

CO₂ GeoNet Autumn Webinar

20-21 September 2021

14.00-16.30

CO₂ Capture, Utilisation and Storage (CCUS) is a vital part of the climate solution. Efforts to address CO₂ emissions are accelerating and diversifying in Europe and these sessions seek to highlight a few key points of progress from 2021.

AGENDA

20th September 2021, 14:00 – 16:30 CET

Chair: Ceri Vincent, CO₂GeoNet President

14:00 - **Welcome** | Ceri Vincent, President of CO₂GeoNet

14:05 - **Keynote: Progress of the European Green Deal & CCS strategy in Europe**

Maria Velkova, DG Clima

14:25 - *Q&A session*

Session 1: Status of European/international forerunner projects

14:30 - **CTSCo Surat Basin CCS Project** | Darren Greer, CTSCo Australia

14:45 - **Northern Lights/Longship** | Stephane Vignau, Equinor

15:00 - **New Canadian projects** | Rick Chalaturnyk, University of Alberta

15:15 - *Panel discussion/Q&A*

15:25 - *Short break*

Session 2: Emerging CCUS technologies and new projects

15:30 - **Hydrogen and CCS in a circular economy - The Greensands project** | Niels H. Schovsbo, GEUS

15:45 - **The ACCSESS project - Capture of biogenic CO₂, transport and storage in the North Sea**

Kristin Jordal, SINTEF

16:00 - **Hydrogen activities in Portugal** | Sofia Simões, LNEG

16:15 - *Panel discussion/Q&A*

16:25 - **Closing remarks** | Roman Berenblyum, CO₂GeoNet ExCo Chair

16:30 - *Latest time for event close*

21st September 2021, 14:00 – 16:45 CET

Chair: Ceri Vincent, CO₂GeoNet President

14:00 - **Welcome** | Ceri Vincent, President of CO₂GeoNet

14:05 - **Keynote: Societal transition to a sustainable future** | Paal Frisvold, EU Climate Pact Ambassador Norway

14:25 - *Q&A session*

Session 1: Recent progress in industrial CCS projects

14:30 - **Steel/Pulp&Paper/Waste incineration: Oslo plant (Longship)** | Jannicke Bjerås, Fortum Oslo Varme

14:45 - **Low carbon cement (CLEANKER)** | Alla Shogenova, TalTech

15:00 - **Latest news from the QUEST project** | Sara Minisini, Shell

15:15 - **Gorgon project** | Ishtar Barranco, Chevron Australia

15:30 - *Panel discussion/Q&A*

15:40 - *Short break*

Session 2: Research - Contributions to MMV, storage potential and risk assessment

15:45 - **Progress at the Field Research Station, Canada** | Don Lawton, University of Calgary

16:00 - **HyStories - Hydrogen Storage In European Subsurface** | Arnaud Reveillere, GeoStock

16:15 - **State of play of CO₂ storage in Europe** | Heike Rütters, BGR

16:30 - *Panel discussion/Q&A*

16:40 - **Outlook for 2022 and close** | Roman Berenblyum, CO₂GeoNet ExCo Chair

16:45 - *Latest time for event close*
