

Euro-BioImaging Scientific Ambassadors Program

Mentor: Joyce Kao

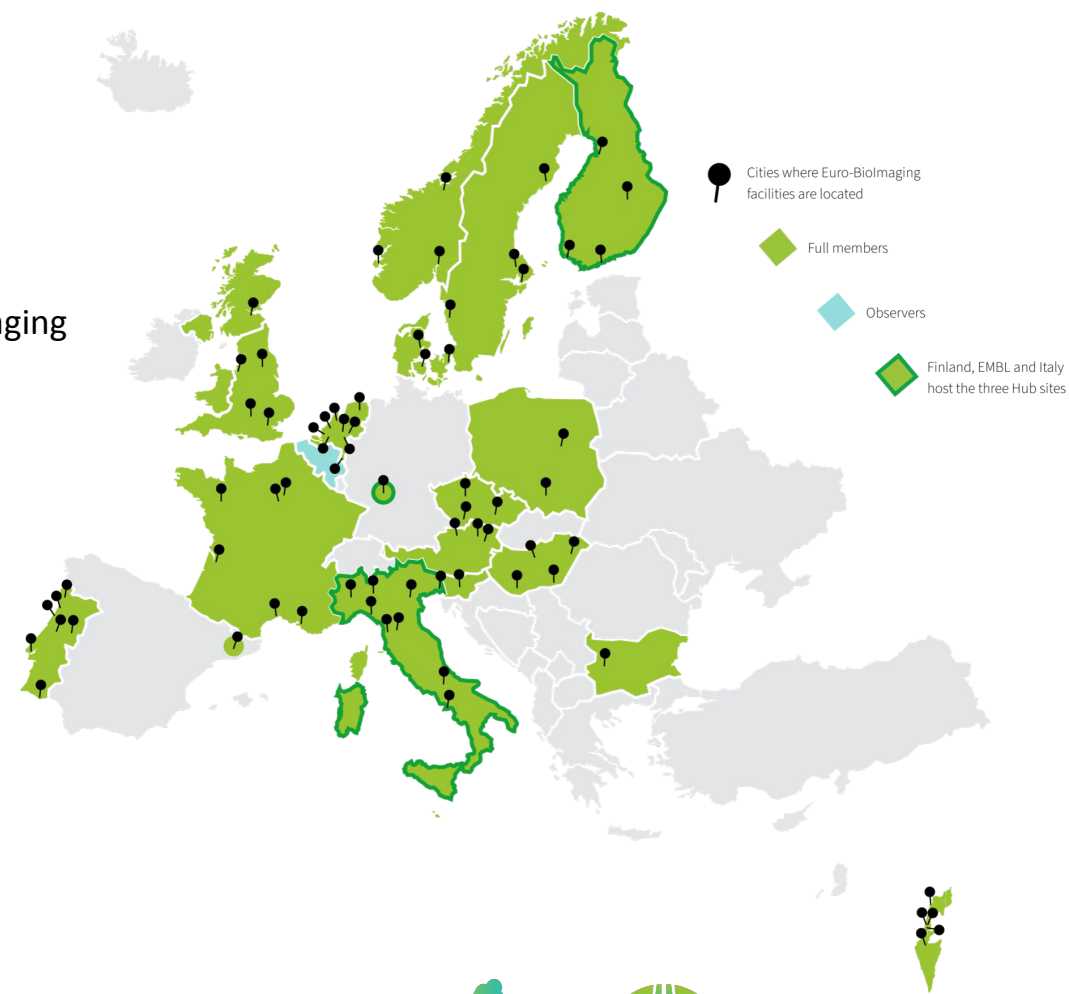

Mentee: Beatriz Serrano-Solano

EURO BIOIMAGING

The European Research Infrastructure for Biological and Biomedical Imaging

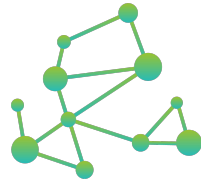

Euro-BioImaging Nodes provide **open access** to imaging technologies & expertise

