

Q14 What additional supports do you think your client families can benefit from?

Answered: 73 Skipped: 29

ABA Survey

#	RESPONSES	DATE
1	Mental health support for families, parents and siblings.	12/10/2019 9:38 PM
2	clear parent training carryover	12/9/2019 9:46 PM
3	Respite staff that are well trained, support from families with older children or adults, basic training on medication	11/20/2019 7:44 PM
4	Education in child development.	10/14/2019 3:14 AM
5	Quality Respite care	10/6/2019 6:34 AM
6	More support for respite in the home, community. More activities to provide their children on afterschool, weekends.	9/25/2019 12:04 PM
7	family training	9/23/2019 7:27 PM
8	ABA training and addressing managing that within their life setup	9/23/2019 3:58 PM
9	I think the town where I work needs more community awareness and resources	9/23/2019 1:42 AM
10	Counseling and group support.	9/22/2019 7:11 PM
11	More resources of what is available for them	9/22/2019 12:42 PM
12	Effective parents' training	9/22/2019 7:11 AM
13	More research.	9/21/2019 10:39 PM
14	Respite care, education on what autism and ABA are, resources to sibling groups, and more access to information about supports for adult clients once they age out of the school system.	9/21/2019 3:42 PM
15	Additional parent training, better information and access to community resources available to them	9/21/2019 11:00 AM
16	Families can benefit from a parent training program. Increased collaboration and consistency across home, school, and outside services.	9/21/2019 10:59 AM
17	Caregiver training curricula, support groups, outings/events with others affected by autism,	9/21/2019 8:12 AM
18	Mental health therapy for parents	9/21/2019 7:06 AM
19	Information on a community of other families that are welcoming right after a diagnosis and that continue to provide support for one another with recommendations and information. Actual steps to take after a diagnosis that isn't just a diagnosis and sending them away to figure it out and offering grief support. And lastly, REASONABLE "parent training" - not a long BIP that has to be implemented the entire time the child is home. Something reasonable and attainable that helps the family live more successfully together and helps the child grow.	9/20/2019 11:19 PM
20	Therapy or self care practices	9/20/2019 11:11 PM
21	Counseling	9/20/2019 11:00 PM
22	How important follow through is	9/20/2019 10:17 PM
23	Help with managing sibling relationships. Also help coordinating getting other services in the area, including feeding therapy, talk therapy, OT and Speech.	9/20/2019 10:16 PM
24	More awareness of evidenced based treatments. It's important that they understand that technology in and of itself does not constitute evidenced based treatments. So, one may use wearable technology to measure behavior, but research needs to be done on if that actually changes behavior or merely measure it.	9/20/2019 10:09 PM
25	Respite, education advocates	9/20/2019 9:39 PM
26	More funding through the NDIS ro access appropriate intensity of therapy	9/20/2019 9:11 PM
27	Family support groups	9/20/2019 9:09 PM
28	Family support groups	9/20/2019 9:05 PM
29	More respite services, public schools that actually implement effective, intensive ABA	9/20/2019 8:54 PM

