At the end of 2010 we started using QGIS when it was Quantum GIS. We are registered on the QGIS User Groups. We are very happy for this one, but we want to do much more for QGIS philosophy.

At the beginning of the COVID-19, paradoxically, many people in the world began to be more united. This was how the idea of promoting the use of QGIS through mini-workshops called Cafés con Plugins

(Coffes with Plugins).