- ✓ *Euro-BioImaging is a distributed research infrastructure with Nodes across Europe*
- ✓ *Publicly funded, not-for-profit organisation*

PRECLINICAL IMAGING

LIGHT MICROSCOPY

ELECTRON MICROSCOPY

HUMAN IMAGING

Goal & Team

Launch a **Scientific Ambassadors Program** for Euro-BioImaging

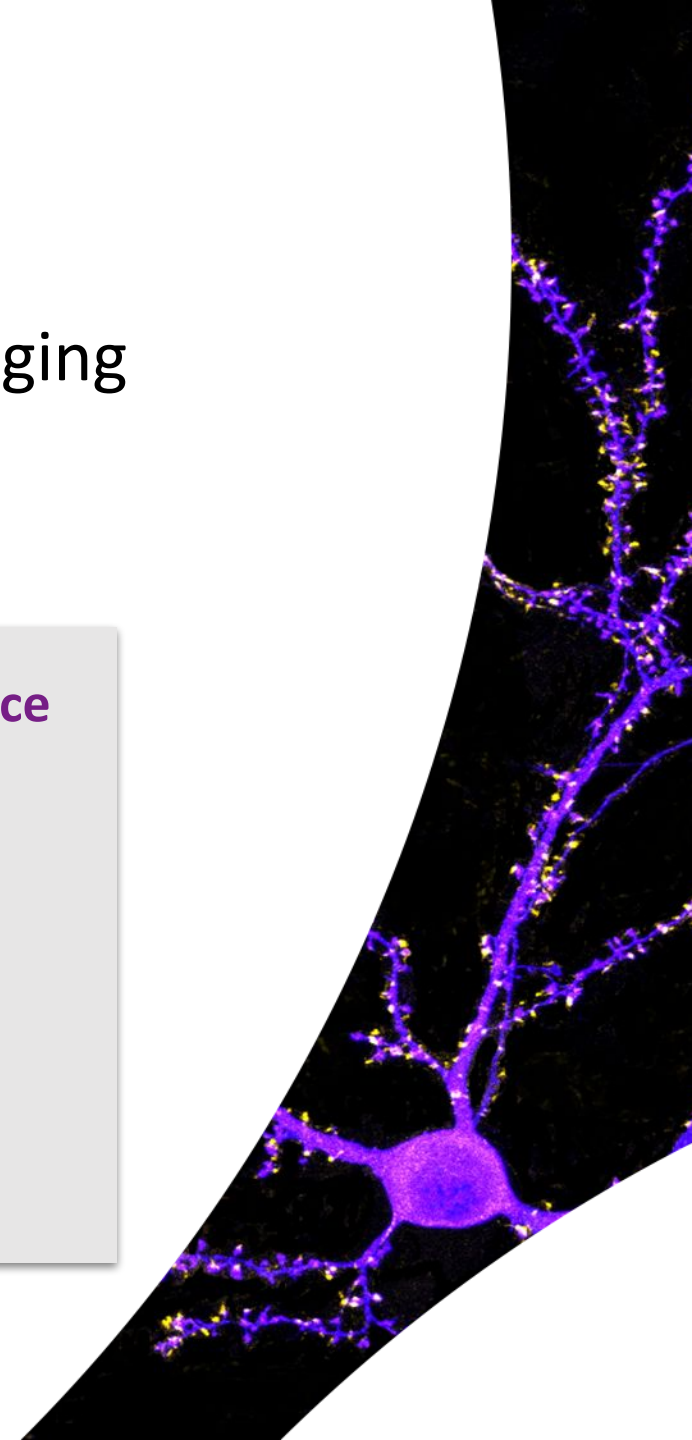

Someone that goes above and beyond regular engagement

Goals

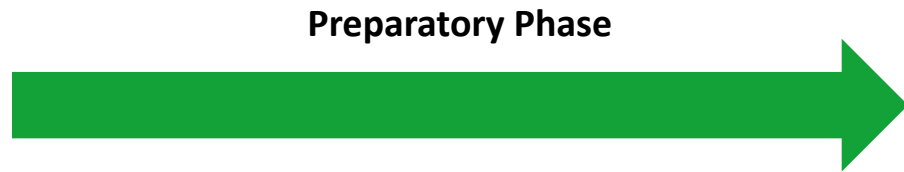

