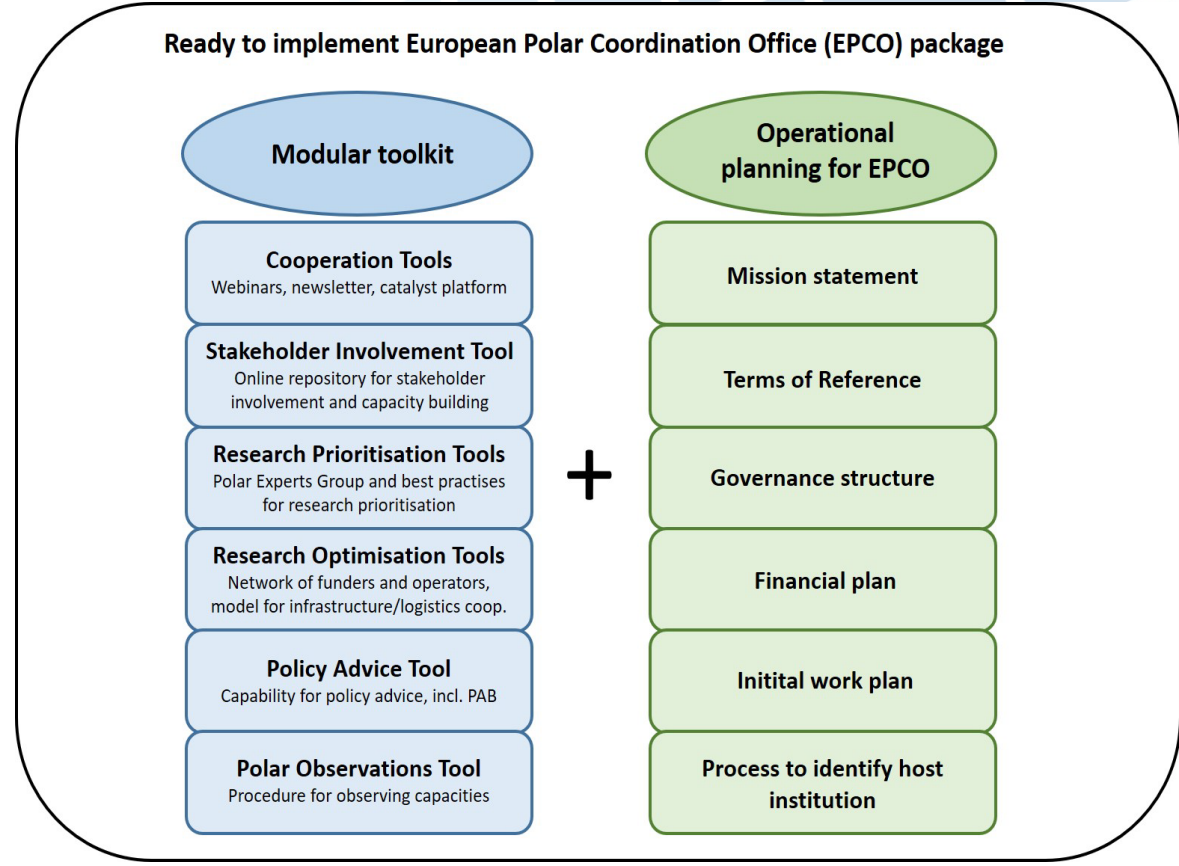

Polar Observation Tool'

Coordination of European Arctic & Antarctic observations . Procedure to gather information on Polar observing capacities

Modular toolkit

Combining successful tools of all WPs. Defining the role, structure and operational process of the EPCO.

Future activities

- Permafrost webinar, **21 March, 11:00 CET**
- Transdisciplinary workshop/Policy briefing Antarctica
 - **3-4 May 2023**
- Webinar Antarctic governance, spring 2023
- Research prioritisation workshop, 12-16 June 2023
- Two thematic webinars 2023
- Cluster meeting end of June 2023
- Policy briefing 2024 (research priorities)