ABA Survey

	programs.	
30	Effective collaboration build around trust, adequate and appropriate feedback, flexibility to accommodate their constraints.	9/20/2019 8:31 PM
31	Counseling for families.	9/20/2019 6:57 PM
32	More services that work together	9/20/2019 6:38 PM
33	Support groups for parents and siblings. Community outreach providers. Job skills training.	9/20/2019 6:06 PM
34	Respite care	9/20/2019 3:23 PM
35	Coaching	9/20/2019 3:17 PM
36	OT & psych	9/20/2019 3:05 PM
37	Respite, better school supports, more centralized treatments	9/20/2019 3:00 PM
38	More local resources. I work in remote areas.	9/20/2019 2:19 PM
39	Help with developing detailed procedures for how to respond to behaviors in all the environments and an opportunity to practice the required skills in clinic first. Parent training is too much like attending a workshop and not enough BST	9/20/2019 2:16 PM
40	Respite care is often hard to come by. As a BCBA it is very hard for me to provide support due to funding constraints. often times payers will not allot a great deal of time to parent training, or they will force me to do it in times when my RBTs are not working. This is crazy because if the RBT is at school or in the clinic with the child I cannot be at home working with the parent. I find many of my parents require legal advice that I cannot provide as a BCBA.	9/20/2019 2:12 PM
41	Training in behavioral interventions and understanding behavior.	9/20/2019 2:11 PM
42	More parent training as a foundation to their child's treatment	9/20/2019 2:04 PM
43	Families need more mental health support	9/20/2019 1:56 PM
44	counseling/therapy to cope with being a parent or a child with a disability, support groups with other parents meeting often	9/20/2019 1:47 PM
45	Respite trained in ABA at least at the RBT level.	9/20/2019 1:41 PM
46	There seems to be a deficit in vocational skills training in our area. In addition to support groups.	9/20/2019 1:26 PM
47	Developmental training at relevant lifespan stages	9/20/2019 12:51 PM
48	ABA to target more functional based skills to do with daily living skills.	9/20/2019 12:51 PM
49	Funding for hours, training of paraprofessionals, more parent specific training/knowledge	9/20/2019 12:49 PM
50	Home and community supports	9/20/2019 12:46 PM
51	Not sure	9/20/2019 12:42 PM
52	Knowledge from other providers of other disciplines. ABA tends to be a very know it all discipline	9/20/2019 12:19 PM
53	Ethical practices from all ABA agencies	9/20/2019 12:12 PM
54	Knowing their rights fir IEPs, more readily available info., OT, speech, increased collab between school and home	9/20/2019 12:11 PM
55	Additional parent groups/support groups and advanced planning for their children	9/20/2019 12:09 PM
56	Respite. More supervision hours. Child care.	9/20/2019 12:02 PM
57	Parent participation in programs, supervision/ support for BCBA 's, availability of such ABA programs, Availability of experienced professionals	9/20/2019 12:01 PM
58	Respite	9/20/2019 11:55 AM
59	They would benefit from early intervention and parent training. Often when clients get to us they are adults and the parents can no longer handle them due to the severity of maladaptive	9/20/2019 11:49 AM

ABA Survey

	behaviors	
60	access to state services	9/20/2019 11:48 AM
61	Funding for adult services	9/20/2019 11:37 AM
62	Detailed list of resources with quality indicators/good routes depending on specific needs of the child	9/20/2019 11:36 AM
63	more parent training and more support	9/20/2019 11:34 AM
64	As much education as possible	9/20/2019 11:29 AM
65	Better transition services between clinic, home and school so that ABA therapy can be faded out more appropriately when needed. Mandatory caregiver/parent participation in training with a BCBA would be helpful. Transportation funding would be helpful to make sure that kids who want and need services at a clinic could get it and better relationships between schools and clinics so the clients are receiving the care and support necessary.	9/20/2019 11:29 AM
66	Aphasia is a common disorder with ASD. This makes treatment difficult.it would be nice to have confirmation that this is present before targeting behavior approaches to teaching new verbal skills.	9/20/2019 11:22 AM
67	Respite care, family therapy	9/20/2019 11:21 AM
68	family therapy, neuroplasticity specialist	9/20/2019 11:17 AM
69	Wrap around treatment for the entire family.	9/20/2019 11:13 AM
70	More knowledge of Autism in the medical field.	9/20/2019 11:12 AM
71	Waiver supports	9/20/2019 11:12 AM
72	Post 21 information and guidance in what to do after school.	9/20/2019 11:10 AM
73	Most clients are not well informed on adult services or long term services, even those individuals who aspire to attend college or get a job. Accommodations vs. modifications and how those can affect an adult client once they transition out of high school.	9/20/2019 11:09 AM