- Reward informal ambassadors
- Encourage new leads to emerge
- Raise awareness of EuBI and imaging infrastructures
- Recruit new users

Euro-BioImaging Task Force

Erika Cerutti (IT)
Ferial Ramdhane (IT)
Johanna Bischof (DE)
Aastha Mathur (DE)
Marianna Poli (DE)
Camilo Guzmán (FI)

Structure of the Project

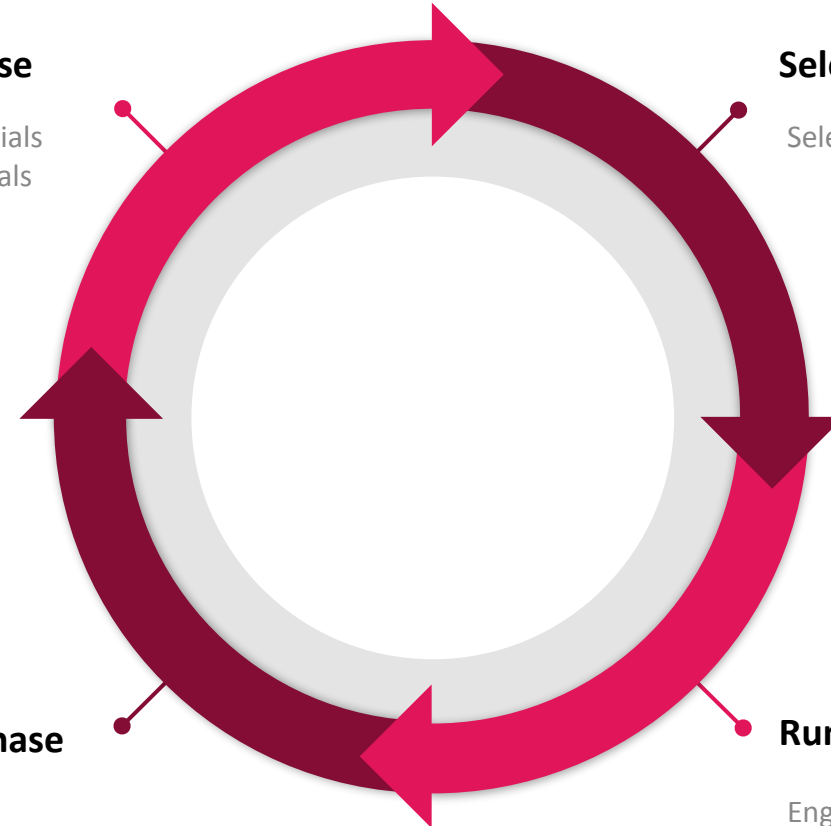

Community analysis → Target audience
Participation requirements
Rewards & Expectations
Application form

