

Section 1: Identification	Description
Title	MYRIAD – Hazard Event Sets (MYRIAD-HES)
Date	22-8-2023
Date Type	CSV
Edition	V1
Abstract	A global multi-hazard event set database, spanning from 2004 to 2017.
Section 2: Point of Contact	Party responsible for the metadata information Function performed by the responsible party
Individual Name	Ir. Judith N. Claassen
Organization Name	Institute for Environmental Studies, Vrije Universiteit Amsterdam
Country	The Netherlands
Electronic Mail Address	j.n.claassen@vu.nl
Role	PhD Candidate
Section 3: Descriptive Keywords	
Keyword	multi-hazard events, disasters, extreme weather, geohazards
Country & Regions	Global
Use constraints	Multi-hazard event sets are based on hazard data availability. Not all historic hazard events between 2004 and 2017 will be present in this dataset.
Other constraints (Legal)	See <i>License</i>
Section 4: Topic and Language	
Language	English
Dataset character set	ISO/IEC 10646-1
Topic Category Code	Climatology / Meteorology / Atmosphere, Geoscientific information, Environment
Section 5: Temporal and Spatial Extent	
Begin Date	1-1-2004
End Date	31-12-2017
Section 6: Distribution Info	Location (address) for online access using a Uniform Resource Locator (URL) or similar addressing scheme
DOI (Zenodo)	10.5281/zenodo.8269680
Filename including extension	myriad-hes.csv
License	Creative Commons Attribution 4.0 International
Name of Action, Acronym and Grant Number	MYRIAD_EU, MYRIAD, 101003276 - as an EU (European Union) Horizon 2020 Project
Section 7: Reference System Info	Specific for GIS applicable data
Code (EPSG)	EPSG:4326
Section 9: Metadata Author	
Individual Name	Ir. Judith N. Claassen
Organization Name	Institute for Environmental Studies, Vrije Universiteit Amsterdam
ORCID ID	0009-0000-2979-1297
Manual or System Generated Metadata	Manual
