

CITIZEN SCIENCE AND PARTICIPATORY RESEARCH: DO YOU NEED HELP?

We can support you in the development and implementation of your citizen science and participatory research projects, engaging the right audience, and sharing your results with society!

With our help, YOU can:

Learn how to involve citizens in your research

Check out our website for relevant tools and resources to make it easier for you to involve citizens in your research.

Updated regularly, stay tuned:

Showcase your project on EU-Citizen.Science and TU Delft Citizen Science websites

Fill out the project info and we'll do the rest!

Acquire relevant skills, discover new projects and learn from peers' experiences

Do you want a better understanding of Citizen Science/participatory research?

Want to learn more about:

- Communication with citizens
- Funding
- Data collection and validation
- GDPR and data ownership, and
- Other projects?

Join the community and receive invitations to the lunch events, upcoming training or request the training your research group needs!

Design and carry out your project with our help

Schedule a chat with Tanya to see how we can help with your project application and implementation.