Launching Phase

Onboarding materials
Supporting materials

Selection Phase

Selection panel

Offboarding Phase

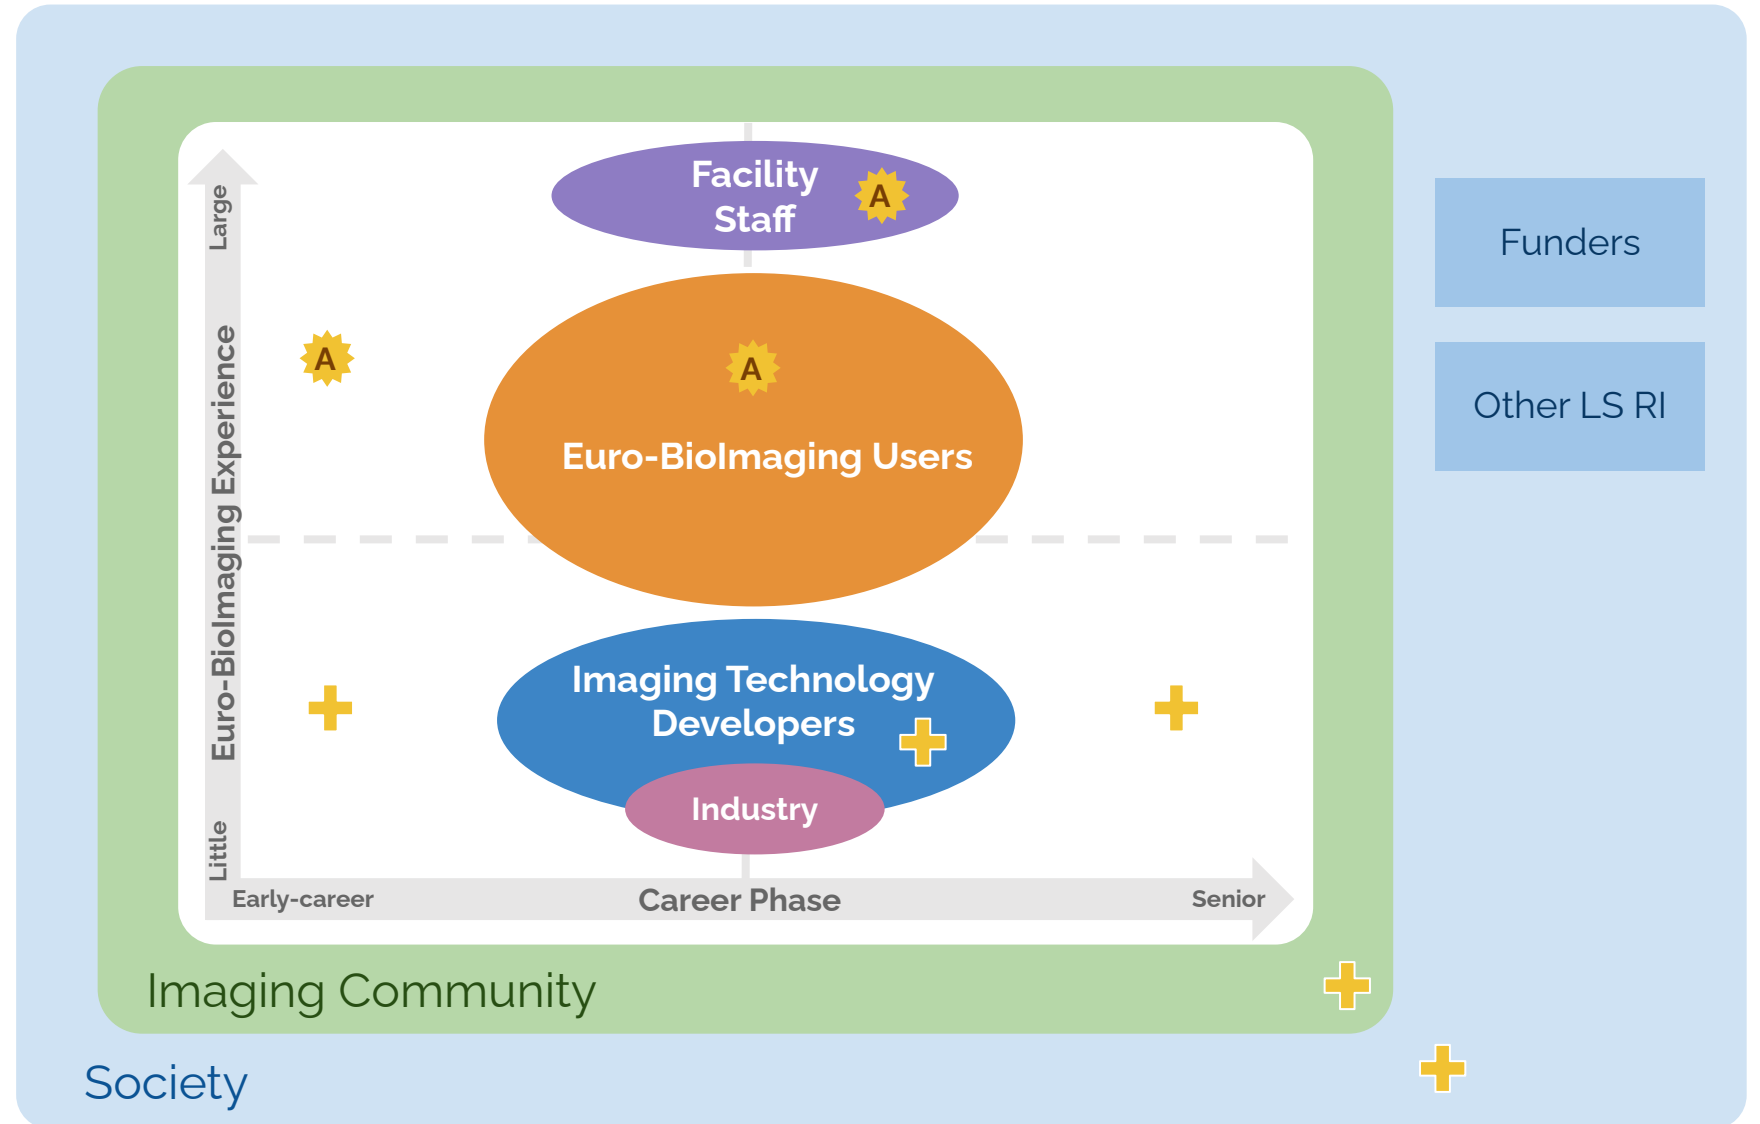

Recognition
Evaluation

Running Phase

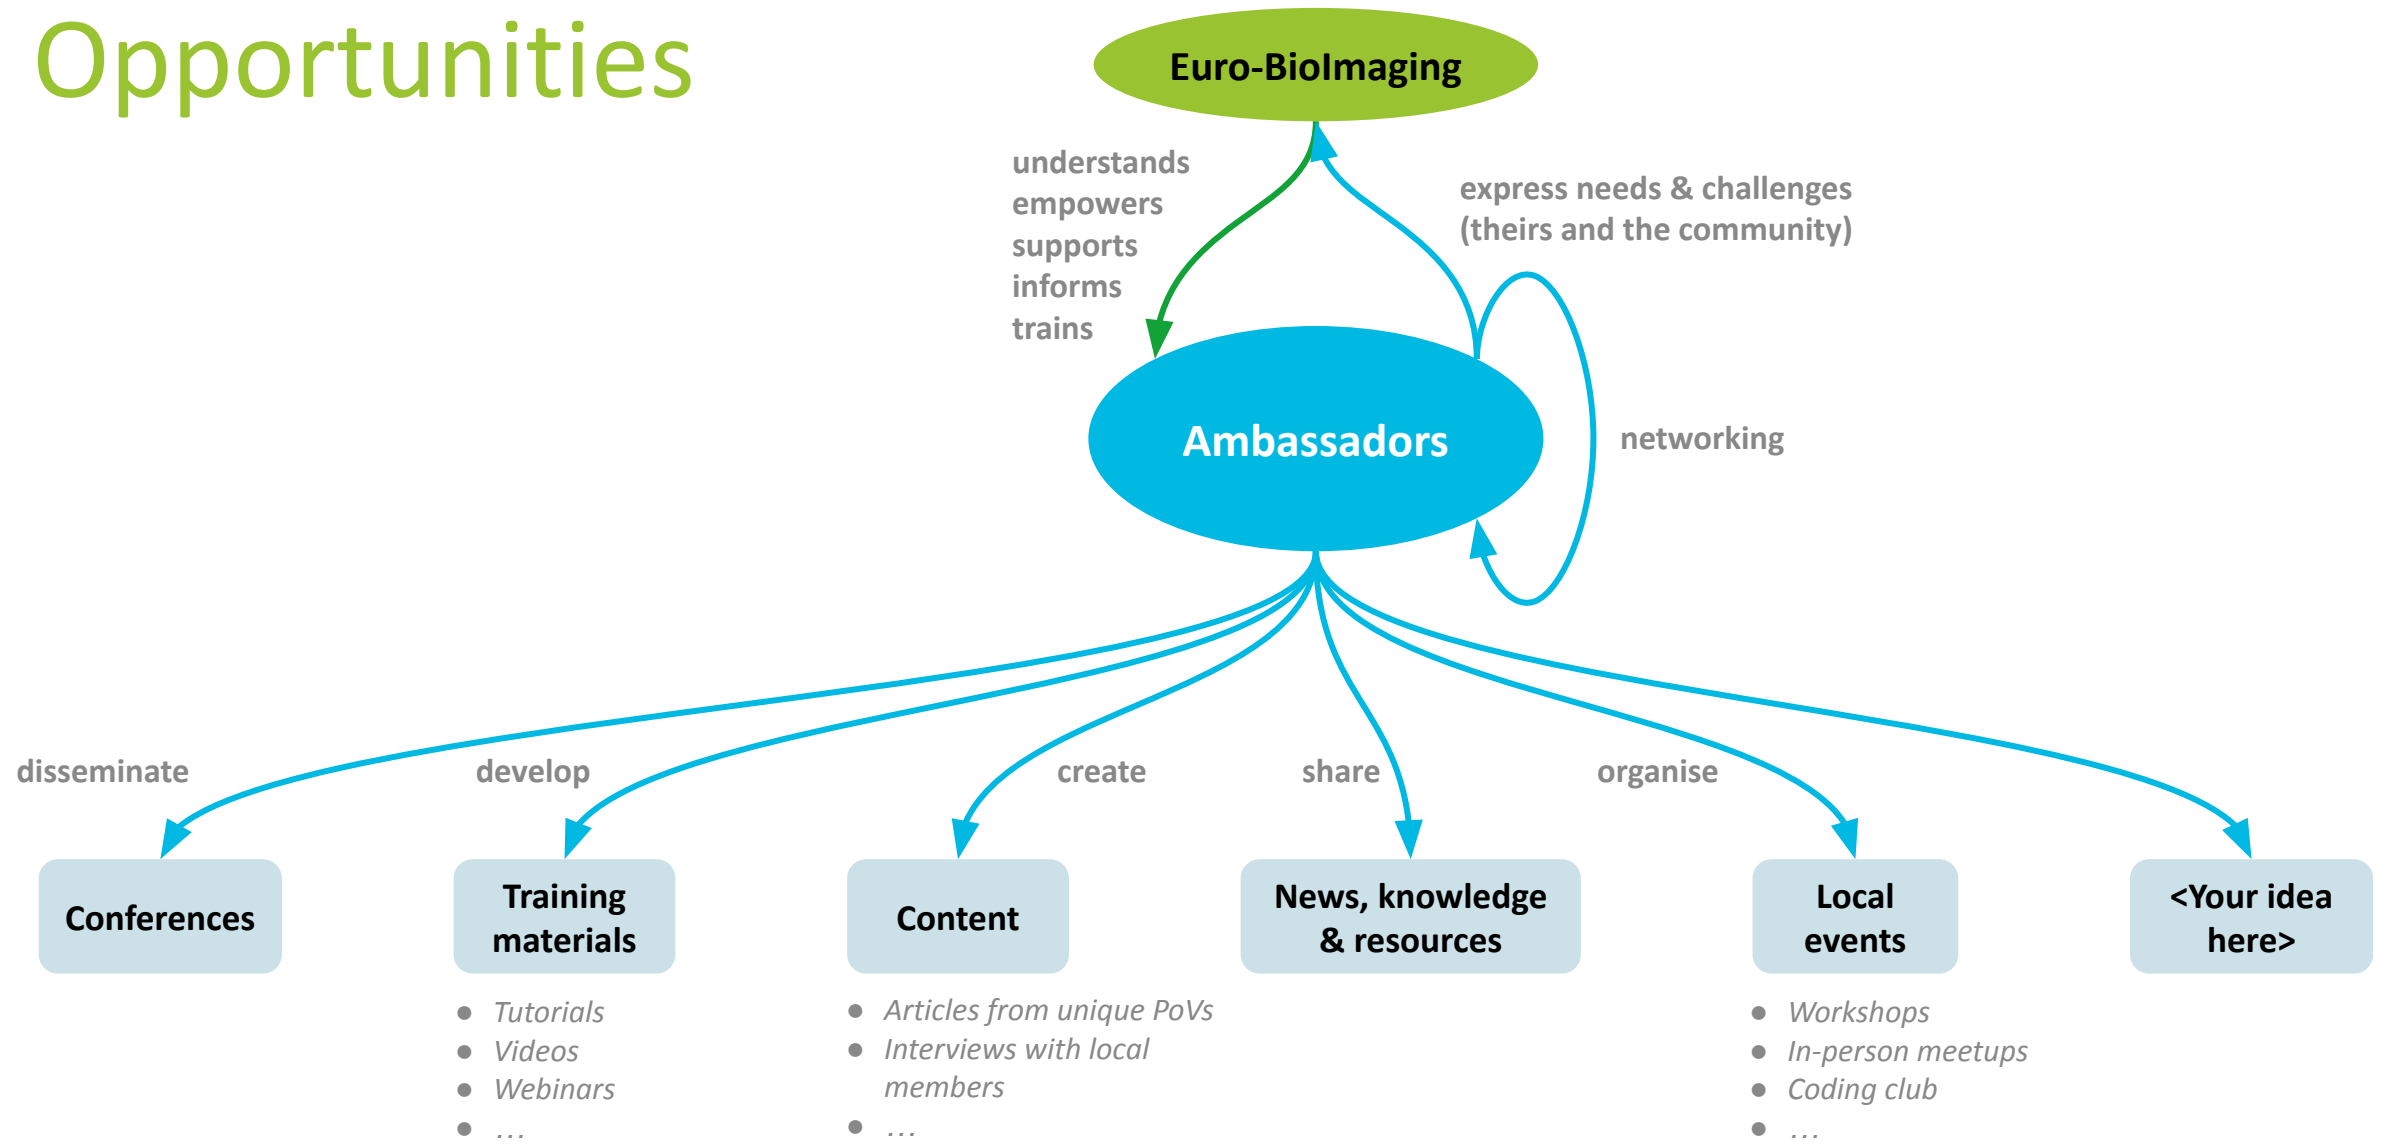

Engagement tools

Community Sketch

- A** Potential ambassador
- +** Audience that the ambassadors could reach

Opportunities

Euro-Biolmaging Potential Users

**Want to
be our
Scientific
Ambassador?**

Apply now!

TARGET AUDIENCE

- Early-career researchers
- But open to all!

HOW MANY AMBASSADORS?

- < 10

DURATION

- 6 months (March - September)

What's next

- Website section
- Potential support from Horizon Europe grant
- Launch 29th September 2023 - <https://www.eurobioimaging.eu/about-us/virtual-pub>
- Running in 2024 (March - September)
 - Training in February

Thank you!
